*History Beyond the Text* Sarah Barber, Corinna Peniston-Bird, 2013-02-01 Historians are increasingly looking beyond the traditional and turning to visual oral aural and virtual sources to inform their work The challenges these sources pose require new skills of interpretation and require historians to consider alternative theoretical and practical approaches In order to help historians successfully move beyond traditional text Sarah Barber and Corinna Peniston Bird bring together chapters from historical specialists in the fields of fine art photography film oral history architecture virtual sources music cartoons landscape and material culture to explain why when and how these less traditional sources can be used Each chapter introduces the reader to the source suggests the methodological and theoretical questions historians should keep in mind when using it and provides case studies to illustrate best practice in analysis and interpretation Pulling these disparate sources together the introduction discusses the nature of historical sources and those factors which are unique to and shared by the sources covered throughout the book Taking examples from around the globe this collection of essays aims to inspire practitioners of history to expand their horizons and incorporate a wide variety of primary sources in their work

**The Broadview Book of Common Errors in English - Fifth Edition** Don LePan, 2003-04-17 The Broadview Book of Common Errors in English offers full coverage of such common mistakes as commas splices sentence fragments words frequently confused words frequently misspelled mixed metaphors and subject verb agreement errors In each case the problem is clearly explained with examples illustrating both the nature of the trouble and how to put it right Unlike many guides to grammar and usage The Broadview Book refrains from dogmatism it treats correctness in English not as an unchanging objective standard laden with moral overtones but rather as a code of convenience that is extraordinarily useful in helping humans to communicate effectively and even elegantly It thus retains an openness to the inevitable process of change in the English language and recognizes that change does not imply debasement The fifth edition has been updated throughout and includes new material on capitalization on the connections between clear writing and clear arguments on academic citation systems on business writing and on particular difficulties experienced by those whose first language is not English

**Native Performers in Wild West Shows** Linda Scarangella McNenly, 2012-10-29 Now that the West is no longer so wild it's easy to dismiss Buffalo Bill Cody's world famous Wild West shows as promoters of stereotypes and clichés But looking at this unique American genre from the Native American point of view provides thought provoking new perspectives Focusing on the experiences of Native performers and performances Linda Scarangella McNenly begins her examination of these spectacles with Buffalo Bill's 1880s pageants She then traces

the continuing performance of these acts still a feature of regional celebrations in both Canada and the United States and even at Euro Disney Drawing on interviews with contemporary performers and descendants of twentieth century performers McNenly elicits insider perspectives to suggest new interpretations of their performances and experiences she also uses these insights to analyze archival materials especially photographs Some Native performers saw Wild West shows not necessarily as demeaning but rather as opportunities for travel for employment for recognition and for the preservation and expression of important cultural traditions Other Native families were able to guide their own careers and even create their own Wild West shows Today Native performers at Buffalo Bill Days in Sheridan Wyoming wear their own regalia and choreograph their own performances Through dancing and music they express their own vision of a contemporary Native identity based on powwow cultures Proud of their skills and successes Native performers at Euro Disney are establishing promising careers The effects of colonialism are undeniable yet McNenly s study reveals how these Native peoples have adapted and re created Wild West shows to express their own identities and to advance their own goals

**Fragments of Truth** Naomi Angel,2022-08-15 In 2008 the Canadian government established a Truth and Reconciliation Commission TRC to review the history of the residential school system a brutal colonial project that killed and injured many Indigenous children and left a legacy of trauma and pain In *Fragments of Truth* Naomi Angel analyzes the visual culture of reconciliation and memory in relation to this complex and painful history In her analyses of archival photographs from the residential school system representations of the schools in popular media and literature and testimonies from TRC proceedings Angel traces how the TRC served as a mechanism through which memory trauma and visibility became apparent She shows how many Indigenous communities were able to use the TRC process as a way to claim agency over their memories of the schools Bringing to light the ongoing costs of transforming settler states into modern nations Angel demonstrates how the TRC offers a unique optic through which to survey the long history of colonial oppression of Canada s Indigenous populations

**Challenges in Nature-Culture and Environmental History Research** Jocelyn Thorpe, Stephanie Rutherford, L. Anders Sandberg, 2016-11-10 This book examines the challenges and possibilities of conducting cultural environmental history research today Disciplinary commitments certainly influence the questions scholars ask and the ways they seek out answers but some methodological challenges go beyond the boundaries of any one discipline The book examines how to account for the fact that humans are not the only actors in history yet dominate archival records how to attend to the non visual senses when traditional sources offer only a two dimensional non sensory version of the past how to decolonize research in and beyond the archives and how effectively to use sources and means of communication made available in the digital age This book will be a valuable resource for those interested in environmental history and politics sustainable development and historical geography *Environment and Empire* William Beinart, Lotte Hughes, 2007-10-11 European imperialism was extraordinarily far reaching a key global historical process of the last 500 years It locked disparate human societies together over a wider area than any previous imperial expansion it underpinned the repopulation of the Americas and Australasia it was the precursor of globalization as we now understand it Imperialism was inseparable from the history of global environmental change Metropolitan countries sought raw materials of all kinds from timber and furs to rubber and oil They established sugar plantations that transformed island ecologies Settlers introduced new methods of farming and displaced indigenous peoples Colonial cities many of which became great conurbations fundamentally changed relationships between people and nature Consumer cultures the internal combustion engine and pollution are now ubiquitous Environmental history deals with the reciprocal interaction between people and other elements in the natural world and this book illustrates the diverse environmental themes in the history of empire Initially concentrating on the material factors that shaped empire and environmental change *Environment and Empire* discusses the way in which British consumers and manufacturers sucked in resources that were gathered hunted fished mined and farmed Yet it is also clear that British settler and colonial states sought to regulate the use of natural resources as well as commodify them Conservation aimed to preserve resources by exclusion as in wildlife parks and forests and to guarantee efficient use of soil and water Exploring these linked themes of exploitation and conservation this study concludes with a focus on political reassertions by colonised peoples over natural resources In a post imperial age they have found a new voice reformulating ideas about nature landscape and heritage and challenging at a local and global level views of who has the right to regulate nature **Paddling Her Own Canoe** Veronica Strong-Boag, Carole Gerson, 2017-06-22 Frequently dismissed as a nature poet and an Indian Princess E Pauline Johnson 1861

1913 was not only an accomplished thinker and writer but a contentious and passionate personality who talked back to Euro Canadian culture *Paddling Her Own Canoe* is the only major scholarly study that examines Johnson's diverse roles as a First Nations champion, New Woman, serious writer and performer, and Canadian nationalist. A Native advocate of part Mohawk ancestry, Johnson was also an independent self-supporting unmarried woman during the period of first wave feminism. Her versatile writings range from extraordinarily erotic poetry to polemical statements about the rights of First Nations. Based on thorough research into archival and published sources, this volume probes the meaning of Johnson's energetic career and addresses the complexities of her social, racial, and cultural position. While situating Johnson in the context of turn of the century Canada, the authors also use current feminist and post-colonial perspectives to reframe her contribution. Included is the first full chronology ever compiled of Johnson's writing. *Pauline Johnson was an extraordinary woman who crossed the racial and gendered lines of her time and thereby confounded Canadian society. This study reclaims both her writings and her larger significance.*

*In/visible Sight* Angela Wanhalla, 2015-12-24 *In/visible Sight* is a fascinating exploration of a little known part of our history: the lives of part Māori, part Pākehā New Zealanders in the nineteenth century. Focussing on interracial intimacy between Ngāi Tahu and Pākehā settlers, it explores how intermarriage played a key role in shaping colonial encounters. As Ngāi Tahu sought to fight the alienation of their land and protect their natural resources, marriage practices and kinship networks became an increasingly important way to control interaction with Pākehā. The book also explores the contradictions and ambiguities of mixed descent lives, offering new insights into New Zealand's colonial past.

*Colonialism on the Prairies* Blanca Tovias, 2012-07-23 This book spans a century in the history of the Blackfoot First Nations of present day Montana and Alberta. It maps out specific ways in which Blackfoot culture persisted amid the drastic transformations of colonisation, with its concomitant forced assimilation, in both Canada and the United States. It portrays the strategies and tactics adopted by the Blackfoot in order to navigate political, cultural, and social change during the hard transition from traditional life ways to life on reserves and reservations. Cultural continuity is the thread that binds the four case studies presented, encompassing Blackfoot sacred beliefs and ritual dress practices, the transmission of knowledge, and the relationship between oral stories and contemporary fiction. Blackfoot voices emerge forcefully from the extensive array of primary and secondary sources consulted, resulting in an inclusive history wherein Blackfoot and non-Blackfoot scholarship enter into dialogue. Blanca Tovias combines historical research with literary criticism, a strategy that is justified by the interrelationship between Blackfoot history and the stories from their oral tradition. Chapters devoted to examining cultural continuity discuss the ways in which oral stories continue to inspire contemporary Native American fiction. This interdisciplinary study is a celebration of Blackfoot culture and knowledge that seeks to revalorise the past by documenting Blackfoot resistance and persistence across a wide spectrum of cultural practice. The volume is essential reading for all scholars working in the fields of Native American studies, colonial and postcolonial history, ethnology, and literature.

**Tracing Ochre** Fiona Polack, 2018-06-12 The supposed extinction of the Indigenous Beothuk people of Newfoundland in the early nineteenth century is a foundational moment in Canadian history. Increasingly under scrutiny, non-Indigenous perceptions of the Beothuk have had especially dire and far-reaching ramifications for contemporary Indigenous people in Newfoundland and Labrador. *Tracing Ochre* reassesses popular beliefs about the Beothuk, placing the group in global context. Fiona Polack and a diverse collection of contributors juxtapose the history of the Beothuk with the experiences of other Indigenous peoples outside of Canada, including those living in former British colonies as diverse as Tasmania, South Africa, and the islands of the Caribbean. Featuring contributions of Indigenous and non-Indigenous thinkers from a wide range of scholarly and community backgrounds, *Tracing Ochre* aims to definitively shift established perceptions of a people who were among the first to confront European colonialism in North America. *Holding Our World Together* Brenda J. Child, 2012-02-16 A groundbreaking exploration of the remarkable women in Native American communities. Too often ignored or underemphasized in favor of their male warrior counterparts, Native American women have played a more central role in guiding their nations than has ever been understood. Many Native communities were in fact organized around women's labor, the sanctity of mothers, and the wisdom of female elders. In this well-researched and deeply felt account of the Ojibwe of Lake Superior and the Mississippi River, Brenda J. Child details the ways in which women have shaped Native American life from the days of early trade with Europeans through the reservation era and beyond. The latest volume in the Penguin Library of American Indian History, *Holding Our World Together* illuminates the lives of women such as Madeleine Cadotte, who became a powerful mediator between her people and European fur traders, and Gertrude Buckanaga, whose postwar community activism in Minneapolis helped bring many Indian families out of poverty. Drawing on these stories and others, Child offers a powerful tribute to the many courageous women who sustained Native communities through the darkest challenges of the last three centuries. *Captive Selves, Captivating Others* Pauline Turner Strong, 2018-02-19 This book considers two key typifications within the Anglo-American captivity tradition: the Captive Self and the Captivating Other. It analyzes a hegemonic tradition of representation and illuminates the processes through which typifications are constructed, made authoritative, and transformed.
