Reynard, 2004-03-01 This unique and important directory incorporates some 3 200 entries It covers all types and sizes of museums galleries of paintings sculpture and photography and buildings and sites of particular historic interest It also provides an extensive index listing over 3 200 subjects The directory covers national collections and major buildings but also the more unusual less well known and local exhibits and sites The Directory of Museums Galleries and Buildings of Historic Interest in the United Kingdom is an indispensable reference source for any library an ideal companion for researcher and enthusiast alike and an essential purchase for anyone with an interest in the cultural and historical collections of the UK Features include Alphabetically listed entries which are also indexed by subject for ease of reference Entries include the name and address of the organization telephone and fax numbers email and internet addresses a point of contact times of opening and facilities for visitors A breakdown of the collections held by each organization giving a broad overview of the main collection as a whole Details of special collections are provided and include the period covered as well as the number of items held **Automobile Heritage and Tourism** Michael V. Conlin, Lee Jolliffe, 2016-12-01 Automobile heritage encompasses a complex range of artefacts and activities Beyond just historic vehicles which are the primary artefacts of this niche it also includes communities of collectors and enthusiasts private owners and public institutions as well as historic motoring environments literally thousands of museums exhibitions and car shows throughout the world and a range of paraphernalia that includes both original and replicated promotional materials equipment and parts and guide books Although automobile heritage has been the subject of some limited research Automobile Heritage and Tourism is

unique in examining its scope and role within tourism The book looks at a vast array of topics from the experience of using and collecting old cars related destination development automobile heritage and museums to events such as vintage automobile racing promotion and social change It thereby provides a thorough review of the impacts of automobile heritage on tourism A number of theories provide a framework and are analysed throughout including those related to the collection display exhibition and use of historic automobiles The title takes a global and interdisciplinary view of the subject with international contributions from both established and emerging scholars in the field This book adds to the industrial heritage tourism literature and will appeal to a diverse audience in particular those in the fields of cultural heritage and industrial heritage tourism but also practitioners involved with the planning restoration exhibition and management of automobile heritage attractions and events

Making Histories in Transport Museums Colin Divall, Andrew Scott, 2001-11-01 This book is the first in 30 years to take transport museums seriously as vehicles for the making of public histories Drawing upon many years experience of visiting and working in transport museums around the world the authors argue that the sector's historical roots are more complex than is usually thought Written from a multidisciplinary perspective but firmly rooted in the practice of making public histories this book brings the study of transport museums firmly into the mainstream of academic and professional debate

The Routledge Companion to Automobile Heritage, Culture, and Preservation Barry L. Stiefel, Jennifer Clark, 2019-12-06 The Routledge Companion to Automobile Heritage Culture and Preservation explores automotive heritage its place in society and the ways we might preserve and conserve it Drawing on contributions from academics and practitioners around the world and comprising six sections this volume carries the heritage discourse forward by exploring the complex and sometimes intricate place of automobiles within society Taken as a whole this book helps to shape how we think about automobile heritage and considers how that heritage explores a range of cultural intellectual emotional and material elements well outside of the automobile body itself Most importantly perhaps it questions how we might better acknowledge the importance of automotive heritage now and in the future The Routledge Companion to Automobile Heritage Culture and Preservation is unique in that it juxtaposes theory with practice academic approaches with practical experience and recognizes that issues of preservation and conservation belong in a broad context As such this volume should be essential reading for both academics and practitioners with an interest in automobiles cultural heritage and preservation

Dudley,2012 This collection of essays explores the stories that can be told by and about objects and those who choose to collect them Examining collecting in different historical social and institutional contexts the authors consider the meanings and values with which objects are

imputed and the processes and implications of collecting British Microcars 1947-2002 Duncan Cameron, 2018-06-28

From the 1940s to the 1960s the microcar posed a challenge to the large companies that mass produced cars to uniform designs. The microcar was the opposite produced by small entrepreneurial start ups using quirky design concepts that offered motorists cheaper and more economical vehicles. This book is a beautifully illustrated history of the British microcar from the early days of Bond and Reliant to the proliferation of micro marques during the 1950s and their demise during the 1960s. It explores many eccentric British concepts comparing the cars to their influential European competitors examining the social and economic reasons for the decline and disappearance of the microcar but also saluting the signs of a microcar renaissance in the twenty first century this time from mainstream manufacturers

British Cultural Identities Mike Storry, Peter Childs, 2022-08-31

The sixth edition of *British Cultural Identities* assesses the degree to which being British impinges on the identity of the many people who belong to contemporary Britain. Twenty first century British identity is analysed through the various and changing ways in which people who live in the UK position themselves and are positioned by their culture. Using examples from contemporary and popular culture each chapter covers one of eight intersecting themes including places and peoples, education, work and leisure, gender, sex and the family, youth culture and style, class and politics, ethnicity and language, religion and heritage. This new edition is fully updated to include the latest information on Britain in the 2020s. It explains the influences that shape British identities and outlines the important current debates stemming from cultural, social and political change. Considering contemporary touchstones and recent national statistics the contributors place modern British life in the context of the activities, events and society found in the UK across recent decades. The book is the perfect introductory text for students of contemporary British society containing photographs, tables, timelines, discussion questions, cultural examples and suggestions for further resources at the end of each chapter
