

PLAYGROUND PROBLEM SOLVING

Esqueda students are taught simple problem solving strategies to help them solve playground problems on their own. This method should be discussed and even used at home for reinforcement. The method is called Walk, Talk, or Rock.

Walk

If a student does not agree with a situation, the student can just walk away and play somewhere else.

Talk

The children having the dispute will step out of the way and try to reach an agreeable decision that they are both happy with (a win/win situation).

Rock

Many playground situations can be solved by playing a single game of paper, scissors, rock. Arguments such as who got to the ball, court, drinking fountain, line, etc. first can be solved using this method. This method can also be used if the judge did not see what happened in a game.

Reminders: No chasing, no play fighting

Rocks, balls or anything else should not be thrown out of the yard, at any building or person!

No climbing on trees or fences.

All personal sports items or games are to be kept at home

Have fun, be safe and be kind.
