REVIEWS I got this yesterday

and have started the study and have to say it's quite brilliant I've read cards of one form or another for 20 years after learning initially from the Joe Ridgway course but for various reasons I was looking for something to help me sharpen my skills and this more than does the trick For anyone who might feel that they'd rather this was on tarot I think it's worth pointing out that when I started doing readings many moons ago a number of clients would tell me of this mystical sounding old man who read from ordinary cards It was clear that the impression given to these women was that reading ordinary cards was somehow more skillful and impressive than tarot cards I guess the pictures on the cards might make it obvious to some astute clients that there are highly visible cues on the cards Playing card readings rock and playing cards predate tarot and are thus in my book purer and more mysterious than tarot David Numen I purchased this ebook What a great system Always in the easily understood clear writing format you'd expect from Julian This is of a quality you would expect to find in a book store I have in the past purchased Julian's James Bond Cold Reading book and his Palm Reading book For me this is one of the best I find I am more in tune with numbers than the others I always have a deck of cards and certainly the places I frequent there are cards as well The fact that you can use a few cards a few more to create a simple or more complex reading is terrific Make it as long or short as you'd like Julian's audio book available for free from his site is also top notch Lots of valuable audio files to use while driving or sitting in a Doctor's office Certainly worth the asking price If you have any of Julian's other offerings you know what I mean If you don't have any of Julian's other offerings don't hesitate His metaphors and memory links make sense and they work John Cesta OTHER KINDLE BOOKS IN THE SPEED LEARNING SERIES BY JULIAN MOORE Speed Learning Graphology The Art Of Handwriting Analysis Speed Learning The James Bond Cold Reading Speed Learning Palmistry Palm Readings In Your Own Words     **Fortune Telling with Playing Cards** Jonathan Dee,2018 Previously published as Simply Fortune Telling with Playing Cards There is a certain romance attached to playing cards from the riverboat gamblers on the Mississippi to genteel parlor games and the current popular surge in poker tournaments How many of us while away our bored moments with a game of solitaire This user friendly guide will show you how to turn an ordinary deck of cards into a fun and simple tool for telling the future Learn the past present and future with a regular deck of playing cards no trivia no special talents no psychic ability If you can read this you can learn fortune telling with a regular deck of cards The author explains the meaning of each of the 52 cards in the deck plus the Joker presents several layouts for general readings and answers specific questions     **Let's Try Cartomancy** Ann J. Clark,2018-07-23 If you're curious about the art of playing card divination all you need is a deck of normal playing cards and the information in this short taster guide We have included a variety of examples in the Spreads sections ranging from simple yes no readings to full tarot style spreads that allow you to unravel knotty problems or forecast the week or year ahead You will find a selection of the most common card meanings in the Interpretations chapter as well as tips to combine cards and interpret patterns to find deeper nuance and spark your intuition The basic skills provided should give you a useful foundation if you want to progress in your
