Plays At Home And Abroad:

Plays Norman Beim, 1996 **Plays by A. W. Pinero** Arthur Wing Pinero, 1986-04-17 This volume contains four plays by the leading late Victorian and Edwardian playwright Arthur Wing Pinero 1855 1934 It provides a representative sample of the work of a writer who far outshone his rivals including both Wilde and Shaw in his own day and inspired such successors as Somerset Maugham and Terence Rattigan in the genre of the wellmade play and Ben Travers in the writing of farce The plays are *The Schoolmistress* 1866 one of the famous Court farces *The Second Mrs Tanqueray* 1893 the best known of all the plays about a woman with a past *Trelawny of the Wells* 1898 a much loved backstage romance and *The Thunderbolt* 1908 a pioneering social drama Two of the plays *The Schoolmistress* and *The Thunderbolt* are not available in print elsewhere This scholarly edition includes an introduction a biographical account a full list of Pinero's plays in performance and publication and several important appendixes including an alternative ending to *The Schoolmistress* and significant variants in the text of *The Second Mrs Tanqueray* **The Queen's Men and Their Plays** Scott McMillin, Sally-Beth MacLean, 1998-05-28 This is the first book devoted to the Queen's Men one of the major acting companies of the age of Shakespeare In describing the troupe's position in the general political situation and the London theatre scene of the 1580s the authors break new ground by showing how Elizabethan theatre history can be refocused by concentrating on the company which produced the plays rather than on the authors who wrote them The book combines a thorough examination of documentary evidence with textual and critical analysis to provide a full account of the characteristics which gave the company its identity its acting style staging methods touring patterns and repertoire The conclusions will interest Elizabethan historians as well as students and scholars of early modern theatre **The Play World** Patricia Anne Simpson, 2020-09-21 *The Play World* chronicles the history and evolution of the concept of play as a universal part of childhood Examining texts and toys coming out of Europe between 1631 and 1914 Patricia Anne Simpson argues that German material literary and pedagogical cultures were central to the construction of the modern ideas and realities of play and childhood in the transatlantic world With attention to the details of toy manufacturing and marketing Simpson considers prescriptive texts about how children should play treat their possessions and experience adventure in the scientific exploration of distant geographies She illuminates the role of toys among them a mechanical guillotine yo-yos hybridized dolls and circus figures as agents of history Using an interdisciplinary approach that draws from postcolonial childhood and migration studies she makes the case that these texts and toys transfer the world of play into a space in which model childhoods are imagined and enacted as German With chapters on the Protestant play ethic enlightened parenting Goethe as an advocate of play colonial fantasies children's almanacs ethnographic play and an empire of toys Simpson's argument follows a compelling path toward understanding the reproduction of religious gendered ethnic racial national and imperial identities emanating from German speaking Europe that collectively construct a global imaginary This foundational and deeply original study connects German speaking

communities across the Atlantic as they collectively engender the epistemology of the play world It will be of particular interest to German studies scholars whose research crosses the Atlantic

contribution to theories of play demonstrates its immense value and fundamental importance to human existence Relating Fink s work to that of his contemporaries and predecessors like Husserl Heidegger Schiller Gadamer Nietzsche and Sartre shows the range and importance of his ideas to modern European thought The Phenomenology of Play also features newly translated material including notes from conversations between Fink and Heidegger and Fink s own essay Mask and Cothurnus on ancient theatre which shed new light on his philosophical enquiries

King Henry V William Shakespeare, 1992-08-20 This new edition of Shakespeare s most celebrated war play points to the many inconsistencies in the presentation of Henry V Andrew Gurr s substantial introduction explains the play as a reaction to the decade of war which preceded its writing and analyses the play s double vision of Henry as both military hero and self seeking individual Professor Gurr shows how the patriotic declarations of the Chorus are contradicted by the play s action He places the play s more controversial sequences in the context of Elizabethan thought in particular the studies of the laws and morality of war written in the years before Henry V He also studies the variety of language and dialect in the play The appendices summarise Shakespeare s debt to his dramatic and historical sources while the stage history shows how subsequent centuries have received and adapted the play on the stage and in film
