## **Pleasing Myself From Beowulf To Philip Roth:**

**Pleasing Myself** Frank Kermode, 2013-08-20 Sir Frank Kermode is acknowledged as one of the greatest critics of our time renowned for the wit humanity and good sense of his writing *Pleasing Myself* brings together the very best of his shorter pieces on topics ranging from Donne and Yeats to modern art and money      Philip Roth and the Body Joshua Lander, 2024-11-14 To what extent can the leaky porous bodies in Philip Roth's fiction be read as symbols of resistance against anti-Semitism white supremacy and racism Philip Roth and the Body questions the symbolic functionality of the corporeal in Roth's main works of fiction particularly as sites of gender and racial identification for Roth's protagonists In his recurrent employment of the abject Roth throws into doubt the body as a coherent stable entity undermining his male characters' determinations of gendered and racial otherness through his porously unstable bodies Joshua Lander draws on the work of Zygmunt Bauman and his theory of the conceptual Jew to argue that Roth's fiction is yoked together by a shared interest in how anti-Semitic stereotypes of Jewish difference centered around the body pervasively inform American Jewish identities The book also contends that Roth resists American white nationalism by transforming the body's ejaculations excretions secretions and expulsions into symbols of difference that he repeatedly ties to Jewishness At the same time this study highlights how Roth's novels through his focus on Jewish men risk the reification of America's sexist social structures as they intersect with the very racism Roth seeks to undermine Philip Roth and the Body's examination of how bodies in Roth's fiction are entities troubled within his prose renews conversations about whose bodies matter both in Roth studies and in the context of America's racial and social politics      **Critical Forms** Ross Wilson, 2023 *Critical Forms* is an account of the generic forms in which literary criticism has been undertaken It examines literary criticism from around 1750 to the present and examines prefaces selections and anthologies reviews lectures dialogues letters and life writing      *Up Society's Ass, Copper* Mark Shechner, 2003 The culmination of 30 years of writing about Philip Roth This collection of essays reviews fulminations and daydreams combines first impressions with conclusions that have been percolating for decades the record of a restless reader coming to terms with a turbulent and mercurial writer      *Anti-Sport Sentiments in Literature* John Bale, 2007-11-05 This book draws on literature specifically on the writings of selected novelists and poets to widen an existing anti-sport discourse to include hitherto excluded voices from the world of literature The book commences with a review of exiting pro and anti-sport discourses and then proceeds to examine in turn the written works of five eminent authors excavating from their writings their anti-sports rhetorics These writers are Lewis Carroll Charles Dodgson Charles Hamilton Sorley Jerome K Jerome John Betjeman and Alan Sillitoe In its conclusion the book draws together the broad themes discussed in the preceding chapters Innovative in its approach to sport and literature and remarkable for its not having been previously explored in any depth this book will be of interest to readers from both social sciences and humanities backgrounds      Translating Beowulf: Modern Versions in English Verse Hugh Magennis, 2015 Translations of the Old

M. Forster** Frank Kermode, 2024-05-01 A major reassessment of the great English novelist This impressive new book by the celebrated British critic Frank Kermode examines hitherto neglected aspects of the novelist E M Forster's life and work Kermode is interested to see how it was that this apparently shy reclusive man should have claimed and kept such a central position in the English writing of his time even though for decades he composed no fiction and he was not close to any of his great contemporaries Henry James Ford Madox Ford Joseph Conrad James Joyce Concerning E M Forster has at its core the Clark Lectures that Kermode gave at Cambridge University in 2007 on the subject of Forster eighty years after Forster himself gave those lectures which became Aspects of the Novel Kermode reappraised the influence and meaning of that great work assessed the significance of Forster's profound musicality Britten thought him the most musical of all writers and offered a brilliant interpretation of Forster's greatest work A Passage to India But there is more to Concerning E M Forster than that Thinking about Forster vis vis other great modern writers noting his interest in Proust and Gide and his lack of curiosity about American fiction and observing that Forster was closest to the people who shared not his literary interests or artistic vocation but rather his homosexuality Kermode's book offers a wise original and persuasive new portrait not just of Forster but of twentieth century English letters
