and Other Lost Plays presents three of the rarest of Dunsany's plays two of them never before published The Ginger Cat is a brilliant comedy about a seemingly foolish man who takes only laughter seriously The Murderers is a crime melodrama with a surprising twist Mr Faithful is another comedy the uproarious adventures of a young man willing to literally live a dog's life in order to marry the woman he loves     [Starcombing](#) David Langford,2009-05-01 Starcombing contains eighty five newly collected pieces of David Langford's witty commentary on the SF fantasy scene columns articles reviews essays even a few short short stories from the famous Futures page in Nature Compulsive reading crammed with insights and laughs     [Lord Dunsany, H.P. Lovecraft, and Ray Bradbury](#) William F. Touponce,2013-10-10 In his classic study Supernatural Horror in Literature H P Lovecraft discusses the emergence of what he called spectral literature literature that involves the gothic themes of the supernatural found in the past but also considers modern society and humanity Beyond indicating how authors of such works derived pleasure from a sense of cosmic atmosphere Lovecraft did not elaborate on what he meant by the term spectral as a form of haunted literature concerned with modernity In Lord Dunsany H P Lovecraft and Ray Bradbury Spectral Journeys William F Touponce examines what these three masters of weird fiction reveal about modernity and the condition of being modern in their tales In this study Touponce confirms that these three authors viewed storytelling as a kind of journey into the spectral Furthermore he explains how each identifies modernity with capitalism in various ways and shows a concern with surpassing the limits of realism which they see as tied to the representation of bourgeois society The collected writings of Lord Dunsany H P Lovecraft and Ray Bradbury span the length of the tumultuous twentieth century with hundreds of stories By comparing these authors Touponce also traces the development of supernatural fiction since the early 1900s Reading about how these works were tied to various stages of capitalism one can see the connection between supernatural literature and society This study will appeal to fans of the three authors discussed here as well as to scholars and others interested in the connection between literature and society criticism of supernatural fiction the nature of storytelling and the meaning and experience of modernity     [Etape](#) Richard Moore,2014-06-18 What if all the best Tour stages happened in one race In Etape critically acclaimed author Richard Moore weaves first person interviews with cycling's great riders to assemble a dream team of the best Tour de France stages in modern history Featuring exclusive interviews with the Tour's legends and scoundrels about their best ever day on the bike and their most heartbreaking defeats Moore unravels lingering mysteries and recounts strange tales from 20 great stages of the Tour LeMond's impossible return from near death Schleck's primal scream atop the Galibier Merckx's self described toughest Tour Cav's mind bending victory in Aubenas Hinault's hellish battle with Fignon Etape assembles the greatest days of modern Tour history into a Tour de France of incredible victory glorious failure shocking revelation and beautiful memories In the words of those who were there Etape recreates each day vividly and reveals the beauty and the madness of cycling's greatest race     **Rare Book Review** ,2005-02     **The Mammoth Book of Best New Horror** Stephen Jones,Ramsey Campbell,2004     [Funworld](#) ,2006     **The Publishers**

**Weekly** ,2003      **Disneyfying Ile De France?** Anne-Marie d’Hauteserre,2020-11-17 The book captures the history as well as the meaning and the value of the on going partnership between the French state and the Walt Disney Company remembering that it involved from the start more than a tourism project It examines how the combined aspirations of the French state and the American Company transformed Val d Europe as the sole potential location in Europe for the Company s theme parks while allowing the state to retain its egalitarian ideals Most critics believed the French state had caved into every demand of the Company No one ever mentioned profits of the state that it would then invest to support other projects The first part of the book investigates the encounter between the partners and the reasons why a welfarist state encouraged penetration by a capitalist enterprise alongside the Company s reasoning The second section reveals the continued cooperation between the two entities in the management of the urbanization of Val d Europe from the opening of the first Park and the start of a new major tourism development in spite of criticisms and fluctuating attendance in the parks The third part highlights more recent actions of the partners to create a formidable urban tourism pole that will attract ever more visitors while still critically examining their effectiveness and sustainability
