Question

What do you think will happen to cold water when it is poured into a bowl of warm water?

The cold water will _____

- A** float on top of the warm water
- B** mix into the warm water
- C** sink under the warm water
- D** form an ice cube

Procedure and Observations

1. If you hold your thumb over the opening of the bottle of cold-colored water, turn the bottle on its side, and lower it into the bowl of warm water. Release your thumb. What do you observe?

2. What did the cold water end up?

Conclusion

How can you explain what happened to the cold water in the bowl?

On the back of this sheet, draw a picture showing what happened in your experiment. Label your drawing and write a sentence that describes what it is showing.
