Plum Tree:

The Trees of America Daniel Jay Browne, 1846 *The Culture of Fengshui in Korea* Hong-key Yoon, 2006-01-01 Hong Key Yoon's book explores the nature of geomantic principles fengshui and the culture of practicing them in Korean cultural contexts. He clearly analyzes the nature and historical background of geomancy, the principles for selecting auspicious sites, and provides an extensive interpretation of geomantic principles as practiced in Korea. The impacts of geomancy on traditional cartography, religion, urban development, and finally iconographical warfare are all discussed in great detail.

The Trees of America, Native and Foreign Daniel Jay Browne, 1857 **Short Essays of the Ming and Qing Dynasties** Wang Hong, 2013-01-01 The late Ming Dynasty 1572-1644 and the early Qing Dynasty 1644-1722 saw the true splendour of short essays in China. No other period in the history of short essays in ancient China can match them in the quality and number of works, literary schools, or the variety of styles. Compared with those written before or after, the short essays in these periods were richer in the choice of topics and freer in form, focusing not only on real social life but also on worldly experience and life's little delights. They are a rich and vital part of China's literary and cultural heritage. The 127 short essays in this wonderful book are considered to be the very best examples from an era of China's history that's synonymous with beautifully crafted short essays: 82 essays are from the Ming Dynasty and 45 essays are from the Qing Dynasty, written by more than a hundred different Chinese authors from both dynasties. These are arranged in the order of the authors' birth dates and tenderly translated into English by leading Chinese translators Wang Hong and Zhang Shunsheng, who have faithfully represented the styles and literary achievements made by the featured essayists. It's a wonderful book that will delight fans of classic Chinese short essays as well as providing the perfect introduction to readers new to the genre. Professor Wang Hong is a prolific and accomplished translator of ancient Chinese classics. Many of his translations have been included in the Library of Chinese Classics, such as *Mozi*, *Brush Talks from Dream Brook*, also publishing by Paths International. *The Discourses of the States* and *The Classic of Mountains and Seas*. This is the first ever English language version of *The Short Essays of the Ming and Qing Dynasties* to be published either inside or outside of China.
