York Times bestselling author Mark Nepo turns his attention to the value of community offering another insightful and inspiring take on our shared human experience *You Don't Have to Do It Alone* is an earnest exploration and joyous affirmation of one of the most important aspects of being human friendship Sharing examples from history mythology and his own life Mark unravels the nuances of close friendships and reveals how a true friend can be the key to our own aliveness because only in the presence of unconditional love can we feel safe enough to be who we truly are Journal prompts and thought provoking quotes from notable philosophers enhance Mark's reflections providing readers with the tools necessary to understand and cultivate the friendships in their own lives Mark Nepo explores all that it takes to love another and be loved ultimately showing that despite what we've been taught you don't have to do it alone *Collected Poems* James Wright, 1971-05 A collection of authentic profound and beautiful poems *Collected Poems* Galway Kinnell, 2017-12-05 The essential collection by the Pulitzer Prize and National Book Award winner who was one of the true master poets of his generation The New York Times In the words of Galway Kinnell it is the poet's job to figure out what's happening within oneself to figure out the connection between the self and the world and to get it down in words that have a lasting shape that have a chance of lasting With this deeply probing and restlessly curious sensibility Kinnell spends decades producing some of American poetry's most beloved and revered works This comprehensive volume includes Kinnell's expansive poem of immigrant life on the Lower East Side of New York *The Avenue Bearing the Initial of Christ into the New World* his incantatory book length poem *The Book of Nightmares* and a searing evocation of Hiroshima in *The Fundamental Project of Technology* It covers the iconic themes of Kinnell's middle years eros family and the natural world in works such as *After Making Love We Hear Footsteps* *The Bear* *Saint Francis and the Sow* and *Blackberry Eating* And includes the unflinchingly introspective work of his later years Spanning six decades this is the essential collection for old and new devotees of Galway Kinnell a poet of the rarest ability who can flesh out music raise the spirits and break the heart Boston Globe *Imagining Exile in Heian Japan* Jonathan Stockdale, 2015-02-28 For over three hundred years during the Heian period 794-1185 execution was customarily abolished in favor of banishment During the same period exile emerged widely as a concern within literature and legend in poetry and diaries and in the cultic imagination as expressed in oracles and revelations While exile was thus one sanction available to the state it was also something more a powerful trope through which members of court society imagined the banishment of gods and heavenly beings of legendary and literary characters and of historical figures some transformed into spirits This compelling and well researched volume is the first in English to explore the rich resonance of exile in the cultural life of the Japanese court Rejecting the notion that such narratives merely reflect a timeless literary archetype Jonathan Stockdale shows instead that in every case narratives of exile emerged from particular historical circumstances moments in which elites in the capital sought to reveal and to re-imagine their world and the circulation of power within it By exploring the relationship of banishment to the structures of inclusion and exclusion upon which Heian

court society rested Stockdale moves beyond the historiographical discussion of center and margin to offer instead a theory of exile itself Stockdale's arguments are situated in astute and careful readings of Heian sources His analysis of a literary narrative the Tale of the Bamboo Cutter for example shows how Kaguyahime's exile from the Capital of the Moon to earth implicitly portrays the world of the Heian court as a polluted periphery His exploration of one of the most well known historical instances of banishment that of Sugawara Michizane illustrates how the political sanction of exile could be met with a religious rejoinder through which an exiled noble is reinstated in divine form first as a vengeful spirit and then as a deity worshipped at the highest levels of court society Imagining Exile in Heian Japan is a model of interdisciplinary scholarship that will appeal to anyone interested in the interwoven connections among the literature politics law and religion of early and classical Japan

The Secret Sayings of Ye Su Jay G. Williams, 2004-12 The Secret Sayings of Ye Su A Silk Road Gospel provides a translation of introduction to and commentary upon an extraordinary previously unknown manuscript This Christian gospel though written in koine Greek was obviously influenced by both Buddhist and Daoist ideas and probably derives from Tang dynasty China 8th or 9th century The account of how the manuscript emerged in 1994 and how it came to be translated by Dr Jay G Williams is in itself quite fascinating The author also describes the nature of the text and why he thinks it should be placed in the Tang dynasty period He provides a concise introduction not only to the history of Buddhism and the indigenous religions of China during this period but also to the Religion of Light a form of Christianity that entered China in 638 A D The work ends with a line by line commentary on each of the seventy two verses of this gospel Although undoubtedly ancient the work seems amazingly contemporary in its ideas offering a unique and quite radical vision of Ye Su Jesus and his teachings Neither orthodox nor gnostic The Secret Sayings
