Nikolas K. Gvosdev, Christopher Marsh

Russian Imperialism Development And Crisis:

Russian Imperialism Ariel Cohen, 1996-08-23 The fall of the Soviet Union was one of the most dramatic events of this century It was also one of the most surprising Evidence of the USSR's impending fall was abundantly available both in theory in the writings on empires and on the ground Yet prior to its downfall the very profession that specialized in the study of the Soviet Union held no consensus that the USSR was an empire to begin with Perhaps because many Sovietologists neglected its status as an empire most Americans were taken completely by surprise when the USSR began its precipitous collapse under Mikhail Gorbachev This book subjects the Soviet Union as an empire to systematic scrutiny using tools and methods at the disposal of modern political science Foreign policy specialists defense experts and Russian area analysts will find this book essential The book is also recommended for undergraduate and graduate courses in Russian and Soviet history and the study of empires [Russia's Bitter Path to Modernity](#) Alexander Chubarov, 2001-01-01 Will it follow the model of the

Western capitalist democracies as those who applied the economic shock therapy of the early 90s hoped or will it chose its own distinct path of development In this history of Russia from 1917 to the present Alexander Chubarov teases out certain themes developed in his previous book on tsarist Russia The Fragile Empire One of the key factors to Russia's distinctiveness is its halfway location in the center of the Eurasian landmass This lends an inevitability to the traditional cultural schism between Westernizing reformers and Slavophiles Neither approach says Chubarov will work on its own Chubarov offers a balanced view abstaining from narrow ideologically biased assessments and examines the triumphs yes and failures of Russia's Soviet development within Russia's own cultural and historical context Without ever minimizing the brutalities of the Soviet period the state terror the collectivizations the labor camps the deportations of whole peoples Chubarov demonstrates much continuity between tsarist and Soviet Russia with the latter often repeating the former's mistakes Russia says Chubarov cannot turn its back on its Soviet experience Far from being a blind alley or aberrant phase the Soviet period was an organic part of Russia history and was largely successful in turning Russia and most of the other Soviet republics into modern states

Democracy, Federalism, the European Revolution, and Global Governance Andrea Bosco, 2020-06-10 The European Union is facing today the greatest crisis since its creation Brexit could mean not only the reversal of its steady enlargement from 6 to 28 member states but also the beginning of an inexorable decline leading to its disintegration However few today seem to recollect that it was precisely the British who were the first to promulgate the political culture which inspired the European Union's construction democracy and federalism and the first who tried to realise in June 1940 a European federation on the basis of an Anglo French union This volume traces the fundamental stages of the European unification process placing it in relation to the wider process of world economic and political integration In particular it analyses the historical significance of the European Revolution which is identified in the overcoming of the nation state namely the modern political formula which institutionalised the political division of mankind and the birth of the first truly

international state The universal historical significance of the European Revolution lies in its exportability as for the other great European revolutions and therefore its potential as progressively extensible to all the states of the planet Europe was indeed the first region of the world where the barriers between national states fell and a post national political identity emerged complementary to national political identities It is in fact in the context of the European Union that democracy beyond the borders of the nation state has first been realized constituting a guiding principle for global governance

International Strategic Relations And China's National Security: Volume 1 PLA National Defense University China, 2015-07-09 The international strategic relations have been undergoing great turbulence readjustment and reformation since the financial crisis in 2008 This round of transition is mainly driven by economic competition instead of wars International competition crises and collisions will ebb and flow and happen frequently in the foreseeable future but will not break through the international political framework based on cooperation However these crises collisions and even wars will have disturbing effects on the political framework for international cooperation and will change and distort the patterns of international cooperation This annual publication provides Chinese scholars views opinions and predictions on global political and security issues and China's strategic choices It covers almost all the significant issues in the international security arena It evaluates the strategic influence of regional issues such as the Ukraine crisis the crisis in the Middle East the South China Sea disputes and the US Asia Europe strategic balance It analyzes strategic trends of international organizations like the BRICS the SCO and the ASEAN It studies strategic development of countries and regions like Japan India the Korean Peninsula Africa Taiwan and cross Strait relations It researches the strategic situations in the cyber space and the outer space and sums up the reform and development of China's national security system Black Wind, White Snow Charles Clover, 2022-01-01 A fascinating study of the motivations behind the political activities and philosophies of Putin's government in Russia Part intellectual history part portrait gallery Black Wind White Snow traces the background to Putin's ideas with verve and clarity Geoffrey Hosking Financial Times Required reading This is a vivid panoramic history of bad ideas chasing the metastasis of the doctrine known as Eurasianism Reading Charles Clover will help you understand the world of lies and delusions that is Eurasia Ben Judah Standpoint A powerful strain of Russian nationalism now lies at the heart of the Kremlin's political thinking Eurasianism But how did this dangerous ideology once a fringe theory come to dominate Moscow's elite Promoted most notably in recent years by Alexander Dugin this theory has become the driving force behind the invasion of Ukraine and the perplexing manoeuvrings of Putin's Russia In this fascinating investigation Charles Clover an award winning journalist traces Eurasianism's origins in the writings of White Russian exiles in 1920s Europe through Siberia's Gulag archipelago in the 1950s the dissolution of the Soviet Union in the early 1990s and up to its steady infiltration of the governing elite Based on extensive research and dozens of interviews with Putin's close advisers this eye opening account is essential reading to understand Russia's past century and the dangers of our present political moment *Russia*

and Iran in the Great Game Elena Andreeva, 2007-06-11 This book examines the Russian explorers and officials in the nineteenth and early twentieth century who came into contact with Iran as a part of the Great Game It demonstrates the development of Russia's own form of Orientalism a phenomenon that has previously been thought to be exclusive to the West

Eurasia in Balance Ariel Cohen, 2017-11-28 Offering a comprehensive overview of the security dynamics of an under-analyzed region of the world Central Asia and South Caucasus this volume contains contributions from leading experts who examine policies of the major players in the region including Russia China India Iran and Turkey The volume incorporates thematic chapters which detail economic and security analyses in the post September 11th era It will appeal to both the academic and reference audiences and to the broader scholarly market in the disciplines of foreign policy international security Eurasian studies and peace and conflict studies

East Central Europe Between the Colonial and the Postcolonial in the Twentieth Century Siegfried Huigen, Dorota Kołodziejczyk, 2023-03-16 This open access book explores the ambiguity of East Central Europe during the twentieth century examining local contexts through a comparative and transnational reworking of theoretical models in postcolonial studies Since the early modern period East Central Europe has arguably been an object of imperialism However at the same time East Central European states have been seen to be colonial actors with individuals from the region often associating themselves with colonial discourses in extra European contexts Spanning a broad time period until after the Second World War and covering the governance of Communism and its legacies the book examines how cultural and literary narratives from East Central Europe have created and revised historical knowledge making use of collective memory to feed into identity models

The Soviet Union - Federation or Empire? Tania Raffass, 2012-06-14 The Soviet Union is often characterised as nominally a federation but really an empire liable to break up when individual federal units which were allegedly really subordinate colonial units sought independence This book questions this interpretation revisiting the theory of federation and discussing actual examples of federations such as the United States arguing that many federal unions including the United States are really centralised polities It also discusses the nature of empires nations and how they relate to nation states and empires and the right of secession highlighting the importance of the fact that this was written in to the Soviet constitution It examines the attitude of successive Soviet leaders towards nationalities and the changing attitudes of nationalists towards the Soviet Union Overall it demonstrates that the Soviet attitude to nationalities and federal units was complicated wrestling in a similar way to many other states with difficult questions of how ethno cultural justice can best be delivered in a political unit which is bigger than the national state

Kritika, 2001 *Russia's Policies Toward the Axis of Evil* United States. Congress. House. Committee on International Relations, 2003 *Empire* D. C. B. Lieven, 2002-01-01 Focusing on the Tsarist and Soviet empires of Russia Lieven reveals the nature and meaning of all empires throughout history He examines factors that mold the shape of the empires including geography and culture and compares the Russian empires with other imperial states from ancient China and Rome to the

present day United States Illustrations Russian-Belarusian Integration Alex Danilovich, 2006 Despite formal declarations Russia has made little progress in achieving union with its ex Soviet neighbour Belarus Linking Russia's foreign policy to its domestic politics Alex Danilovich clarifies this paradox and explains why specific attempts to reunify failed contrary to the desires of significant forces on both sides and to certain theory based expectations

Beyond Nunn-Lugar: Curbing the next Wave of Weapons, Proliferation Threats from Russia, 2002 The chapters in this book were originally commissioned by the Nonproliferation Policy Education Center NPEC as part of a study on the future of U S Russian nonproliferation cooperation This book is different from other studies of U S Russian cooperation because it relies on competitive strategies which detail how best to pit one's strengths against a competitor's weaknesses in a series of moves and countermoves The goal is to devise strategies that force one's competitor to spend more time and resources shoring up his weaknesses than in taking offensive action

Russian Foreign Policy Nikolas K. Gvosdev, Christopher Marsh, 2013-08-22 In a truly contemporary analysis of Moscow's relations with its neighbors and other strategic international actors Gvosdev and Marsh use a comprehensive vectors approach dividing the world into eight geographic zones Each vector chapter looks at the dynamics of key bilateral relationships while highlighting major topical issues oil and energy defense policy economic policy the role of international institutions and the impact of major interest groups or influencers demonstrating that Russia formulates multiple sometimes contrasting foreign policies Providing rich historical context as well as exposure to the scholarly literature the authors offer an incisive look at how and why Russia partners with some states while it counter balances others

Kazakhstan Ariel Cohen, 2006 This important study explains how Russia with its private sector and policy makers working in tandem has exerted a significant amount of control over Kazakhstan's vast natural resources and its economic freedom It looks at the way Russia and Kazakhstan agreed to divide the Caspian Sea shelf and how Kazakhstan has managed to maintain good relations with Moscow overall despite its insistence on exporting energy resources to China and Europe directly and its hopes to export through Iran This series of reports establishes for the first time the confluence of Russian foreign policy with the acquisition of foreign energy assets by Russian entities Nine specific country profiles focus on the oil gas electricity and nuclear power industries Each report written by an author of international standing explains how Russian foreign energy downstream mergers and acquisitions are conspiring to consolidate the new Russian empire

Russian Nationalism and the Politics of Soviet Literature S. Cosgrove, 2004-01-29 Russian nationalism increasingly important as the Russian Federation finds its place in the world is not a new phenomenon Who were the Russian nationalists before the creation of today's Russia What were their views What was their political influence This book seeks answers to these questions by looking in detail at the last decade of the USSR through the eyes of a group of Russian nationalist intellectuals gathered around the literary journal Nash sovremennik The author suggests that in the Twenty first century a specifically Russian type of nationalism ethnic and statist could provide the ideological underpinning for a new

authoritarianism **Russian National Security** Michael H. Crutcher, 2001 This is an anthology of papers presented at a conference titled Russian National Security Perceptions Policies and Prospects conducted from 4-6 December 2000 The book organizes the papers into six sections The Russian National Security Community Russia and Europe Russian Policy Towards the Caucasus and Central Asia Russia and Asia Russia and the United States and Russia's Military Transformation

Energy Security Challenges for the 21st Century Gal Luft, Anne Korin, 2009-08-10 The impact of energy on global security and economy is clear and profound and this is why in recent years energy security has become a source of concern to most countries However energy security means different things to different countries based on their geographic location their endowment of resources their strategic and economic conditions In this book Gal Luft and Anne Korin with the help of twenty leading experts provide an overview of the world's energy system and its vulnerabilities that underlay growing concern over energy security It hosts a debate about the feasibility of resource conflicts and covers issues such as the threat of terrorism to the global energy system maritime security the role of multinationals and non-state actors in energy security the pathways to energy security through diversification of sources and the development of alternative energy sources It delves into the various approaches selected producers consumers and transit states have toward energy security and examines the domestic and foreign policy tradeoffs required to ensure safe and affordable energy supply The explains the various pathways to energy security and the tradeoffs among them and demonstrates how all these factors can be integrated in a larger foreign and domestic policy framework It also explores the future of nuclear power the complex relations between energy security and environmental concerns and the role for decentralized energy as a way to enhance energy security

Red Nations Jeremy Smith, 2013-09-12 Red Nations offers an illuminating and informative overview of how the non-Russian republics of the Soviet Union experienced communist rule It surveys the series of historical events that contributed to the break up of the Soviet Union and evaluates their continuing resonance across post-soviet states today Drawing from the latest research Professor Smith offers comprehensive coverage of the revolutionary years the early Soviet policies of developing nations Stalin's purges and deportations of small nationalities and the rise of independence movements Through a single unified narrative this book illustrates how in the post-Stalin period many of the features of the modern nation-state emerged Both scholars and students will find this an indispensable contribution to the history of the dissolution of the USSR the reconstruction of post-Soviet society and its impact on non-Russian citizens from the years of the Russian Revolution through to the present day
