Russian Spring:

Russia Before and After Crimea Pal Kolsto, 2017-12-04 No detailed description available for Russia Before and After Crimea

Through Times of Trouble Anna Matveeva, 2017-12-20 This book tells the story of insurgency in Ukraine's Donbas region from the perspective of the rebels who sought and continue to seek either independence from Ukraine or unification with Russia. As such, it provides a unique insight into their thinking and motivations which need to be understood if the conflict is to be resolved. Those making and remaking the conflict are placed in the centre of the story which uses the words of the combatants themselves. It shows how volunteer fighters driven by a wide and diffuse set of motivations emerged from Ukraine. Russia and different parts of the world stood at the rebellion's heart. The book focuses on the participants' own voices and personalities drawing extensively on first hand research and interviews. Rather than rendering Ukraine a chess piece on the geopolitical board, the rebellion shows that ordinary people rather than elites can act as a decisive force. Donbas says something about why large numbers of people make the decision to take part in a collective violent action when material rewards are low or non-existent and mortal risks high. It stands as an important text on the study of modern insurgencies revealing how violent conflicts happen via issues of politicized identity and involvement of non-state actors. This book places this conflict into the context of other conflicts worldwide and demonstrates how ideas and narratives are constructed to provide meaning to a struggle. The insurgency has produced a conflict sub-culture rich with symbolism, narrative and communications made possible by the digital age and a social media savvy population. These beliefs and ideas have had the power to pull people from different parts of the world. This book follows the stages of assembling different conflict ingredients together and the rebellion's zigzagging fortunes after it became apparent that Moscow was not going to repeat the Crimea scenario in Donbas. It analyses the logic of armed struggle and the tactics deployed by warring parties. It also sheds light on the developments in Moscow, discusses the phenomenon of the Russian Spring movement and concludes with the prospects for a peaceful solution.

The Return of the Russian Leviathan Sergei Medvedev, 2019-12-18 Winner of the 2020 Pushkin House Book Prize. Russia's relationship with its neighbours and with the West has worsened dramatically in recent years. Under Vladimir Putin's leadership, the country has annexed Crimea, begun a war in Eastern Ukraine, used chemical weapons on the streets of the UK and created an army of Internet trolls to meddle in the US presidential elections. How should we understand this apparent relapse into aggressive imperialism and militarism? In this book, Sergei Medvedev argues that this new wave of Russian nationalism is the result of mentalities that have long been embedded within the Russian psyche. Whereas in the West, the turbulent social changes of the 1960s and a rising awareness of the legacy of colonialism have modernized attitudes, Russia has been stymied by an enduring sense of superiority over its neighbours alongside a painful nostalgia for empire. It is this infantilized and irrational worldview that Putin and others have exploited as seen most clearly in Russia's recent foreign policy decisions including the annexation of Crimea. This sharp and insightful

book full of irony and humour shows how the archaic forces of imperial revanchism have been brought back to life shaking Russian society and threatening the outside world It will be of great interest to anyone trying to understand the forces shaping Russian politics and society today Also available as an audiobook **New Russian Nationalism** Pal

Kolsto,2016-03-24 Traces Russia s transforming nationalism from imperialism through ethnocentrism and migration phobia to territorial expansion This title was made Open Access by libraries from around the world through Knowledge Unlatched

Russian Spring Norman Spinrad,2013-05-27 In the near future the debt laden U S owns a technology that renders it the world s best defended Third World country The only real outer space planning is in Common Europe so young American space cadet Jerry Reed goes to work in Paris He falls in love with and marries Soviet career bureaucrat Sonya Gagarin and the story jumps ahead 20 years blending world events with a focus on their family Sonya s star has risen with the Euro Russians while Jerry has been stymied by pervasive anti Americanism Daughter Franja has her father s space fever and enrolls in a Russian space school son Bob fiercely curious about an earlier admired America before it was run by xenophobic Gringos enters Berkeley Ten years later the U S is a pariah Euro Russia the pet of the civilized world and the Reeds scattered politics forced Jerry and Sonya s divorce Franja speaks only to her mother and Bob is trapped in Festung Amerika A series of odd occasionally tragic events brings the family and the world together Despite some tech talk this is not science fiction the first two thirds of this hefty book is chillingly logical if sometimes very funny and while the happy ending may seem forced Spinrad Bug Jack Barron gives us a wild exhilarating ride into the next century The Donbas Conflict in Ukraine Daria

Platonova,2021-09-27 This book examines why when the conflict in eastern Ukraine began in 2014 fighting broke out in the Donetsk region whereas it did not in Kharkiv city despite the city like the Donetsk region being geographically proximate to Russia and similar in ethnic and linguistic make up Based on extensive original research the book argues that a key factor was the nature and behaviour of local elites with those in Kharkiv having diffuse ties to the centre and therefore being more capable of adapting to sudden profound regime change at the centre whereas the elites in the Donetsk region had much more concentrated ties to the centre were dependent on one network and therefore were much less able to cope with change The book thereby demonstrates how crucial for Ukraine are patronal politics patronage networks and informal centre region relations and that it was these local political circumstances rather than Russia which brought about the conflict

Agriculture Monograph United States. Bureau of Agricultural Economics,1950 *Agriculture Monograph* ,1950

Agricultural Wage Stabilization in World War II Arthur Julius Holmaas,1950 **Eternal Putin?** J. L. Black,2023-01-24 The short period of time stretching from the dramatic Constitutional amendments of January 2020 to the war launched by Vladimir Putin against Ukraine in February 2022 marked a sharp turning point in Russian history The author explains how Russia got to that point of war Although Putin termed eternal because of amendments that allow him to run for two more terms as president is everywhere in it the book is a study of Russia writ large It features the political uproar over the Navalny

opposition the ravages of the pandemic manifestations of climate change and intensifying confrontations between Russia on one side Ukraine NATO and the US on the other The book provides a who what where and when of the short but volatile period prior to the outbreak of war and offers a tentative why it happened Discussed too are the highs and lows of Putin s popularity the effectiveness or not of economic sanctions and Moscow s pivot to the east Washington Geographic Names Geological Survey (U.S.). Branch of Geographic Names,1981 **Bulletin No. 1-29** United States. Division of Botany,1900 Bulletin United States.
