The Nation in the Time of the Pandemic Fernando León-Solís, 2024-07-27 This edited volume explores the media and political discourses during the COVID 19 crisis across thirteen nations Despite warnings that a global pandemic was a matter of if rather than when the virus caught governments worldwide unaware The nature extent and timespan of governmental responses varied significantly from country to country but a number of features were common to all The nation became the frame of reference used in an attempt to make sense of the crisis to keep citizens united to gain their trust and to ensure compliance with unprecedented health mandates With the same purpose there was a recourse to non ideological values and narratives sometimes abstract sometimes political that could be accepted by all stakeholders The analyses evidence the perception of the fragility of liberal democracy caused by too much political and media consensus by too much political and media dissent and by the threat of populism The wide ranging scope and multi perspective methodology of the analyses offered in this book are an essential reading for academics

and students of Media Studies Politics Political Communication and Discourse Analysis and their associated disciplines
 Written in accessible language this volume full of insightful and at times surprising ideas will be of interest for all those keen to understand the role of political and media discourse in the communication of the COVID 19 crisis and its wider implications for liberal democracies

dagspolitiken *Överlevnad - för samhället och människorna* Oskar Brandt, 2020-10-01 Sedan oljekrisen på 1970-talet hade pressen på de anställdas löner och arbetsvillkor i Sverige ständigt ökat. Detta var makthavarnas nya mer borgerliga strategi för att för Sverige på fötter igen. Denna bok vill visa hur olika drömmar borgarna respektive de rödgröna har för samhället och människorna i det. Men författaren kommer också att ifrågasätta politiken även den rödgröna för en tilltagande tstramningspolitik och moralism. Skulden för samhällets problem läggs på individen. Allt fler för psykisk ohälsa av detta. Oskar Brandt berättar även om livsstrategier som hjälpt honom själv och som han hoppas kunna bistå hans medmänniskor i att må bra och nå sina mål så gott det går. Detta är Oskar Brandts överlevnadshandbok för hur vi utformar ett Sverige vi alla vill leva i.

Samlade dikter Erik Beckman, 2021-09-09 Själva en röd och osedvanligt lördag och skriver som jag vill och så som följande ur Kysser 1969 Erik Beckman 1935-1995 debuterade i början av sextiotalet. Tidens intresse för estetiska experiment genomsyrade hans författarskap. Någon var och förblev han mest själv lika fabulerande som superkonkret, lika rolig som allvarlig, en litterär sabotör som förenade patos med parodi. Samlade dikter innehåller Beckmans sju diktsamlingar och ett par osamlade dikter från den framtblickande debuten *Farstu* 1963 till den mörka *Tv dikter* 1987. Till denna utgåva har poeten Fredrik Nyberg skrivit en personlig introduktion till diktaren Erik Beckman. Samlade dikter utkom för första gången 2007.
