Landscape as Sacred Space Steven Lewis, 2005-07-15 Steven Lewis's *Landscape as Sacred Space* Metaphors for the Spiritual Journey invites new discussions about our spiritual journeys and allows seekers to rethink approaches to Christian spirituality and theology in light of postmodernity Landscape metaphors provide a common and accessible language to articulate one's spiritual journey Spiritual mountains deserts and valleys are dominant landscapes on our journey through life Most people have experienced the joy of a mountaintop spiritual experience the pain of spiritual deserts or perhaps the dreariness too often associated with spiritual valleys There is a tendency however to highlight spiritual mountaintops while avoiding spiritual deserts and ignoring spiritual valleys This leaves many Christians ill equipped either to deal with crises or to integrate God into ordinary life Each landscape offers rich lessons that when combined together lead us toward a maturing faith and into a deeper relationship with God *Landscape as Sacred Space* is intended to aid those who search for more meaningful ways to articulate their faith journey The book grants permission to struggle with life's landscapes provides safe spaces to reflect on the journey and introduces language that enables exploration and discovery

Sacred Space for the Missional Church William R. McAlpine, 2011-02-14 *Sacred Space for the Missional Church* examines the strong link between the theology and mission of the Church and the spaces in which and from which that theology and mission are lived out The author demonstrates that the built environment is not incidental or even subservient to mission Rather it is a key player in the fulfillment and the communication of that mission The book begins with a working definition of the missional church underscoring the connection between God's mission *missio Dei* and the Church's mission

The reader is presented with historical and theological frameworks for sacred space and reminded of the pivotal role of the built environment in the fulfillment of the mission of the Church. The design and construction of sacred spaces are shown to be fundamentally a theological exercise and not solely a matter of function, pragmatics and fiscal astuteness. The author questions the uncritical application of blanket statements such as form must follow function and challenges the conviction that it does not matter where worship occurs only that it occurs. The book addresses genuine concerns such as legitimizing the cost of church buildings and concludes with practical suggestions and essential questions that must be considered in posturing the built environment within the missional praxis of the Church. **The Living Church**, 2001-07 **Teaching**

Interreligious Encounters Marc A. Pugliese, Alexander Y. Hwang, 2017 Divided into five components of teaching interreligious encounters: Theory, Design, Textual Analysis, Practice and Formation, this volume guides both new teachers and seasoned scholars in addressing the sometimes challenging questions raised by contact between divergent faiths. *The Younger Evangelicals* Robert E. Webber, 2002-10-01 Robert E. Webber has led worship workshops in every major city in the United States and Canada. Through his conversations and contacts with a network of emerging church leaders he calls the younger evangelicals, Webber sees how this new generation and their style of leadership is bringing change and renewal to the evangelical church. These leaders, who include those young in spirit as well as young in age, have important insights to offer all generations faced with doing church in a rapidly changing postmodern culture. *The Younger Evangelicals* explores the characteristics of these emerging leaders and provides an outlet for their stories. Beginning with a brief overview of twentieth-century evangelicalism, Webber examines what is different about the twenty-first-century younger evangelicals' way of thinking about faith and practicing church. He allows them, Ph.D.s and laypeople, to speak in their own words on issues such as communication, theology, apologetics, pastoral leadership, evangelism, worship and spiritual formation. Thought provoking, energizing and timely, *The Younger Evangelicals* is a landmark book for pastors and church leaders, culture watchers, ministry students and worship leaders who want to prepare for and respond to the new evangelical awakening brought on by our changing cultural context. *Beloved's Gift* Isaura Barrera, 2016-01-18 Yet one day unexpected and un hoped for, the world we had thought irretrievably lost may be returned to us. In a moment of insight, a sudden opening of the heart, we may glimpse again the mysterious reality we took for granted as children. We may once again experience its wonder and delight. I. Zalewski *Who Is God?* This book tells of the author's unexpected return into that reality believed to be irretrievably lost as childhood was left behind. It was written in real time as each step of that return unfolded its challenges and gifts. Its message of making believing more than making believe is shared for all who remember or hunger to remember and relive that same reality in their own lives, that it might inspire them to listen for and live into the love, hope and faith at its core. **Preaching for the Planet** Jenny Wilson, 2024-09-15 Sermons preached by Jenny Wilson, Canon Precentor of St Peter's Cathedral in Adelaide.
