Sacrifice In Religious Experience:

Sacrifice in Religious Experience Albert I. Baumgartner, 2018-09-24 This book presents revised papers delivered at the 1998 and 1999 Taubes Minerva Center for Religious Anthropology conferences The papers from the 1998 conference discuss the role of sacrifice in religious experience from a comparative perspective Those from the second conference examine alternatives to sacrifice The first theme has been much elaborated in recent scholarship and the essays here participate in that ongoing inquiry The second theme has been less explored and the goal of this volume is to stimulate examination of the topic by offering a set of test cases In both sections of the volume a wide variety of religious traditions are considered The essays show that in spite of the inclination we may sometimes have to consider sacrifice part of the idolatrous past long overcome it remains a persistent and meaningful part of religious experience Cognitive Approaches to Ancient Religious Experience Esther Eidinow, Armin W. Geertz, John North, 2022-08-11 For some time interest has been growing in a dialogue between modern scientific research into human cognition and research in the humanities This ground breaking volume focuses this dialogue on the religious experience of men and women in the ancient Greek and Roman worlds Each chapter examines a particular historical problem arising from an ancient religious activity and the contributions range across a wide variety of both ancient contexts and sources exploring and integrating literary epigraphic visual and archaeological evidence In order to avoid a simple polarity between physical aspects ritual and mental aspects belief of religion the contributors draw on theories of cognition as embodied emergent enactive and extended accepting the complexity multimodality and multicausality of human life Through this interdisciplinary approach the chapters open up new questions around and develop new insights into the physical emotional and cognitive aspects of ancient religions **The Varieties of Religious Experience** William James, 2023-11-17 In William James The Varieties of Religious Experience the author delves into the subjective nature of religious experiences emphasizing individual perspectives and the diversity of religious beliefs and practices Through a collection of lectures James explores the psychological aspects of religion drawing on a wide range of examples to illustrate his points The book is written in a clear and engaging style making it accessible to both scholars and general readers interested in the intersection of psychology and religion Published in 1902 The Varieties of Religious Experience is considered a seminal work in the field of religious studies and continues to be referenced by scholars today William James a pioneer in psychology and philosophy was influenced by his own personal experiences with religion which inspired him to explore the ways in which individuals interpret and experience the divine This book is recommended for anyone seeking a deeper understanding of the complexities of religious belief and the human psyche **Understanding Religious Sacrifice** Jeffrey Carter, 2003-03-31 This volume provides a thorough introduction to the major classic and modern writings dealing with religious sacrifice Collected here are twenty five influential selections each with a brief introduction addressing the overall framework and assumptions of its author As they present different theories and examples

of sacrifice these selections also discuss important concepts in religious studies such as the origin of religion totemism magic symbolism violence structuralism and ritual performance Students of comparative religion ritual studies the history of religions the anthropology of religion and theories of religion will particularly value the historical organization and thematic analyses presented in this collection The Cognitive Neuroscience of Religious Experience Patrick McNamara, 2022-06-09 The Cognitive Neuroscience of Religious Experience now updated and expanded in a new edition updates key topics covered in the first edition including decentering and self transformation supernatural agent cognitions mystical states religious language ritualization and religious group agency It expands upon the first edition to include major findings on brain and religious experience over the past decade focusing on methodology future thinking and psychedelics It provides an up to date review of brain based accounts of religious experiences and systematically examines the rationale for utilizing neuroscience approaches to religion While it is primarily intended for religious studies scholars people interested in comparative religion philosophy of religion cultural evolution and personal self transformation will find an account of how such transformation is accomplished within religious contexts The Cambridge Companion to Religious Experience Paul K. Moser, Chad Meister, 2020-07-16 Offers a state of the art contribution by providing critical analyses of and creative insights to the nature of religious experience *Ninian Smart on World Religions: Religious experience and philosophical analysis. I. Autobiographical. 'Methods in my life'* Ninian Smart, 2009 Ninian Smart came to public prominence as the founding Professor of the first British university Department of Religious Studies in the late 1960s His pioneering views on education in religion proved hugely influential at all levels from primary schools to academic teaching and research An unending string of publications many of them accessible to the general public sustained a reputation that became worldwide Here for the first time a selection of Ninian Smart's wide ranging writings is organised systematically under a set of categories which both comprehend and also illuminate his varied output over a career spanning half a century The editor John Shepherd was Principal Lecturer in Religion and Philosophy at the University of Cumbria He first met Smart as a postgraduate student and recently helped establish the Ninian Smart Archive at the University of Lancaster *Ancient Mediterranean Sacrifice* Jennifer Wright Knust, Zsuzsanna Varhelyi, 2011-08-05 An investigation of the multiple meanings and functions of sacrifice in diverse religious texts and practices from the late Hellenistic and Roman imperial periods **On Sharing Religious Experiences** Jerald D. Gort, 1992 *Order in Paradox* David Holmberg, 2018-10-18 David H Holmberg here examines the social forms ritual practices and history of a western Tamang community of Himalayan Nepal Exploring the central question of ritual complexity Order in Paradox demonstrates how a religious system that contains Buddhist shamanic and sacrificial practices may be understood as a whole Holmberg begins by recounting the history of the Tamang and reexamining the meaning of caste tribe and ethnicity in greater Nepal Holmberg reveals how cultural patterns thought to be uniquely Tamang reflect this people's development of an involutioned tribal form of Buddhist religious expression an evolution he interprets as a

result in part of the unification of the Nepalese state Holmberg then offers descriptions of the culture mythic imagination and ritual field of the Tamang Exploring both structural and historical dimensions of Tamang rituals Holmberg shows how they form a system linked to a cultural logic of exchange upon which Tamang society is built He also sheds light on the relationship between gender and ritual considering in detail the close association between femaleness and the shamanic in Tamang culture

Transformations in Sacrificial Practices Eftychia Stavrianopoulou, Axel Michaels, Claus Ambos, 2008 The main thrust of the contributions in this volume run counter to the notion of a universally applicable theory of sacrifice and rather aimed at investigating transformations in sacrificial practices from cross cultural and transhistorical perspectives Exploring a broad spectrum of texts case studies and social practices from Greco Roman antiquity as well as the Ancient Near East and Egypt to the modern Middle East the Indian subcontinent and Indonesia diverging cultural perceptions and definitions of the topic sacrifice are examined and thereby new insights into the processes of modification and transformation of sacrificial rituals are gained

Understanding Religious Experiences J. Harold Ellens, 2007-11-30 Today most people feel less interested in religion and more interested in spirituality If you ask what they mean they will tell you that organized religion tends to turn them off but nonetheless they feel a hunger in the heart that they cannot seem to fill They do not mean that they would rather have disorganized religion they mean that institutional religion does not seem to satisfy their spirits and feel there must be something more some better way of experiencing whatever that is for which they are hungry Much new experimentation is going on as a result Some of it is a search for the meaning to fill the soul and satisfy the spirit much of it is a search for meaning on the spiritual level itself Spirituality reaches always toward the question about the meaning of God the meaning of relationships with others the meaning of intimacy and the meaning of soul gratifying insights into truth Here Ellens carefully and sensitively explores the full range of our spiritual natures and the variety of spiritual experiences of which we are capable describing the way our souls and psyches work in our hunger and thirst for meaning He explains in an enlightening and unconventional way why and how every human desires to reflect upon learn and share a heartfelt experience of God and of others Readers will find in this book a description of the meaning of the biblical stories

about spiritual experiences in addition to descriptions of the kinds of spiritual experiences that ordinary people are having how they are achieving them and the ways in which they are filling their lives with meaning that goes beyond the horizons of material life The author paints this picture in such a way as to let us in on what biblically based authentic spirituality and spiritual experience really is and why it may or may not necessarily have anything to do with traditional institutionalized religion He carefully and vividly explains the notion of spirituality as it is illustrated in the Bible and discusses spiritual experiences such as prayer epiphany visions and other experiences He considers whether spirituality is mainly a connection with God with others or with both Readers hoping to get a better sense of what it means to be spiritual will have many of their questions answered in these pages *Sacrifice in Judaism, Christianity, and Islam* David L.
