Reid, 2016-08-18 The war memorial in the Scottish village of Bridge of Weir lists 72 men who died during the First World War  
Their deaths occurred in almost every theatre of the war They were awarded very few medals and their military careers were  
not remarkable except in the important respect that they like countless other peaceful civilians answered their country's call  
in its time of need This book follows the lives of these sons of Bridge of Weir not just as soldiers sailors and airmen but as  
husbands fathers sons brothers and members of a small local community which felt their loss intensely At the same time it  
also paints a larger picture of the war of the politicians and generals and military campaigns which shaped it The brave men  
of Bridge of Weir know little of the wider context their experience was of the little histories in which they fought and died  
Readers of this book will understand what the 72 never knew why and how the war was fought that claimed their lives
