Uncovered Katherine Hempstead, 2024 In *Uncovered* Katherine Hempstead explores the history of the insurance business and its regulation in the United States from the 1870s through the twentieth century Tracing the history of the industry from the early days of life fire and casualty insurance to the development of state regulation in the late nineteenth century Hempstead highlights the major role states play in insurance regulation that has made it harder to solve important problems and the crucial social role that insurance has always played in American politics *Silent Cities San Francisco* Jessica Ferri, 2021-10-15 In 1914 desperate for land after the Gold Rush brought a population explosion to San Francisco the city exiled its cemeteries barring burials within city limits and relocating its existing graveyards to the tiny town of Colma just south of Daly City spawning America's only necropolis where the dead outnumber the living 1000 to 1 But there's more to the story of the Bay Area's cemeteries than this expulsion *Silent Cities San Francisco* reveals the complex cultural makeup of the Bay Area where diversity and history collide pitting the dead against the living in a race for space and memorialization

Public Nudity and the Rhetoric of the Body Brett Lunceford, 2018-12-14 Although nudity is something that everyone has experience with public nudity is still largely considered taboo *Public Nudity and the Rhetoric of the Body* examines instances of public nudity where sexuality is at the forefront of public body display It presents a range of case studies the legal aspects of sexualized public nudity as it relates to communication theory and the First Amendment the controversies surrounding the work of photographer Jock Sturges the public performance art of Milo Moir the topless protests of FEMEN the social media activism of Aliaa Magda Elmahdy the ritualized flashing during Mardi Gras in New Orleans and the sexual displays of Folsom Street Fair the largest leather pride festival Taken together these cases teach much about identity self determination and sexuality and illustrate the complicated rhetorical nature of the human body in the public sphere
