Christmas Past Brian Earl,2022-11-01 Behind every Christmas tradition is a story usually a forgotten one Each year as we decorate a tree build a gingerbread house and get ready for a visit from St Nicholas

we're continuing generations old narratives while being largely unaware of their starting chapters. But knowing how these traditions began adds a new level of depth to our Christmas spirit as well as an arsenal of anecdotes to share at Christmas parties. Christmas Past: The Fascinating Stories Behind Our Favorite Holiday's Traditions reveals the surprising, quirky, mysterious, and sometimes horrifying stories behind the most wonderful time of the year. With 26 short chapters, it's a festive, digestible Advent calendar of a book. Covering traditions, ancient and modern, Christmas Past is filled with stories of happy accidents, cultural histories, criminal capers including tomb raiders and con artists, and hidden connections between Christmas and broader social, economic, and technological influences. How did the invention of plate glass forever change the Christmas season? What common Christmas item helped introduce fine art to the masses? Why do Americans typically spike their eggnog with rum rather than the traditional brandy? And speaking of booze, does using the phrase "Merry Christmas" mark you as a drunken reveler? Christmas Past answers all of those questions and many more.

Mirrors and Scrims Marcia B. Siegel, 2011-03-01. Winner of the Selma Jeanne Cohen Memorial Prize 2010. In this stunning new collection of reviews and essays, dance critic Marcia B. Siegel grapples with the floating identity of ballet as well as particular ballets and with the expanding environment of spectacle in which ballet competes for an audience. Drawn from a wide variety of published sources, these writings concentrate on canonical works of ballet and how the performances of these works have been changing in significant ways. Siegel writes with a keen awareness of the history and mythology that surround particular works while remaining attentive to the new ways in which a work is interpreted and re-presented by contemporary choreographers and dancers. Through her readable and provocative writings, Siegel offers critical insight into performances of the past twenty-five years to give us a new understanding of ballet in performance. The volume includes over one hundred pieces on a variety of ballet topics, from specific dances and dancers to companies and choreographers ranging from Swan Lake and The Nutcracker to Nijinsky, Balanchine, Tharp, and Morris to the Bolshoi, the Joffrey, the Miami City Ballet, the Boston Ballet, to name just a few.
