semigroup theory and applications Phillipe Clement,2020-12-22 This book contains articles on maximal regulatory problems interpolation spaces multiplicative perturbations of generators linear and nonlinear evolution equations integrodifferential equations dual semigroups positive semigroups applications to control theory and boundary value problems Semigroup Theory and Its Applications Alfred Hoblitzelle Clifford,1996-05-16 This volume contains survey papers by the invited speakers at the Conference on Semigroup Theory and Its Applications which took place at Tulane University in April 1994 The authors represent the leading areas of research in semigroup theory and its applications both to other areas of mathematics and to areas outside mathematics Included are papers by Gordon Preston surveying Clifford s work on Clifford semigroups and by John Rhodes tracing the influence of Clifford s work on current semigroup theory Notable among the areas of application are the paper by Jean Eric Pin on applications of other areas of mathematics to semigroup theory and the paper by the editors on an application of semigroup theory to theoretical computer science and mathematical logic All workers in semigroup theory will find this volume invaluable **An Introduction to Semigroup**

Theory John Mackintosh Howie,1976 **Semigroup Theory and Evolution Equations** Philippe Clement,2023-05-31 Proceedings of the Second International Conference on Trends in Semigroup Theory and Evolution Equations held Sept 1989 Delft University of Technology the Netherlands Papers deal with recent developments in semigroup theory e g positive dual integrated and nonlinear evolution equations e **Semigroup Theory - Proceedings Of The Monash Conference On Semigroup Theory In Honor Of G B Preston** T E Hall,Peter R Jones,John C Meakin,1991-05-21 This conference celebrated the 65th birthday of Professor G B Preston of Monash University Containing contributions from almost all his mathematical progeny the proceedings is a tribute to his influence on semigroup and Australian mathematics *Semigroup Theory with Applications to Systems and Control* Nasir Uddin Ahmed,1991 Mathematics across the Iron Curtain Christopher Hollings,2014-07-16 The theory of semigroups is a relatively young branch of mathematics with most of the major results having appeared after the Second World War This book describes the evolution of algebraic semigroup theory from its earliest origins to the establishment of a full fledged theory Semigroup theory might be termed Cold War mathematics because of the time during which it developed There were thriving schools on both sides of the Iron Curtain although the two

sides were not always able to communicate with each other or even gain access to the other's publications. A major theme of this book is the comparison of the approaches to the subject of mathematicians in East and West and the study of the extent to which contact between the two sides was possible.

Semigroups of Operators: Theory and Applications A.V. Balakrishnan, 2012-12-06

These Proceedings comprise the bulk of the papers presented at the International Conference on Semigroups of Operators Theory and Control held 14-18 December 1998 Newport Beach California U S A. The intent of the Conference was to highlight recent advances in the theory of Semigroups of Operators which provides the abstract framework for the time domain solutions of time invariant boundary value initial value problems of partial differential equations. There is of course a firewall between the abstract theory and the applications and one of the Conference aims was to bring together both in the hope that it may be of value to both communities. In these days when all scientific activity is judged by its value on dot com it is not surprising that mathematical analysis that holds no promise of an immediate commercial product line or even a software tool box is not high in research priority. We are particularly pleased therefore that the National Science Foundation provided generous financial support without which this Conference would have been impossible to organize. Our special thanks to Dr Kishan Baheti Program Manager.
