The Sentimental Soldier

Sentimental Soldier

Peter S. Carmichael

Sentimental Soldier:

Japan's Carnival War Benjamin Uchiyama,2019-03-14 This cultural history of the Japanese home front during the Asia Pacific War challenges ideas of the period as one of unrelenting repression Uchiyama demonstrates that carnival war coexisted with the demands of total war to promote consumerist desire alongside sacrifice and fantasy alongside nightmare helping mobilize the war effort

The Imagined Civil War Alice Fahs,2010-03-15 In this groundbreaking work of cultural history Alice Fahs explores a little known and fascinating side of the Civil War the outpouring of popular literature inspired by the conflict From 1861 to 1865 authors and publishers in both the North and the South produced a remarkable variety of war related compositions including poems songs children s stories romances novels histories and even humorous pieces Fahs mines these rich but long neglected resources to recover the diversity of the war s political and social meanings Instead of narrowly portraying the Civil War as a clash between two great white armies popular literature offered a wide range of representations of the conflict and helped shape new modes of imagining the relationships of diverse individuals to the nation Works that explored the war s devastating impact on white women s lives for example proclaimed the importance of their experiences on the home front while popular writings that celebrated black manhood and heroism in the wake of emancipation helped readers begin to envision new roles for blacks in American life Recovering a lost world of popular literature The Imagined Civil War adds immeasurably to our understanding of American life and letters at a pivotal point in our history

Soldiers of Song Jason Wilson,2012-11-06 The seeds of irreverent humour that inspired the likes of Wayne and Shuster and Monty Python were sown in the trenches of the First World War and The Dumbells concert parties made up of fighting soldiers were central to this process Soldiers of Song tells their story Lucky soldiers who could sing a song perform a skit or pass as a lady were taken from the line and put onstage for the benefit of their soldier audiences The intent was to bolster morale and thereby help soldiers survive the war The Dumbells popularity was not limited to troop shows along the trenches The group also managed a run in London s West End and became the first ever Canadian production to score a hit on Broadway Touring Canada for some twelve years after the war the Dumbells became a household name and made more than twenty five audio recordings If nationhood was won on the crest of Vimy Ridge it was the Dumbells who provided the country with its earliest soundtrack Pioneers of sketch comedy the Dumbells are as important to the history of Canadian theatre as they are to the cultural history of early twentieth century Canada

The War for the Common Soldier Peter S. Carmichael,2018-11-02 How did Civil War soldiers endure the brutal and unpredictable existence of army life during the conflict This question is at the heart of Peter S Carmichael s sweeping new study of men at war Based on close examination of the letters and records left behind by individual soldiers from both the North and the South Carmichael explores the totality of the Civil War experience the marching the fighting the boredom the idealism the exhaustion the punishments and the frustrations of being away from families who often faced their own dire circumstances Carmichael

focuses not on what soldiers thought but rather how they thought In doing so he reveals how to the shock of most men well established notions of duty or disobedience morality or immorality loyalty or disloyalty and bravery or cowardice were blurred by war Digging deeply into his soldiers writing Carmichael resists the idea that there was a common soldier but looks into their own words to find common threads in soldiers experiences and ways of understanding what was happening around them In the end he argues that a pragmatic philosophy of soldiering emerged guiding members of the rank and file as they struggled to live with the contradictory elements of their violent and volatile world Soldiering in the Civil War as Carmichael argues was never a state of being but a process of becoming *The Military Memoir and Romantic Literary Culture*, 17801835 Neil Ramsey,2016-12-05

Examining the memoirs and autobiographies of British soldiers during the Romantic period Neil Ramsey explores the effect of these as cultural forms mediating warfare to the reading public during and immediately after the French Revolutionary and Napoleonic wars Forming a distinct and commercially successful genre that in turn inspired the military and nautical novels that flourished in the 1830s military memoirs profoundly shaped nineteenth century British culture s understanding of war as Romantic adventure establishing images of the nation s middle class soldier heroes that would be of enduring significance through the nineteenth and twentieth centuries As Ramsey shows the military memoir achieved widespread acclaim and commercial success among the reading public of the late Romantic era Ramsey assesses their influence in relation to Romantic culture s wider understanding of war writing autobiography and authorship and to the shifting relationships between the individual the soldier and the nation The memoirs Ramsey argues participated in a sentimental response to the period s wars by transforming earlier impersonal traditions of military memoirs into stories of the soldier s personal suffering While the focus on suffering established in part a lasting strand of anti war writing in memoirs by private soldiers such stories also helped to foster a sympathetic bond between the soldier and the civilian that played an important role in developing ideas of a national war and functioned as a central component in a national commemoration of war War Stories Philip Dwyer,2016-11-01

Although war memoirs constitute a rich varied literary form they are often dismissed by historians as unreliable This collection of essays is one of the first to explore the modern war memoir revealing the genre s surprising capacity for breadth and sophistication while remaining sensitive to the challenges it poses for scholars Covering conflicts from the Napoleonic era to today the studies gathered here consider how memoirs have been used to transmit particular views of war even as they have emerged within specific social and political contexts

Beyond the Civil War Hospital Kirsten Twelbeck,2018-07-15 Beyond the Civil War Hospital understands Reconstruction as a period of emotional turmoil that precipitated a struggle for form in cultural production By treating selected texts from that era as multifaceted contributions to Reconstruction s mental adaptation process Leslie Butler Kirsten Twelbeck diagnoses individual conflicts between the heart and the brain only partly compensated for by a shared concern for national healing By tracing each text s unique adaptation of the healing trope she identifies surprising disagreement over racial

equality women's rights and citizenship The book pairs female and male white authors from the antislavery North and brings together a broad range of genres

Racial, Ethnic, and Homophobic Violence Michel Prum, Bénédicte Deschamps, Marie-Claude Barbier, 2012-10-12 With contributions by internationally recognized specialists this book a perfect complement to courses in criminology and hate crime provides a key resource for understanding how racism and homophobia work to produce violence Hate motivated violence is now deemed a serious national problem in most Western societies With contributions by British Australian American Canadian Irish Italian and French researchers this book addresses a wide spectrum of types of violence including genocide urban riots inter ethnic fighting and forms of hate crime targeting gay and lesbian people Contributors to this volume also consider the political groups responsible for outbursts of hatred their modes of operation and the institutional aspects of hate crime Opening up an interdisciplinary perspective on the ways in which certain groups or individuals are transformed into expiatory victims this compelling book is an essential read for all postgraduate law students and researchers interested in hate crime and society

The Good Soldier Ford Madox Ford, 2012-09-06 This is the saddest story I have ever heard Wealthy American John Dowell describes in a disarmingly casual compellingly intimate manner how he and his wife Florence meet an English couple in a German spa resort They become friends over the years and gradually the history of their relationships and the passions that lie behind the orderly Edwardian facade are unveiled Dowell is the archetypal unreliable narrator and his casual revelations are both unexpected and explosive A masterpiece of early Modernism and a virtuoso performance of literary skill Ford's Tale of Passion reflects contemporary interests in psychology sexuality and the New Woman Its portrayal of the destruction of a civilized elite anticipates the cataclysm of the First World War which erupted while Ford was finishing the book This new edition includes Ford's important essay On Impressionism which sheds valuable light on his artistic technique

ABOUT THE SERIES For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe Each affordable volume reflects Oxford's commitment to scholarship providing the most accurate text plus a wealth of other valuable features including expert introductions by leading authorities helpful notes to clarify the text up to date bibliographies for further study and much more

A History of American Civil War Literature Coleman Hutchison, 2015-12-01 This book is the first omnibus history of the literature of the American Civil War the deadliest conflict in US history A History of American Civil War Literature examines the way in which the war has been remembered and rewritten over time in prose poems and other narratives This history incorporates new directions in Civil War historiography and cultural studies while giving equal attention to writings from both northern and southern states It redresses the traditional neglect of southern literary cultures by moving between the North and the South thus finding a balance between Union and Confederate texts Written by leading scholars in the field this book works to redefine the boundaries of American Civil War literature while posing a fundamental question why does this 150 year old conflict continue to capture the American imagination

Eventually, you will no question discover a further experience and realization by spending more cash. still when? do you endure that you require to acquire those all needs behind having significantly cash? Why dont you try to get something basic in the beginning? Thats something that will guide you to understand even more roughly speaking the globe, experience, some places, when history, amusement, and a lot more?

It is your totally own epoch to feign reviewing habit. in the middle of guides you could enjoy now is **Sentimental Soldier** below.
