Sentinels Of The Rocks From Graveyard Coast To National Lakeshore:

Sentinels of the Rocks Dennis L. Noble, T. Michael O'Brien, 1979 The National Park Service is grateful for a book which ties much of America's lighthouse and lifesaving ventures to the Pictured Rocks National Lakeshore *The Late, Great Lakes* William Ashworth, 1987 The Late Great Lakes is a powerful indictment of man's carelessness ignorance and apathy toward the Great Lakes The Late Great Lakes is a powerful indictment of man's carelessness ignorance and apathy toward the Great Lakes With the longest continuous coastline in the United States they hold one fifth of the world's freshwater supply Author William Ashworth presents a compelling history of the Great Lakes from their formation in the Ice Age to their discovery by Samuel de Champlain in 1615 and finally to their impending death in our time Ashworth systematically deals with the wild life that once flourished in the region beaver salmon whitefish and trout and describes the threatening elements which have displaced them the predatory sea lamprey the alewives toxic waste and volatile solids Lighthouses and Keepers Dennis Noble, 2014-01-15 From the East Coast to the West Coast the Great Lakes to the Gulf of Mexico and Hawaiian Islands this handsome book helps explain the lure of lighthouses in the United States Among the most recognized structures of the maritime world these lonely sentinels by the sea have long been the subject of paintings and photographs Today they continue to capture public imagination as Americans flock to their sites for visits and volunteer to help preserve these endangered structures This book covers all aspects of the subject not only lighthouses and lightships but buoys buoy tenders fog signals and their keepers The work is as rich in historical information as it is in rarely seen photographs and fourteen maps guide readers to the exact locations of the lighthouses Readers are also treated to stories of shipwrecks and rescues including the extraordinary story of Ida Lewis head keeper of the light at Lime Rock Rhode Island who rescued eighteen people from the sea **The Northern Lights** Charles K. Hyde, 1995 Featuring over two hundred color photographs The Northern Lights captures the beauty history and significance of lighthouses on the Great Lakes and illuminates the rich maritime history of the region **Mastering the Inland Seas** Theodore J. Karamanski, Theodore Karamanski, 2020-04-21 Theodore J Karamanski's sweeping maritime history demonstrates the far ranging impact that the tools and infrastructure developed for navigating the Great Lakes had on the national economies politics and environment of continental North America Synthesizing popular as well as original historical scholarship Karamanski weaves a colorful narrative illustrating how disparate private and government interests transformed these vast and dangerous waters into the largest inland water transportation system in the world Karamanski explores both the navigational and sailing tools of First Nations peoples and the dismissive and foolhardy attitude of early European maritime sailors He investigates the role played by commercial boats in the Underground Railroad as well as how the federal development of crucial navigational resources exacerbated sectionalism in the antebellum United States Ultimately Mastering the Inland Sea shows the undeniable environmental impact of technologies used by the modern commercial maritime industry This expansive story illuminates the

symbiotic relationship between infrastructure investment in the region's interconnected waterways and North America's lasting economic and political development Raspberry Island Light Station David H. Wallace, 1990 **Fire on the Beach** David Wright, David Zoby, 2002-01-10 From the Civil War to the turn of the century this is the true life story of the original coast guard and one crew of African American heroes who fought storms and saved lives off North Carolina's outer banks Fire on the Beach recovers a lost gem of American history It tells the story of the U S Life Saving Service formed in 1871 to assure the safe passage of American and international shipping and to save lives and salvage cargo A century ago the adventures of the now forgotten surfmen who in crews of seven bore the brunt of this dangerous but vital duty filled the pages of popular reading material from Harper's to the Baltimore Sun and New York Herald Station 17 located on the desolate beaches of Pea Island North Carolina housed one such unit and Richard Etheridge the only black man to lead a lifesaving crew was its captain A former slave and Civil War veteran Etheridge recruited and trained a crew of African Americans forming the only all black station in the nation Although civilian attitudes toward Etheridge and his men ranged from curiosity to outrage they figured among the most courageous surfmen in the service performing many daring rescues From 1880 to the closing of the station in 1947 the Pea Island crew saved scores of men women and children who under other circumstances would have considered the hands of those reaching out to help them to be of the wrong race In 1896 when the three masted schooner E S Newman beached during a hurricane Etheridge and his men accomplished one of the most daring rescues in the annals of the Life Saving Service The violent conditions had rendered their equipment useless Undaunted the surfmen swam out to the wreck making nine trips in all and saved the entire crew This incredible feat went unrecognized until 1996 when the Coast Guard posthumously awarded the crew the Gold Life Saving Medal The authors depict the lives of Etheridge and his crew against the backdrop of late nineteenth century America the horrors of the Civil War the hopefulness of Reconstruction and the long slide toward Plessy v Ferguson that followed Full of exploits and heroics Fire on the Beach like the movie Glory illustrates yet another example of the little known but outstanding contributions of a remarkable group of African Americans to our country's history Lighthouses & Keepers Dennis L. Noble, 1997 Discusses the history of lighthouses and lightships throughout the United States including the keepers buoy tenders buoys fog signals electronic aids to navigation used in World War II and a summary of the U S Lighthouse Service from 1789 onward *The Great Lakes Lighthouse Keepers Association's Educational Resource Guide for Teachers and Youth Leaders*, 1993 **Utopia in Upper Michigan** Olive Mary Anderson, 1982
