Reagan, Terry A. Osborn, 2001-12 Introduces teachers future teachers of foreign langs to what they need to know understand about lang lang attitudes lang practices lang rights lang policy and related issues Brings together foreign lang ed and critical pedagogy Designed for A Comparative Reference Grammar of Bosnian, Croatian, Serbian Danko Šipka, 2007 **Montenegro** Annalisa Rellie, 2012 A hidden corner of eastern Europe Montenegro lies across the Adriatic Sea from Italy its stark mountains rising up from the coast It offers

superb year round eco adventure and sports facilities Medieval architectural gems vie for attention with more recent Venetian fortresses and churches reflecting the diversity of Montenegrin culture Along the eastern border lies Lake Skadar a nature lover s dream with national park status Updated throughout this edition has all the practical information the independent traveller needs including new hotels and restaurants on the coast and in the mountains Outdoor and cultural enthusiasts will enthuse over the extended coverage on national parks fishing opportunities and archaeological finds

Language Matters Timothy Reagan, 2009-04-01 This book addresses a timely and very important topic language in education Language apparently is a very tricky business On the one hand everyone uses language and virtually everyone has strong views about language In the educational domain this seems to be especially true Language is not merely an intrinsic component of the educational process as the medium of instruction in the classroom but also serves as the mediator of social reality for students and teachers alike It plays a central role in articulating and conveying not only social cultural and empirical ideas but ideological concepts as well It is also used to make judgments about the speaker not to mention its role in maintaining differential power relations And yet in spite of this the role of language is not sufficiently recognized in classroom practice much of the time Nor is language except in fairly narrow ways really an especially central part of the curriculum in spite of its incredible importance To be sure we do spend a great deal of time and money attempting to teach students to read and write that is to provide them with basic literacy skills and we provide nominal support for foreign language education programs We also provide limited support for children coming to school who do not speak English What we do not do though is to recognize the absolute centrality of language knowledge and language use for the educated person This book seeks to address these issues from the broad perspective of critical pedagogy
