Sergeant Death:

Death of a Young Lieutenant B.R. Stateham, 2023-02-24 Jake Reynolds is an art thief A master artist who can create an exact replica of any famous canvas in intricate detail So precise and elegant is his work that even today hanging on the walls of the most prestigious museums and art galleries around the world are some of his brilliant recreations It s the early 20th century and this brilliant criminal is destined to rub shoulders with the famous and infamous From Churchill to Mengele Wright brothers to Picasso In one fashion or another he would know them all But for a lucky and daring man Jake is plagued with one unlucky debilitating weakness Every time he stumbles upon the corpse of a murder victim a peculiar sense of outrage takes over him Even though he s a criminal himself something within him rebels at the thought of a murderer getting away after committing such a heinous crime Compelled by this Jake is determined to find any killer that comes across his way and bring them to justice And when they do Jake has no choice The hunt is on Whoever said Fate smiled upon the unlucky A compelling historical mystery *Death Of A Young Lieutenant* is the first book in B R Stateham s *Jake Reynolds Mysteries* series

Death Work Vincent E. Henry, 2004-04-01 In this fascinating new book Vincent Henry a 21 year veteran of the NYPD who recently retired to become a university professor explores the psychological transformations and adaptations that result from police officers encounters with death Police can encounter death frequently in the course of their duties and these encounters may range from casual contacts with the deaths of others to the most profound and personally consequential confrontations with their own mortality Using the survivor psychology model as its theoretical base this insightful and provocative research ventures into a previously unexplored area of police psychology to illuminate and explore the new modes of adaptation thought and feeling that result from various types of death encounters in police work The psychology of survival asserts that the psychological world of the survivor one who has come in close physical or psychic contact with death but nevertheless managed to live is characterized by five themes psychic numbing death guilt the death imprint suspicion of counterfeit nurturance and the struggle to make meaning These themes become manifest in the survivor s behavior permeating his or her lifestyle and worldview Drawing on extensive interviews with police officers in five nominal categories rookie officers patrol sergeants crime scene technicians homicide detectives and officers who survived a mortal combat situation in which an assailant or another officer died Henry identifies the impact such death encounters have upon the individual the police organization and the occupational culture of policing He has produced a comprehensive and highly textured interpretation of police psychology and police behavior bolstered by the unique insights that come from his personal experience as an officer his intimate familiarity with the subtleties and nuances of the police culture s value and belief systems and his meticulous research and rigorous method *Death Work* provides a unique prism through which to view the individual organizational and social dynamics of contemporary urban policing With a foreword by Robert Jay Lifton and a chapter devoted to the local police response to the World Trade Center attacks *Death Work* will be of interest to

psychologists and criminal justice experts as well as police officers eager to gain insight into their unique relationship to death
