Young Killers Kathleen M. Heide, 1999 Why is the number of homicides committed by youths rising in the United States An escalating problem in this country Juvenile Homicide has been considered an epidemic by mental health professionals as well as practitioners in the juvenile justice and criminal systems In her book Young Killers Kathleen M Heide blends compelling case studies with an empirical assessment of male adolescent murderers creating a readable and interesting scholarly text This book explores several factors that contribute to the rise of juvenile homicide including home and family environments role models the witnessing of violence access to weapons the availability of drugs and alcohol personality characteristics and the cumulative effect of having little to lose Although this book focuses on male juvenile offenders Heide also addresses the changing percentage of juvenile females arrested for homicide and examines gender issues in juvenile homicide She discusses the reasons girls may be more likely to kill family members than boys are and examines the effects of the women s movement on girls and crime Heide also addresses psychological assessment treatment issues and prevention strategies aimed at reducing the incidence of juvenile homicide Young Killers is written with clarity making it accessible to a wide ranging audience This definitive work

on juvenile homicide will benefit both undergraduate and graduate students and professionals in criminal justice criminology sociology social work counseling and clinical psychology

A Handbook for Evidence-Based Juvenile Justice Systems James C. Howell, Mark W. Lipsey, John J. Wilson, Megan Q. Howell, Nancy J. Hodges, 2019-09-18 This revised edition features updated research new developments in technology and recent policy on juvenile delinquency and youth violence The authors underscore the enormous payoff in targeting potential serious violent and chronic juvenile offenders at the earliest opportunity and provide a framework for evidence informed state juvenile justice systems the Comprehensive Strategy for Serious Violent and Chronic Juvenile Offenders This strategy recognizes first that a relatively small proportion of those who enter the juvenile justice system will prove to be serious violent or chronic offenders but that group accounts for a large proportion of overall delinquency Second this strategy builds on the fact that serious violent or chronic delinquency emerges along developmental pathways allowing earlier identification of juveniles most at risk for later serious offending A third component of this approach is effective intervention capable of reducing the recidivism of those juveniles most at risk for further delinquency This framework emphasizes an evidence based approach to reducing the recidivism of those juveniles most likely to reoffend from intake onward to probation community programs confinement and reentry

The Juvenile Offender Robert D. Hoge, 2012-12-06 This book provides a discussion of advances in our understanding of the juvenile offender These derive from psychological and criminological theory and research on the phenomenon of youth crime and from efforts on the part of social science researchers and practitioners to develop and evaluate new approaches to prevention and treatment The theoretical and empirical advances relate first to analyses of the nature and extent of youth crime This is reflected for example in various descriptive and classification systems developed for characterizing juvenile offenders Significant advances are also being made in understanding the risk factors associated with youthful criminal activity as well as the processes linking the risk factors with antisocial behaviors This understanding is based on theory and research relating to the correlates and causes of delinquency The advances in our understanding of the nature correlates and causes of juvenile crime are accompanied by progress in analyzing the treatment of youth in juvenile justice systems and in developing and evaluating alternative approaches to treatment These efforts include research on decision making within juvenile justice systems and the development of screening and assessment tools This also includes efforts to develop and evaluate effective prevention and treatment programs for use with youths involved in criminal activity and those at risk for this activity
