## Play With Trees:

*Play with Trees* Millicent Ellis Selsam, 1950 Tells where to find seeds of trees and how to grow them and explains the pipelines in trees how trees grow how they differ from each other and tree flowers Includes simple observations and experiments

**Let's Look for Trees** Andrea Charlotte Pinnington, 2015-09 Get children outside with these fun activities which form the perfect introduction to trees Get children outside with this fun activity book that forms the perfect introduction to the majestic world of trees Being able to recognize even a few trees is a skill that will stay with children for life There are two spreads devoted to easy and hard trees to spot that shows the leaves flowers and fruits where appropriate and where children can tick off the things they see Two final pages focus on the life cycle of the oak tree and the seasons of the year in keeping with many science school curricula When children have finished trying to find different trees they can have fun playing with the stickers on the fold out woodland play scene at the back

*Trees and the Human Spirit* Ruth Wilson, 2019-01-08 This volume presents a treatise on trees and how they relate to the human spirit Through its in depth discussion of the meaning of trees a need for a shift in thinking becomes clear Historically people in dominant cultures have viewed trees as resources to be used and forests as obstacles to such endeavors as farming and ranching This publication presents a different view of trees and forests one calling for a shift from domination and irreverence to respect and care even kinship While the text includes a discussion about some of the amazing characteristics of trees the primary focus here is on the philosophical meaning of and emotional connections with trees Its integration of disciplines and the recognition of different ways of knowing will make this book appealing to a wide variety of readers

Must Love Trees Tobin Mitnick, 2023-03-28 Tobin Mitnick JewsLoveTrees creator and shameless tree lover leads you the tree curious through the wonderful world of North American trees with fact opinion and humor In *Must Love Trees* Mitnick invites you to share his deeply personal connection to our forest companions in ways that expand the storied genre of nature writing From an imagined dialogue with the world's oldest bristlecone pine to the minutiae of tree huggability to the emotional toll of taking up the practice of bonsai this fresh take into the world of trees is divided into three equally humorous and insightful sections The first section discusses Mitnick's personal opinions and relationship with trees while the second section describes the science behind trees from tree botany to tree biology to tree ecology In the final section Mitnick answers the question Who would these trees be if they all attended high school together Tobin's detailed description of a tree in action and his thorough run down of our most treasured North American trees all 100 of whom happen to be classmates at Tree High North America makes this compilation an original and occasionally outlandish guide for both the budding and seasoned tree lover *Must Love Trees* features beautiful drawings of a vast selection of North American trees including Renowned icons like the Coast Redwood *Sequoia sempervirens* Beloved favorites like the Southern Magnolia *Magnolia grandiflora* Historical tragedies like the American Chestnut *Castanea dentata* Menacing creepers like Poison Sumac *Toxicodendron vernix* Unsung wonders like
