**“The” Works of John Locke in Four Volumes** John Locke, 1777      *The Works of the Most Reverend Dr. John Tillotson ... In Ten Volumes* John Tillotson (Archbishop of Canterbury.), 1759      *Mr. Punch's History of Modern England Vol. II—1857-1874 (of 4 ) (Illustrations)* Charles Larcom Graves, 2014-11-25 Example in this ebook PART I THE NATIONAL OUTLOOK Mr PUNCH S HISTORY OF MODERN ENGLAND THE AGE OF NON INTERVENTION Whether splendidly isolated or dangerously isolated I will not now debate but for my part I think splendidly isolated because this isolation of England comes from her superiority These words were used by Sir Wilfrid Laurier in 1896 but they were prompted by a retrospect of the Victorian age and may serve as a motto for the policy which governed England in her relations with foreign countries in the period surveyed in this volume There was serious friction with France in the early days of the Empire owing to the distrust of the Emperor s warlike preparations and his manipulation of the opportunities presented by his assistance of Italy in 1859 In the war of North and South in America England as a whole backed the wrong horse and English diplomacy mishandled the obligations of our neutrality We were on the verge of war over the Trent case and the slackness of the Government in failing to detain the Alabama burdened the country with a costly legacy of moral and intellectual damage to say nothing of pecuniary loss Popular sentiment was strongly anti Prussian in the war on Denmark in 1864 misgivings of Prussian aggression were heightened by

the crushing defeat of Austria in 1866 and the French débâcle in 1870 Yet the old diplomacy whatever its shortcomings kept us out of European wars The Court as well as the Government strove hard for peace in 1859 the Queen's influence was successfully exerted to prevent interference on behalf of Denmark in 1864 which had been foreshadowed in a menacing message to Austria from Lord Palmerston After the defeat of the Austrians at Sadowa in 1866 Disraeli justified abstention from unnecessary interference in European politics on the ground that England had outgrown the European Continent and was really more of an Asiatic than a European power With Gladstone the restraining motive was economic rather than anti-imperialist though his distrust of a spirited foreign policy became more pronounced in later years But under Liberals and Conservatives alike non-intervention in European wars remained the unbroken rule and the only serious military operations undertaken between 1857 and 1874 were those involved in the suppression of a great revolt within our own dominions The Chinese quarrel was the only cloud on the horizon in the beginning of 1857 Parliament was dissolved as the result of the vote of censure passed in the Commons but Palmerston was returned with a strong majority and the pacifists under Cobden lost their seats Punch expressing the hope that Cobden might be master of himself though China fall The war with China was not a glorious page in our annals it remained in abeyance during the Mutiny and was not concluded till 1860 Indirectly it was one of the means of saving India by the diversion of the troops intended for the Far East and already at Singapore to the relief of Bengal at the urgent summons of Lord Canning the Governor General of India The first mention of the outbreak in Punch followed close on the tragedy of Meerut early in May In his *Essence of Parliament* we read Lord Ellenborough delivered an alarmist speech about the mutinies in our Indian Army Among other terrors he was hideously afraid that Lord Canning the Governor General had been taking some step which showed that he thought Christianity a true religion but this damaging accusation was happily explained away Lord Lansdowne was almost sure that Lord Canning could not so far have misconducted himself To be continued in this ebook *Collected Works of C. G. Jung, Volume 18* C. G. Jung, 2014-03-01 The authoritative edition of Jung's miscellaneous collected writings *The Symbolic Life* gathers some 160 of Jung's writings that span sixty years and reflect his inquiring mind numerous interests and wide circle of professional and personal acquaintance These writings include three longer works *The Symbolic Life* *Symbols and the Interpretation of Dreams* and *The Tavistock Lectures* a number of previously overlooked reviews reports and articles from the early years of Jung's career several finished or virtually finished manuscripts that weren't published in his lifetime including a 1901 report on Freud's *On Dreams* and works Jung wrote after retiring from active medical practice The other pieces collected here include forewords to books by colleagues and pupils replies to journalists questions encyclopedia articles and letters on technical subjects **The Works of Thomas De Quincey, Part II vol 14** Grevel Lindop, Barry Symonds, 2024-08-01 Thomas De Quincey 1785-1859 is considered one of the most important English prose writers of the early 19th century This is the second part of a 21-volume set presenting De Quincey's work also including previously unpublished material [THE WORKS OF JOHN LOCKE, Esq;](#)
