John Millington Synge
Plays, Poems and Prose

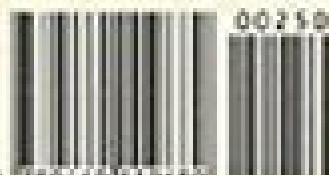

Introduction by Michael Mac Liammóir

Synge's drama belongs to the marvellous golden age of the Irish theatre, but his plays were so travel far beyond the Abbey Theatre, Dublin. *The Shadow of the Glen* depicts the essential loneliness that lies at the heart of the human condition. A pagan fatalism surrounds the tragic perfection of *The Riders of the Sea*, and the mystery, the stoicism with which Synge confronts death is profound, never interpreted, the undercurrent contributing to the power and fascination of Synge's writing. The famous *The Playboy of the Western World* is a rich tragic-comedy in which a nervous young man gains notoriety among strangers for having supposedly killed his overbearing father with a spade. *Deirdre of the Sorrows* is also included, together with poems, translations from Petrarch, Villon and others, and selections from the arresting prose work, *The Aran Islands*. The famous Irish actor, Michael Mac Liammóir, said of Synge that he 'came close to creating an age in Ireland; he more than any other changed the shape of Irish dramatic writing.'
