Plucked Again The Great Chicken Rebellion:

Plucked Again! Irene Rouse, 2000-07-27 *Plucked Again!* William Rouse, 2000 Hurriedly preparing his broiler chicken houses for impending delivery of chicks Flanker Fitzroy is accidentally knocked unconscious Coming to disoriented he discovers he has no memory of whom or where he is A strange oversized English speaking chicken he nicknames MAC takes over convincing Flanker that he needs his clairvoyance and magical powers to forestall ruin It seems Flanker has mortgaged his future for semi obsolete chicken houses and a rundown manor house on a saltwater farm MAC will guide him and provide the labor Except for Flanker s lovely and loving wife Miss Lil prospects are bleak Yet bonds of friendship between man and chicken mentor grow as they stave off the mortgage holder defeat oyster pirates in a nighttime battle and counter terrorize the errant cropduster who buzzes the chicken houses while quieting the evil bankers who want Flanker s hide Meanwhile Flanker has a brief tryst with gorgeous Wanda parties at a nude beach and is trapped in a riot Later he saves his fellow hostages in a robbery but is severely injured Recuperating his past is revealed and his wife s deep love proved as they triumph over all disaster *Someone Has to Pluck the Chicken / Someone Gets to Sound the Alarm* Vern Duane Porter, 2009-07-16 Let me take you back in time to simpler days when my fourth great grandfather ran around with Daniel Boone Some of your stereotypes may be challenged when I describe an orphaned Indian boy brought to my fifth great grandfather by Chief Logan at the boys request so that he could be raised by whites in order to become a minister of the gospel You will learn much about early 1900s farm life My wifes stepfather was from the mining country in the Idaho panhandle so I will take you deep down below the surface looking for the ore body Some of my relatives worked in the open pit iron mines of northern Minnesota so they will get some attention After we had moved to California we eventually bought a small house on a large enough lot to have a few chickens When Mom wanted to have fried chicken ready for supper when Dad got home it was up to me to chop its head off and with Moms help pluck it Thus I learned that someone has to pluck the chicken and I grew up with a respect for the country work ethic and the ingenuity of the American farmer My exposure to the diverse cultures of Minnesota farmland and suburban California presented me with a view of the winds of cultural change blowing across the country which were bringing a demand for lowering standards of behavior and the lessening of punishment My comments on the source and susceptibility to the push for change are accompanied by anecdotes from history and the lives of relatives and my own life experiences I was in the Deep South during the Reverend Kings marches for civil rights When the antiwar crowd was breaking windows on the first floor of the chancellors office at UC Berkeley I was on the second floor servicing a mimeograph machine The time I spent on high school and grade school campuses opened my eyes to the flow of changing standards in our culture There will be an effort to describe the pivotal changes in my life and destiny which I believe came about as the result of prayer the importance of the Southern Baptist Church in my teenage years and the Church of Jesus Christ of Latter day Saints as I became an independent adult I will also describe the events

that led to my leaving the LDS church for twenty five years and why I came back recently The challenges of raising a family in a home divided on religious belief will also be covered On the job I dared to stand up for the rights of those I supervised to take their breaks At another company I worked for I took a stand against corporate greed It cost me in promotions and raises and eventually resulted in AmeriGas refusing to recognize the Americans with Disabilities Act for me Rather than sue them I decided to leave with a two year disability and have the California Department of Rehabilitation upgrade my clerical skills so I could get a desk job The promoters of compassion in this country have succeeded in creating so many categories of disability that it was nearly impossible for this middle aged white guy to get an entry level desk job with the State of California The worsening of my disability and my efforts to overcome it with alternative therapies will be covered in my chapter on health Its just as well that I wanted to work in spite of my disability My two year disability policy required me to apply for a Social Security disability SSI so I went to be examined by their doctor When I walked into the crowded waiting room I was ushered right in to see the doctor He explained that the people in the waiting room had to wait for an interpreter so for that reason alone they would qualify for SSI Since I was able to walk in I would not qualify I believe in climate change but it was around long before humankind was here to influence the weather Over a century ago at least one scientist determined through an experiment that the concentration of CO2 was already past the point where adding more would increase global warming The global w

Plucked Again! William D. Rouse, 2014-02 A highly original tale of a man given a second chance at life with the guidance of a talking chicken A bump on the head sends Jackson Fitzroy known as Flanker into a temporary amnesia But all is not lost As the owner of a chicken broiler house he now has the companionship and assistance of MAC a talking chicken the most ancient spokeschicken MAC who has the uncanny ability to not only advise Flanker but also read his mind carefully helps him piece together the details of his life As his attachment to MAC and the others grows Flanker learns more about the tragedies he had been running from before he hit his head and he begins to understand how he can save himself his marriage and his future Told in a sardonic style the well paced story has flashes of comedy with surprising turns of insight

a pop culture standpoint it is Orbison's life's journey that makes a great story that has yet to be told to its fullest Rhapsody in Black doesn't shy away from or trivialize the personal pain, alienation and tragic events that shaped Orbison's singular personality and music Roy Orbison wasn't merely a singer but a sonic alchemist who in the end transformed unfathomable human misery into transcendent melody and platinum records Rhapsody in Black contains new interviews with over 20 people who worked closely with Orbison throughout his life
