Pluralism And Inequality In Quebec:

Pluralism and Inequality in Quebec Leslie S. Laczko, 1995 Explores how the Francophone and Anglophone communities in Quebec have responded to the shift in power between them as a state based nationalism has become established over the past quarter century Laczko sociology U of Ottawa draws on public opinion survey data and theoretical literature dealing with language ethnicity nationalism and social change to examine the restructuring of relations between the two communities the acceptance by English speakers of their minority status and the behavior of French speakers as the new socially and politically dominant group Compares Quebec to other places where such shifts rarely occur without violence Annotation copyright by Book News Inc Portland OR *Encounters with Quebec* Susan L. Rosenstreich, 1998 Examines works of Quebecois narrative fiction from a variety of perspectives *Encyclopaedia of Nationalism* Athena S. Leoussi, With over one hundred entries the Encyclopaedia of Nationalism offers a complete and concise set of tools for the study of nationalism in a single volume The focus throughout is theoretical and for this reason particular nationalist movements and individual leaders are treated only as illustrative historical contemporary cases in numerous entries The Encyclopaedia is organized in an alphabetical sequence of entries each of which includes a short bibliography for further reading The reader will find in depth discussions of the work of modern theoreticians of nationalism **BOOK JACKET** **Recent Social Trends in Canada, 1960-2000** Lance W. Roberts, 2005 Canadian society has changed dramatically since 1960 This work captures the scope and range of these changes through a systematic documentation of seventy eight social trends The introduction summarizes and locates the major waves of change The authors then document each trend in relation to eighteen thematic groups that include age community women labour management stratification social relations the state mobilizing institutions social forces ideologies households lifestyle leisure education integration and attitudes and values In contrast to many recent works and journalistic reports *Recent Social Trends in Canada* concentrates on the trajectory of change rather than on current events It provides a longitudinal context in which unfolding events can be interpreted in a broader historical and international context Comparable volumes in the McGill Queen's Comparative Charting of Social Change series describe similar tendencies in the United States Quebec France Germany Italy Greece Russia and Bulgaria making it possible to situate the Canadian experience in a global context Decentralization and Intrastate Struggles Kristin M. Bakke, 2015-06-04 There is no one size fits all decentralized fix to deeply divided and conflict ridden states One of the hotly debated policy prescriptions for states facing self determination demands is some form of decentralized governance including regional autonomy arrangements and federalism which grants minority groups a degree of self rule Yet the track record of existing decentralized states suggests that these have widely divergent capacity to contain conflicts within their borders Through in depth case studies of Chechnya Punjab and Quebec as well as a statistical cross country analysis this book argues that while policy fiscal approach and political decentralization can indeed be peace preserving at times the effects of these

institutions are conditioned by traits of the societies they are meant to govern Decentralization may help preserve peace in one country or in one region but it may have just the opposite effect in a country or region with different ethnic and economic characteristics
