The Broken World of Sacrifice J. C. Heesterman, 1993-07 In this book J C Heesterman attempts to understand the origins and nature of Vedic sacrifice the complex compound of ritual practices that stood at the center of ancient Indian religion Paying close attention to anomalous elements within both the Vedic ritual texts the brahmanas and the ritual manuals the srautasutras Heesterman reconstructs the ideal sacrifice as consisting of four moments killing destruction feasting and contest He shows that Vedic sacrifice all but exclusively stressed the offering in the fire the element of destruction at the expense of the other elements Notably the contest was radically eliminated At the same time sacrifice was withdrawn from society to become the sole concern of the individual sacrificer The ritual turns in on the individual as self sacrificer who realizes through the internalized knowledge of the ritual the immortal Self At this point the sacrificial cult of the fire recedes behind doctrine of the atman s transcendence and unity with the cosmic principle the brahman Based on his intensive analysis Heesterman argues that Vedic sacrifice was primarily concerned with the broken world of the warrior and sacrificer This world already broken in itself by the violence of the sacrificial contest was definitively broken up and replaced with the ritualism of the single unopposed sacrificer However the basic problem of sacrifice the riddle of life and death keeps breaking too surface in the form of incongruities contradictions tensions and oppositions that have perplexed both the ancient ritual theorists and the modern scholar

Buddhism and Ethnic Conflict in Sri Lanka Patrick Grant, 2009-01-05 Patrick Grant explores the relationship between Buddhism and violent ethnic conflict in modern Sri Lanka using the concept of regressive inversion Regressive inversion occurs when universal teaching such as that of the Buddha is redeployed to supercharge passions associated with the kinds of group loyalty that the universal teaching itself intends to transcend The book begins with an account of the main teachings of Theravada Buddhism and looks at how these inform or fail to inform modern interpreters Grant considers the writings of three key figures Anagarika Dharmapala Walpola Rahula and J R Jayewardene who addressed Buddhism and politics in the years leading up to Sri Lanka s political independence from Britain and subsequently in postcolonial Sri Lanka This book makes the Sri Lankan conflict accessible to readers interested in the modern global phenomenon of ethnic violence involving religion and also illuminates similar conflicts around the world
