Sanitation Water For All:

Sanitation For All Blanca Elena Jiménez Cisneros, Corinne Schuster-Wallace, Akissa Bahri, Juliana Calabria de Araújo, Claudia Campos, María Luisa Castro de Esparza, Bettina Genthe, Paula Kehoe, Kwanrawee Sirikanchana, Maria Inês Zanolli Sato, 2024-08-15 Can women bring a fresh perspective to the provision of global sanitation services The co authors of this book through their strong socio political and scientific experiences believe this to be the case The book offers a critical look at the challenges and solutions needed to achieve Sanitation for All including for vulnerable people refugees asylum seekers stateless or internally displaced persons and especially women We present sanitation policy and decision making from the perspective of women providing conclusions to the prevailing debates In 2022 43% of the world s population lacked access to safely managed sanitation Poor sanitation is linked to the transmission of diarrhoeal diseases exacerbates stunting and contributes to the spread of antimicrobial resistance In low income countries 5% of deaths are associated with unsafe sanitation Poor sanitation affects mental well being and safety especially for women and children Lack of sanitation costs around 2% of GDP a figure that increases rapidly with epidemic outbreaks because of income losses from trade and tourism and the impact on water quality Besides being part of our human right to water sanitation is essential to reach the United Nations Sustainable Development Goals on poverty health education gender water equity cities and the sustainable environment Nevertheless convincing politicians to invest in sanitation is a daunting challenge since in contrast to drinking water it is not an immediate vote winner and is perceived as an unpleasant topic for public discussion Despite this to achieve the SDG target by 2030 a five fold increase on current rates of progress will be required The role of women in sanitation planning and implementation is key due to their leadership in communities and their ability to organise and guarantee the sustainability of systems Furthermore women s care giving nature at home and in their communities has led them to understand the importance of sanitation and being open to discussing it publicly women stand ready to raise the profile of this subject putting it on a higher level on the political agenda This book is vital reading not just for women but all stakeholders and partners in the water industry especially those working in the sanitation and hygiene sectors

Sanitation and Hygiene in Africa: Where do We Stand? Piers Cross, Yolande Coombes, 2013-10-04 The Third African Sanitation and Hygiene Conference was held in Kigali Rwanda in July 2011 It was hosted by the Government of the Republic of Rwanda and the African Ministers Council on Water The meeting attracted extraordinary interest over 1000 people registered and nearly 900 people attended from a total of 67 countries including representatives of 42 African countries The content of AfricaSan 3 was aligned with the needs of countries as defined in country preparation meetings which took place in advance AfricaSan 3 looked to address the country needs and to commitments and country action planning Different groups ministers civil society local government utilities and donors committed to actions to support the goals of AfricaSan The goal of the AfricaSan process is to support countries to achieve the Millennium Development Goal MDG for sanitation

and hygiene This book is freely available to download electronically from the IWA Publishing site Sanitation and Hygiene in Africa Where do We Stand takes stock of progress made by African countries through the AfricaSan process since 2008 and the progress needed to meet the MDG on sanitation by 2015 and beyond This book addresses priorities which have been identified by African countries as the key elements which need to be addressed in order to accelerate progress Reviews progress on implementing the eThekweni Declaration to meet the MDG for sanitation and progress generally in Africa It analyses what is needed to accelerate the rate of access to sanitation in Africa Shares advances in the evidence base on sanitation and hygiene in Africa to be able to assist decision makers to overcome key blockages in implementing large scale sanitation and hygiene programs Raises the profile of sanitation and hygiene as a determinant of sustainable development in order to strengthen leadership and advocacy for sustained sanitation and behavior changes This book is essential reading for government staff from Ministries responsible for sanitation sector stakeholders working in NGOs CSOs and agencies with a focus on sanitation and hygiene and water and Sanitation specialists It is also suitable for Masters courses in water and sanitation and for researchers and the donor community

Handbook of Water Resources Management: Discourses, Concepts and Examples Janos J. Bogardi, Joyeeta Gupta, K. D. Wasantha Nandalal, Léna Salamé, Ronald R.P. van Nooijen, Navneet Kumar, Tawatchai Tingsanchali, Anik Bhaduri, Alla G. Kolechkina, 2021-06-12 This book provides an overview of facts theories and methods from hydrology geology geophysics law ethics economics ecology engineering sociology diplomacy and many other disciplines with relevance for concepts and practice of water resources management It provides comprehensive but also critical reading material for all communities involved in the ongoing water discourses and debates The book refers to case studies in the form of boxes sections or as entire chapters They illustrate success stories but also lessons to be remembered to avoid repeating the same mistakes Based on consolidated state of the art knowledge it has been conceived and written to attract a multidisciplinary audience The aim of this handbook is to facilitate understanding between the participants of the international water discourse and multi level decision making processes Knowing more about water but also about concepts methods and aspirations of different professional disciplinary communities and stakeholders professionalizes the debate and enhances the decision making
