Sensuous Life:

Bibliotheca Sacra ,1853 A Science of the Ultimate Jay G. Rodger,1908 *Adolphus James George Rodger*,1896

A Manual of Modern Scholastic Philosophy Désiré-Joseph Mercier,2022-09-06 Cardinal Mercier's Manual of Modern Scholastic Philosophy is a standard work prepared at the Higher Institute of Philosophy Louvain mainly for the use of clerical students in Catholic Seminaries Though undoubtedly elementary it contains a clear simple and methodological exposition of the principles and problems of every department of philosophy and its appeal is not to any particular class but broadly human and universal Volume I includes a general introduction to philosophy and sections on cosmology psychology criteriology and metaphysics or ontology **International Journal of Ethics** ,1918 **Between Ethics and Aesthetics** Dorota

Glowacka,Stephen Boos,2012-02-01 This forum of current discussions of ethics and aesthetics addresses a cross section of disciplines including literary theory philosophy women's studies postcolonial theory art history Holocaust studies theology and others Contributors ranging from philosophers and literary critics to practicing artists and art curators answer such questions as In the age of the collapse of metaphysics what is the relation between philosophical reflection and art If we question the privilege accorded to the aesthetic can ethics alone offer a solution to the crisis of representation Is it possible and ethically viable to represent the other in speech and image What happens at the conjunction of aesthetics and politics Can one speak of aesthetic configurations of the space of community Are the concepts of ethics and aesthetics gendered and repressive of sexual difference Considering the many works that consider either ethics or aesthetics almost exclusively within the confines of particular disciplines this collection crosses the boundaries and continues the debate outside the rigid parameters of specialized discourses **A New Exploration of Hegel's Dialectics III** Deng Xiaomang,2022-05-10 This

volume explores the unity of logic epistemology and ontology in Hegel's dialectic and the interrelation among the three thereby revealing the internal features of Hegel's dialectic as well as the connection and divergence between Hegel's and Marx's philosophical thought As the final volume of a three volume set that gives insights into Hegel's dialectic and his overall philosophical thought the book analyzes Hegel's dialectic as a unity of three As logic it transcends language and is therefore epistemology as epistemology it transcends theory and is therefore ontology as ontology it transcends existing things and is therefore logic Hegel's dialectic thus demonstrates itself as the revolutionary development of each of these three fields in the history of Western philosophy The principle of the agreement of logic with history thereby expressed immediately becomes one of the most important philosophical sources of inspiration for Marx's historical materialism A more profound understanding of Hegel's philosophy will therefore deepen our understanding of the philosophy of Marxism The title will appeal to scholars and students interested in Hegel's and Marx's philosophy German classical philosophy and Western philosophy *The Aesthetics of Enchantment in the Fine Arts* M. Kronegger,Anna-Teresa Tymieniecka,2013-03-14

Let us revive the true sense of fine arts enchantment In the conceptualised commercialised artificial approach to fine arts we

forgot its authentic experiential sense It lies at the imaginative heart of all arts there to be retrieved by the creative recipient
as the very truth of it all **The Vulgarization of Art** Linda C. Dowling, 1996 The Coming Day , 1893
