Separate God The Origins And Teachings Of Gnosticism:

A Separate God Simone Pétrement,1990 **A Separate God** Simone Pétrement,1993 **The Irrevocable Call of God** Richard H. Bell,2005 Richard Bell examines the impact of Paul s life changing experience before Damascus on his theological understanding of Israel The book considers the development of Paul s view concerning the election and salvation of Israel paying special attention to 1 Thessalonians Galatians and Romans The author examines Paul s critique of Israel s religion in the light of traditional protestant approaches and the new perspective The work concludes by considering some contemporary issues relating to Israel in the light of Paul s theology **BOOK JACKET** **The Heresy of Orthodoxy (Foreword by I. Howard Marshall)** Andreas J. Köstenberger,Michael J. Kruger,2010-06-09 Beginning with Walter Bauer in 1934 the denial of clear orthodoxy in early Christianity has shaped and largely defined modern New Testament criticism recently given new life through the work of spokesmen like Bart Ehrman Spreading from academia into mainstream media the suggestion that diversity of doctrine in the early church led to many competing orthodoxies is indicative of today s postmodern relativism Authors K stenberger and Kruger engage Ehrman and others in this polemic against a dogged adherence to popular ideals of diversity K stenberger and Kruger s accessible and careful scholarship not only counters the Bauer Thesis using its own terms but also engages overlooked evidence from the New Testament Their conclusions are drawn from analysis of the evidence of unity in the New Testament the formation and closing of the canon and the methodology and integrity of the recording and distribution of religious texts within the early church **The Complete Idiot's Guide to the Gnostic Gospels** J. Michael Matkin,2005 The founding of the early Christian Church had as much to do with politics and intrigue as it did with theology and religion This history and the documents uncovered at the Nag Hammadi site in Egypt have formed the basis of some of the most interesting and mysterious questions today Was Mary Magdalene a disciple of Jesus What role did Jesus mother Mary play What does the Gospel of Thomas tells us Enter The Complete Idiot s Guide to the Gnostic Gospels Expert author J Michael Matkin has provided easy and understandable overviews to all these major works and more With chapters discussing each of the major and minor documents found at Nag Hammadi the book also includes an overview of Gnosticism and its most influential people Readers get an easy understandable view of the early Church these relatively new documents and their meaning to modern religion and philosophy today **A Companion to Second-Century Christian 'Heretics'** Antti Marjanen,Petri Luomanen,2008 The book deals with thinkers and movements that were embraced by many second century religious seekers but which are now largely forgotten or known only as heretics Basilides Sethianism Valentinus school Marcion Tatian Bardaisan Montanists Cerinthus Ebionites Nazarenes Jewish Christianity of the Pseudo Clementines and Elchasites *Gnostic Revisions of Genesis Stories And Early Jesus Traditions* Gerard P. Luttikhuizen,2006 The book examines the critical use of biblical and early Christian traditions in such Christian Gnostic texts as the Apocryphon of John The Nature of the Archons The

Apocalypse of Adam The Testimony of Truth The Apocalypse of Peter The Letter of Peter to Philip and the apocryphal Acts of John Cosmology and Fate in Gnosticism and Graeco-Roman Antiquity Nicola F. Denzey, 2013-04-09 In Cosmology and Fate in Gnosticism and Graeco Roman Antiquity Nicola Denzey Lewis dismisses Hans Jonas mischaracterization of second century Gnosticism as a philosophically oriented religious movement built on the perception of the cosmos as negative or enslaving A focused study on the concept of astrological fate in Gnostic writings including the Apocryphon of John the recently discovered Gospel of Judas Trimorphic Protennoia and the Pistis Sophia this book reexamines their language of enslavement to fate Gk heimarmene from its origins in Greek Stoicism its deployment by the apostle Paul to its later use by a variety of second century intellectuals both Christian and non Christian Denzey Lewis thus offers an informed and revisionist conceptual map of the ancient cosmos its influence and all those who claimed to be free of its potentially pernicious effects

The Gnostics and Their Archetypes Diego Kurilo, Gnosis derived from the ancient Greek gnosis meaning knowledge or also known as gnosticism a Latinized form of gnosis is a scientific religious term that encompasses various teachings and religious groups that flourished in the late 1st century and had their peak between the 2nd and 3rd centuries AD acting as precursors of later currents We could think that within these movements of connoisseurs many Christianities of a Gnostic nature perished since Christianity was born as a broad set of spiritual movements based on the life of Jesus of Nazareth The Christianity proposed by Paul of Tarsus triumphed and the Gnostic movements fell into disgrace and were considered heretical **Orthodoxy and Heresy in Early Christian Contexts** Paul A. Hartog, 2015-01-30 Eighty years ago Walter Bauer promulgated a bold and provocative thesis about early Christianity He argued that many forms of Christianity started the race but one competitor pushed aside the others until this powerful orthodox version won the day The victors re wrote history marginalizing all other perspectives and silencing their voices even though the alternatives possessed equal right to the title of normative Christianity Bauer's influence still casts a long shadow on early Christian scholarship Were heretical movements the original forms of Christianity Did the heretics outnumber the orthodox Did orthodox heresiologists accurately portray their opponents And more fundamentally how can one make any objective distinction between heresy and orthodoxy Is such labeling merely the product of socially situated power Did numerous valid forms of Christianity exist without any validating norms of Christianity This collection of essays each written by a relevant authority tackles such questions with scholarly acumen and careful attention to historical cultural geographical and socio rhetorical detail Although recognizing the importance of Bauer's critical insights innovative methodologies and fruitful suggestions the contributors expose numerous claims of the Bauer thesis in both original and recent manifestations that fall short of the historical evidence With contributions from Rodney Decker Carl Smith William Varner Rex Butler Bryan Litfin Brian Shelton David Alexander Edward Smither Glen Thompson
