September Echoes John W. Schildt, 2009-07 This scarce antiquarian book is a facsimile reprint of the original Due to its age it may contain imperfections such as marks notations marginalia and flawed pages Because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world's literature in affordable high quality modern editions that are true to the original work

The Maryland Campaign of September 1862 Joseph Pierro, 2012-08-21 Completed in the early 1900s The Maryland Campaign of September 1862 is still the essential source for anyone seeking understanding of the bloodiest day in all of American history As the U S War Department's official expert on the Battle of Antietam Ezra Carman corresponded with and interviewed hundreds of other veterans from both sides of the conflict to produce a comprehensive history of the campaign that dashed the Confederacy's best hope for independence and ushered in the Emancipation Proclamation Nearly a century after its completion Carman's manuscript has finally made its way into print in an attractively packaged one volume edition painstakingly edited annotated and indexed by Joseph Pierro This edition the first to publish the entire Carman manuscript including the fifteen appendices is designed for ease of use with standardized punctuation and spelling and conveniently footnoted explanations wherever necessary The Maryland Campaign of September 1862 is a crucial document for anyone interested in delving below the surface of the military campaign that forever altered the course of American history and is still the only complete edition of Carman's work on the market Due to an unfortunate case of mistaken identity the man currently appearing in the frontispiece of The Maryland Campaign of September 1862 is not the actual Ezra Carman but someone who looks remarkably similar to him The real Mr Carman can be found at <http://www.loc.gov/pictures/item/cwp2003001783> PP We apologize for the mistake and will correct this error in further printings
