Serbian Project And Its Adversaries A Strategy Of War Crimes:

The Serbian Project and Its Adversaries James Gow, 2003-08-05 In The Serbian Project and Its Adversaries James Gow provides the first military political analysis of the Yugoslav conflicts arguing that Slobodan Milosevic and his Serbian allies used ethnic cleansing as a method of creating and consolidating borders Although he considers the approaches taken by Belgrade s adversaries Gow argues that Serbia s deliberate strategy of ethnic cleansing was at the heart of the war and that it was in essence criminal in other words it was a strategy of war crimes Based on interviews examination of research undertaken by the Office of the Prosecutor at the International Criminal Tribunal for the former Yugoslavia and other Yugoslav materials The Serbian Project and Its Adversaries establishes the legitimacy of the Tribunal s jurisdiction Gow distinguishes between acts of war war crimes and crimes against humanity and suggests that a strategic understanding of the war may mitigate some of the charges being made against Serbian military and political leaders **Confronting the Yugoslav Controversies** Charles W. Ingrao, Thomas Allan Emmert, 2013 This collection of essays examines Yugoslavia s dissolution and the subsequent wars Endgame in the Balkans Elizabeth Pond, 2007-08-29 Can Europe tame the Balkans That s the question veteran journalist Elizabeth Pond addresses in this timely and absorbing book Starting with the wars of the Yugoslav succession Endgame in the Balkans guides readers through the region s tumultuous recent history and explores both how the lure of European Union EU membership has affected the Balkans and how Balkan developments have shaped the EU Drawing on hundreds of interviews as well as decades of experience as a foreign correspondent Pond moves deftly across the region from Bulgaria to Romania Kosovo Croatia Bosnia Macedonia Albania and Serbia and Montenegro She examines the many hurdles standing between these countries and EU membership including poverty corruption and rabid chauvinism as well as the hopes and problems that have led Balkan leaders to look to the West In the process she paints a vivid picture of the challenges facing the region as it seeks to vault from the nineteenth to the twenty first century Already in its brief history the European Union has forged a historic reconciliation between France and Germany and helped consolidate democracy in Portugal Spain and Greece But in southeastern Europe it faces one of its most difficult tasks yet Endgame in the Balkans reveals the full extent of this challenge as well as the grounds for hope Rich in detail and penetrating analysis this book will be essential reading for anyone interested in the future both of the region and of Europe as a whole Mass Atrocities and the Police Christian Axboe Nielsen, 2022-06-16 Between April 1992 and December 1995 more than 100 000 people were killed in the war in Bosnia and Herzegovina The terrible atrocities committed in this period have been much discussed and studied and many prosecuted as acts of genocide war crimes or crimes against humanity But so far the academic scholarship has focused on the role of the military in these events This has come at the expense of considering the police s role which Nielsen here demonstrates as crucial Nielsen traces the origins of the war in Bosnia and Herzegovina to the police and associated paramilitary groups Nielsen makes this ground breaking case by drawing on a host of confidential

Tribunal for former Yugoslavia's ICTY legacy and examines the conflicting intersection of law and politics in the search for justice both thematically and through close analysis of some of the major trials. It analyses the related case brought against Serbia and Montenegro by Bosnia and Herzegovina at the International Court of Justice (ICJ) as well as the Ganic case in London where the ICTY and ICJ findings were challenged. The book addresses the following questions: To what extent the political climate in which the ICTY was conceived and continues to operate has affected the declared aims of its founders? Have political considerations and political correctness and the perceived need for political stability and democratic transition at times proved an obstacle to the administration of justice? Are some of the acknowledged failings of international policy in the 1990s finding some resonance in more recent court proceedings? This highly relevant and comprehensive book will be of interest to students and scholars of political science, international relations, transitional justice, Balkan area studies, human rights law, international criminal law and peace and conflict studies.
