Nationalism, Myth, and the State in Russia and Serbia Veljko Vujačić,2015-03-26 This book examines the role of Russian and Serbian nationalism in different modes of dissolution of the Soviet Union and Yugoslavia in 1991 Why did Russia's elites agree to the dissolution of the Soviet Union along the borders of Soviet republics leaving twenty five million Russians outside of Russia Conversely why did Serbia's elite succeed in mobilizing Serbs in Croatia and Bosnia for the nationalist cause Combining a Weberian emphasis on interpretive understanding and counterfactual analysis with theories of nationalism Veljko Vujačić highlights the role of historical legacies national myths collective memories and literary narratives in shaping diametrically opposed attitudes toward the state in Russia and Serbia The emphasis on the unintended consequences of communist nationality policy highlights how these attitudes interacted with institutional factors favoring different outcomes in 1991 The book's postscript examines how this explanation holds up in the light of Russia's annexation of Crimea **Russian-European Relations in the Balkans and Black Sea Region** Vsevolod Samokhvalov,2017-06-19 This book provides a detailed analysis of Russia's great power identity and the role of Europe in forming this identity Great power identity implies an expansionist foreign policy and yet this does not explain all the complexities of the Russian state For instance it cannot explain why Russia decided to take over Crimea but provided only limited support to break away regions in Eastern Ukraine Moreover if Russia is in geo economic competition with Europe why has no serious conflict erupted between Moscow and other post Soviet states which developed closer ties with the EU Finally why does Putin maintain relationships with the European countries that imposed tough economic sanctions on Russia Vsevolod Samokhvalov provides a more nuanced understanding of Russia's great power identity by drawing on his experience in regional diplomacy and research and applying a constructivist methodology The book will appeal to students and scholars of international relations in particular Russian European relations Russian foreign policy and Russian studies Current History ... ,1915
