McDonald, Barbara Sellers-Young, 2013-07-11 In these essays dancers and scholars from around the world carefully consider the transformation of an improvised folk form from North Africa and the Middle East into a popular global dance practice They explore the differences between the solo improvisational forms of North Africa and the Middle East often referred to as raqs sharki which are part of family celebrations and the numerous globalized versions of this dance form belly dance derived from the movement vocabulary of North Africa and the Middle East but with a variety of performance styles distinct from its site of origin Local versions of belly dance have grown and changed along with the role that dance plays in the community The global evolution of belly dance is an inspiring example of the interplay of imagination the internet and the social forces of local communities All royalties are being donated to Women for Women International an organization dedicated to supporting women survivors of war through economic health and social education programs The contributors are proud to provide continuing sponsorship to such a worthwhile and necessary cause **Dancing in Paradise, Burning in Hell** Trudy Irene Scee, 2016-05-01 An often overlooked segment of Maine and American history is the story of women in the working class dance industries Generally looked upon with a gasp of shock burlesque and vaudeville dancing and later taxi dancing and marathon dancing were often the only way for women to survive In taxi dancing men paid women by the dance while marathon dancing was a contest and women tried to outlast each other on the dance floor In turn of the 20th century Maine this new form of dancing was taking off as it was elsewhere in the country Historian Trudy Irene Scee explores the dance industries of Maine how they were effected by national events and how events in Maine effected national trends She explores the difficulties women faced at that time and how they turned to new forms of entertainment to make money and pay for food and shelter The focus of the book centers on the 1910s through the 1970s but extends back into the 1800s largely exploring the dance halls of the

nineteenth century be they saloons with hurdy gurdy girls and the like or dance halls with women performing the early forms of taxi and belly dancing and includes a chapter on belly dancing and other forms of dance entertainment in Maine in the 1980s to early 2000s The newest form of dance striptease dancing is not be examined specifically but is discussed as it pertains to the other dance forms The book forms a unique look at one segment of Maine history and is a terrific addition to the literature on women s issues Confessions of a Belly Dancer; Secrets of the Hieroglyph Raksanna Larcher
