Sergeii Bulgakov Towards Russian:

Sergii Bulgakov Serge? Nikolaevich Bulgakov,1999-01-01 Sergii Bulgakov was one of the most influential Russian thinkers in the Silver Age of Russian intellectual life in the decade and a half before the Revolution This book offers a representative selection and engagement with the books and essays of his formative years In this way Williams brings to our attention a figure who continues to be influential in dissident movements establishing a major point of reference for those seeking a radical or Christian alternative to state socialism and the free market **Encounter Between Eastern**

Orthodoxy and Radical Orthodoxy Christoph Schneider,2017-03-02 This book presents the first debate between the contemporary movement Radical Orthodoxy and Eastern Orthodox theologians Leading international scholars offer new insights and reflections on a wide range of contemporary issues from a specifically theological and philosophical perspective The ancient notion of divine Wisdom Sophia serves as a common point of reference in this encounter Both Radical and Eastern Orthodoxy agree that the transfiguration of the world through the Word is at the very centre of the Christian faith The book explores how this process of transformation can be envisaged with regard to epistemological ontological aesthetical ecclesiological and political questions Contributors to this volume include Rowan Williams John Milbank Antoine Arjakovsky Michael Northcott Nicholas Loudovikos Andrew Louth and Catherine Pickstock **Tradition Alive** Michael

Plekon,2003-10-22 Michael Plekon s Tradition Alive presents a collection of essays highlighting not only the vibrant tradition of 20th century Eastern Orthodox thought but also the necessity of its inclusion in the theological canon constructed mainly by Western Christian thinkers Ranging from the thought of the first generation of Russian migr s to contemporary Eastern Orthodox theologians the essays in Tradition Alive point toward a positive theology that is convinced of the immanence of the holy spirit despite a world torn apart by revolution violence and despair The contributors profess their faith in the transforming presence of Christ and the divine dimensions of the church by looking to the meaning and power of tradition in the practices of Eastern Orthodox Christianity By focusing on the Orthodox Church s ecclesial and liturgical character the authors emphasize the living character of the Christian tradition With many contributions difficult if not impossible to access until now Tradition Alive presents a brave and distinctive effort to enliven Western theology by looking to the theology of the East

The Holy Trinity Katy Leamy,2015-04-09 This book explores the ways in which Balthasar employs and adapts the thought of Sergei Bulgakov with the Trinitarian theology of Thomas Aquinas to form a kenotic Trinitarian theology that is based on the notion of Personhood as a relation of self donating love When we look at Balthasar s Trinitarian theology in light of Bulgakov and particularly as a rereading of Bulgakov in light of a Thomistic Trinitarian theology we are not only able to more clearly understand the implications of Balthasar s own Trinitarian theology but also to highlight the beauty and relevance of Bulgakov s Trinitarian contribution This reading of Balthasar s Trinitarian theology read in light of a Thomistic adjustment of Bulgakov provides an excellent point of integration for an ethics that takes into account not only individual

virtues and perfection but also the social relational context of human personhood This ethics is based in a concept of human nature bearing the imago Trinitatis and fulfilling that nature through sacramental participation and ethical extension of Christ s self offering love

Purification of Memory Ambrose Mong,2015-06-25 Although its various bodies boast a combined total of at least 300 million members the Eastern Orthodox Church is widely perceived among members of other denominations to be an exotic branch of the faith often shrouded in mysticism and misunderstandingthat has been exacerbated by the longstanding Eastern Western split In Purification of Memory Ambrose Mong casts light on the true nature of Orthodox theology illuminating the thinking of eight distinguished modern Orthodox theologians who have madeimportant contributions on topics as ecclesiology ecumenism Christology and Mariology Approaching the work of John Meyendorff Nicholas Afanasiev John Zizioulas Georges Florovsky Sergius Bulgakov Vladimir Lossky Nicolas Berdyaev and Jaroslav Pelikan from an ecumenical standpoint Mong deftly draws comparisons with the theology of their Roman Catholic counterparts to reveal points on which the two traditions have much more in common than either side will always admit The author interweaves these comparisons with a fascinating exposition of the history of the schism between the Eastern and Western Churches to demonstrate decisively that in spite of the bitter mistrust dividing them they share a common heritage which could and should serve as a basis for reunification Before old wounds can mend however a healing process of forgetting characterized by Pope John Paul II as a purification of memory must take place to clear the path towards a long awaited return to unity

Orthodox Christianity and Contemporary Europe Jonathan Sutton,William Peter van den Bercken,2003 This volume contains selected papers presented at a conference on Orthodox Christianity and its contemporary European setting The conference was held in England at the University of Leeds in June 2001 and drew together historians theologians philosophers specialists in theological education and political scientists Countries with an Orthodox Christian history were well represented as well as Orthodoxy in the diaspora and other Christian confessions by representatives from Western Europe and the United States and Canada The coherence of Orthodox Christianity and contemporary threats to its coherence formed one main strand for reflection but discussion also broadened out to consider the nature of religious tradition as such Part I of the collection brings together papers on such matters as identity nationalism globalization human rights discourse ecumenical dialogue and competing interpretations of what it means to be European Part II focuses on Orthodox Christianity in Russia and Part III on the traditionally Orthodox countries of Armenia Bulgaria Greece Romania Serbia and Ukraine The present collection is meant as a contribution to further reflection on Orthodox identity and relationship between Christianity and culture in Europe at the beginning of the twenty first century

New Monasticism Rory McEntee,Adam Bucko,2015-03-31 **Seeing the World and Knowing God** Paul S. Fiddes,2013-07-25 This creates a Christian theology of wisdom for the present day in discussion with two sets of conversation partners The writers of the wisdom literature in ancient Israel and the Jewish community in Alexandria and the philosophers and thinkers of the late

modern age among them Derrida Levinas Kristeva Ricoeur and Arendt

Ecclesial Boundaries and National Identity in

the Orthodox Church Tamara Grdzeldze, 2023-05-15 Grdzeldze's study evaluates the present state of ecclesiology in the Orthodox Church focusing on the history of autocephaly and its relationship with the rise of religious nationalism To date the Orthodox Church has not sufficiently addressed the pressing problem of religious nationalism Tamara Grdzeldze's *Ecclesial Boundaries and National Identity in the Orthodox Church* fills this lacuna offering a solution to the ecclesiological problems posed by the rise of group related sentiment in Orthodox communities Grdzeldze's monograph begins with an examination of the history of autocephaly and synodality in the Orthodox Church As she explains the political autonomy of local churches in the Eastern Roman Empire which was later transformed into autocephaly instinctively carried the kernel of group related sentiments whether national or ethnic Over time such sentiments have given rise to religious nationalism which has further resulted in the inability of autocephalous churches to disengage from their national political involvements Consequently Orthodox Churches are unable to conduct a conversation on the hermeneutics of authority After sketching this historical background Grdzeldze offers a solution to this ecclesiological problem proposing a eucharistic hermeneutics by which the concepts of autocephaly and synodality might be preserved from misappropriation by religious nationalists This proposal is centered on the principle that the Church represents the Body of Christ and thus embraces the whole people of God and the whole of God's creation through the sacramental life Ultimately this eucharistic mode of visioning the Church furnishes a solution to the crisis of borders and boundaries in the Orthodox Church

Modern Orthodox Theology Paul

Ladouceur, 2019-02-21 Modern Orthodox theology represents a continuity of the Eastern Christian theological tradition stretching back to the early Church and especially to the Ancient Fathers of the Church This volume considers the full range of modern Orthodox theology The first chapters of the book offer a chronological study of the development of modern Orthodox theology beginning with a survey of Orthodox theology from the fall of Constantinople in 1453 until the early 19th century Ladouceur then focuses on theology in imperial Russia the Russian religious renaissance at the beginning of the 20th century and the origins and nature of neopatristic theology as well as the new theology in Greece and Romania and tradition and the restoration of patristic thought Subsequent chapters examine specific major themes God and Creation Divine humanity personhood and human rights The Church of Christ Ecumenical theology and religious diversity The Christification of life Social and Political Theology The Name of God conflict The ordination of women The volume concludes with assessments of major approaches of modern Orthodox theology and reflections on the current status and future of Orthodox theology Designed for classroom use the book features case studies a detailed index a list of recommended readings for each chapter
