Murder At The Locksmith Convention:

Murder at the Locksmith Convention Mary Ellen Cooper,1997 *Murder in Aubagne* D. M. G. Sutherland,2009-04-20

This book is a study of faction lynching murder terror and counter terror during the French Revolution It examines factionalism in small towns like Aubagne near Marseille and how this produced the murders and prison massacres of 1795 8 Another major theme is the convergence of lynching from below with official terror from above Although the terror may have been designed to solve a national emergency in the spring of 1793 in southern France it permitted one faction to continue a struggle against its enemies a struggle that had begun earlier over local issues like taxation and governance It uses the techniques of micro history to tell the story of the small town of Aubagne It then extends the scope to places nearby like Marseille Arles and Aix en Provence Along the way it illuminates familiar topics like the activity of clubs and revolutionary tribunals and then explores largely unexamined areas like lynching the sociology of faction the emergence of theories of violent fraternal democracy and the nature of the White Terror **The Cumulative Book Index** ,1999 **The Insurgent Barricade** Mark Traugott,2010 A case study in how techniques of protest originate and evolve this book tells how the French perfected a repertoire of revolution over three centuries and how students exiles and itinerant workers helped it spread across Europe **The New York Times Index** ,1926 **Napoleon** Ruth Scurr,2021-06-15 Marking the 200th anniversary of his death Napoleon is an unprecedented portrait of the emperor told through his engagement with the natural world How should one envisage this subject With a great pomp of words or with simplicity Charlotte Bront The Death of Napoleon The most celebrated general in history Napoleon Bonaparte 1769 1821 has for centuries attracted eminent male writers Since Thomas Carlyle first christened him our last Great Man regiments of biographers have marched across the same territory weighing campaigns and conflicts military tactics and power politics Yet in all this time no definitive portrait of Napoleon has endured and a mere handful of women have written his biography a fact that surely would have pleased him With Napoleon Ruth Scurr one of our most eloquent and original historians emphatically rejects the shibboleth of the Great Man theory of history instead following the dramatic trajectory of Napoleon s life through gardens parks and forests As Scurr reveals gardening was the first and last love of Napoleon offering him a retreat from the manifold frustrations of war and politics Gardens were at the same time a mirror image to the battlefields on which he fought discrete settings in which terrain and weather were as important as they were in combat but for creative rather than destructive purposes Drawing on a wealth of contemporary and historical scholarship and taking us from his early days at the military school in Brienne le Chateau through his canny seizure of power and eventual exile Napoleon frames the general s story through the green spaces he cultivated Amid Corsican olive groves ornate menageries in Paris and lone garden plots on the island of Saint Helena Scurr introduces a diverse cast of scientists architects family members and gardeners all of whom stood in the shadows of Napoleon s meteoric rise and fall Building a cumulative panorama she offers indelible portraits of Augustin Bon Joseph de

Robespierre the younger brother of Maximilien Robespierre who used his position to advance Napoleon's career Marianne Peusol the fourteen year old girl manipulated into a Christmas Eve assassination attempt on Napoleon that resulted in her death and Emmanuel comte de Las Cases the atlas maker to whom Napoleon dictated his memoirs As Scurr contends Napoleon's dealings with these people offer unusual and unguarded opportunities to see how he grafted a new empire onto the remnants of the ancien régime and the French Revolution Epic in scale and novelistic in its detail Napoleon with stunning illustrations is a work of revelatory range and depth revealing the contours of the general's personality and power as no conventional biography can

To The Scaffold Carolly Erickson, 2004-07-01 One of history's most misunderstood figures Marie Antoinette represents the extravagance and the decadence of pre Revolution France Yet there was an innocence about Antoinette thrust as a child into the chillingly formal French court Married to the maladroit ill mannered Dauphin Antoinette found pleasure in costly entertainments and garments She spent lavishly while her overtaxed and increasingly hostile subjects blamed her for France's plight In time Antoinette matured into a courageous Queen and when their enemies finally closed in Antoinette followed her inept husband to the guillotine in one last act of bravery In *To the Scaffold* Carolly Erickson provides an estimation of a lost Queen that is psychologically acute richly detailed and deeply moving
