Finding America in Exodus Michael J. Broyde, Reuven Travis, 2022-09-28 God s charge to the Jewish people at Sinai was to be a kingdom of priests and a holy nation Nowhere is freedom found in this exhortation even though the Jews had been freed from slavery only seven weeks prior That is because the Jews were not liberated merely to become a free people God wanted them and expected them to evolve into a nation committed to creating a law abiding society From this perspective freedom is just a necessary precondition to achieving this America s founders understood this and wove this idea into the basic fabric of the democracy they were creating What has for centuries set America apart from other nations is its synergistic linking between freedom and the law which of course is something that goes to the heart of the Exodus story The first of the national goals enumerated in the preamble to the US Constitution is to form a more perfect Union followed by to establish Justice We truly believe that America is and always has been a great country Yet greatness does not equate to perfection and America s history is marked by episodes slavery foremost among them that were far from the founder s stated goals for their emerging nation Falling short of the mark as the American and Jewish people have done more times than either would like to remember does not negate their aspirational national goals It just means that we must be prepared to honestly assess morally challenging situations when they arise and then recommit ourselves to our goals be it becoming a kingdom of priests and a holy nation or creating a more perfect Union Never losing sight of this is the true enduring lesson of Exodus
