Brown,2019-01-08 Music can either Connect You to God or Drive You to the Devil God created the human race to enjoy music and to make music and through music the world has been dramatically changed for good and for evil In this fascinating book Michael L Brown takes the reader on a journey through the history of music from classical to rock and from hip hop to gospel showing just how transformative music has been and how much God wants to use it to change the world again Brown contends that it is time for all Christians to make a concerted effort to recover the potential of anointed music and song in our assemblies and in society in our services and on the streets in studios and in schools The counterculture revolution of the 1960s only succeeded with the help of satanically inspired music and mind altering drugs Could it be that today s Jesus revolution can only succeed with the help of Spirit inspired music and a life altering encounter with God What else will produce the necessary change in our perspective After reading this book believers will never again listen to music the same They will finally understand its power and divine origin but more importantly they will know how God wants to use it to usher in a global outpouring that will change the world forever This book will show you how music can either indoctrinate or educate you spark rebellion or patriotism and drive you to the devil or draw you closer to God This book will stir up musicians artists and worshippers everywhere to dive deeper into an appreciation and adoration of the One Himself who created sounds songs and melodies BECKAH SHAE Dove Award Nominated Singer Songwriter Musicians and non musicians alike will be inspired by the powerful ways God intends to use music in today s end time drama BOB SORGE Author of Exploring Worship A Practical Guide to Praise and Worship Dr Brown has written a must read for all musicians singers and songwriters who desire to harness the power of music to glorify Jesus change the atmosphere and release heaven s sound on the earth KELANIE GLOECKLER Worship Leader and Songwriter Executive Director of Access Worship International *A Criminology of Popular Music* Eleanor Peters,2025-09-11 Music explores the deepest experiences of the human condition love violence religion hedonism protest and politics This book takes common themes in popular music and analyses them through a harms based critical criminology of music while staying focused on its aesthetic and sensory elements It analyses the sexism homophobia and heteronormative bias of the music industry considering its harms and dangers to the people working within it It also examines the influences of drugs and alcohol on both musicians and fans Taking in music from across the globe the book considers its role in bringing hope whether on a personal or political level worldwide **Sexual and Physical Violence in Australian Punk and Hardcore Music Scenes** Ash Barnes,2025-02-18 Focused on the Australian punk and hardcore music scene this book provides an innovative balance between the acknowledgement of harm and the celebration of pleasure in live music spaces Despite

decades of advocacy within vibrant music communities stories of sexual and physical violence persist Although anecdotally common in alternative music cultures the interpretation and experiences of harm have remained absent from criminological analysis Gradients of harm dictate and frame certain behaviour as unacceptable or encouraged under specific social conditions As explored through qualitative research interviews and the author s lived experience violence within music scenes is a complex personal and collective experience Issues such as discrimination social inequality stereotyping and rape myth acceptance are instrumental in shaping how people in the punk and hardcore scenes fail to recognise minimize and dismiss violence in their community This text questions how and why some people are worthy or unworthy victims of crime and why harmful behaviour continues within these spaces Sexual and Physical Violence in Australian Punk and Hardcore Music Scenes will be of interest to researchers in the field of criminology and sociology but is also applicable to a wider academic audience interested in violence deviance and subcultures **Library of Congress Subject Headings** Library of Congress,2011
