Natural State Essays On Texas

Mark Busby, Dick Heaberlin

Natural State Essays On Texas:

A Natural State Stephen Harrigan, 2012-10-22 The personal essay at its best What Edward Abbey did for the desert Southwest and what E B White did for Maine Harrigan has done for Texas Houston Chronicle In this remarkable collection of essays Stephen Harrigan explores with an unfailing depth of feeling the human longing to feel at home in the world of nature In vivid and convincing prose he evokes the landscape of his home territory Texas and his own reactions sometimes droll sometimes haunted to the extraordinary power of place that Texas projects Like our best nature writers he tells us not only what s out there but connects it to our everyday lives A Natural State is recommended reading not just for Texans but for all who would explore their connections to the natural world The Washington Post While luminous is not a word that you would think of in connection with the Lone Star State that s what these pieces are They are filled with poetry wit and delightfully offbeat observations The San Diego Union Tribune Harrigan deftly weaves fact historical perspective and personal experience into a tightly interlaced evocative fabric By the end of the book he brings the vast Texas landscape within grasp of even the most skeptical reader The Denver Post Harrigan s observations are not those of an academically trained naturalist but rather the fresh outlook of a city bred tourist rejoicing in the exhilaration of discovery Booklist Though several of the essays display a strong ecological bent the author is never shrill He is an accomplished prose stylist who combines accurate research with an unerring eye for detail Highly recommended Science

A Natural State Stephen Harrigan, 1994 In this remarkable collection of essays Stephen Harrigan explores with an unfailing depth of feeling the human longing to feel at home in the world of nature In vivid and convincing prose he evokes the landscape of his home territory Texas and his own reactions sometimes droll sometimes haunted to the extraordinary power of place that Texas projects A Natural State was originally published in hardcover in 1988 by Texas Monthly Press

Rivers of Texas Verne Huser, 2004-03-31 Explores the landscape history geology and recreational opportunities afforded by the rivers of Texas presenting information about each river s size location tributaries discharge and special sites

Texas Sky Wyman Meinzer, 1998 Declared Texas State Photographer for 1997 the author celebrates his native state with a collection of some 114 pages of color photographs along with a thoughtful accompanying essay by John Graves that captures the essence of Texas UP

From Texas to the World and Back Mark Busby, Dick Heaberlin, 2001 Katherine Anne Porter s uneasy relationship with her home state has become increasingly important to discussions of her life and work Born in the now gone community of Indian Creek and raised in Kyle Porter is tied to Texas by three major events that occurred during her career In 1939 she expected to receive the Texas Institute of Letters Award for Best Texas Book only to be insulted when the award went to folklorist J Frank Dobie In the 1950s she accepted an invitation to lecture at the University of Texas at Austin During her visit to present that lecture Porter began to believe that UT would build a library and name it after her Texas most famous literary daughter But somehow she and UT President Harry Ransom miscommunicated and Porter left her materials to the McKeldin Library at the University of

Maryland Finally in 1976 she returned to Texas to receive recognition from Howard Payne University in Brownwood On that trip she visited her mother s grave in the little cemetery at Indian Creek and decided that her remains on her death belonged beside her mother So Porter finally returned to the state she had fled early in her life The essays in this collection are based primarily upon a symposium held in May 1998 at Southwest Texas State University in San Marcos The collection includes essays by both scholars of Porter s work and of Texas literature Some concern specific aspects of her life such as her love for her birthday or her marital record Others focus on the main elements of her relationship with Texas while still others deal with specific works often relating them to her Texas heritage This important addition to Porter studies provides new insight into the ways in which Porter s Texas heritage shaped her life and her fiction **Jacob's Well** Stephen Harrigan,2014-07-01 Originally published in 1984 Stephen Harrigan s passionate emotionally intense second novel takes readers deep into the mysterious passageways of a Central Texas aquifer and of the human heart This edition includes a new afterword by the author **Conversations with Texas Writers** Frances Leonard,Ramona Cearley,2010-01-01 Larry McMurtry declares Texas itself doesn t have anything to do with why I write It never did Horton Foote on the other hand says I ve just never had a desire to write about any place else In between those figurative bookends are hundreds of other writers some internationally recognized others just becoming known who draw inspiration and often subject matter from the unique places and people that are Texas To give everyone who is interested in Texas writing a representative sampling of the breadth and vitality of the state s current literary production this volume features conversations with fifty of Texas s most notable established writers and emerging talents The writers included here work in a wide variety of genres novels short stories poetry plays screenplays essays nonfiction and magazine journalism In their conversations with interviewers from the Writers League of Texas and other authors organizations the writers speak of their apprenticeships literary influences working habits connections with their readers and the domestic and public events that have shaped their writing Accompanying the interviews are excerpts from the writers work as well as their photographs biographies and bibliographies Joe Holley s introductory essay an overview of Texas writing from Cabeza de Vaca s 1542 Relaci n to the work of today s generation of writers who are equally at home in Hollywood as in Texas provides the necessary context to appreciate such a diverse collection of literary voices A sampling from the book This land has been my subject matter One thing that distinguishes me from the true naturalist is that I ve never been able to look at land without thinking of the people who ve been on it It s fundamental to me John Graves Writing is a way to keep ourselves more in touch with everything we experience It seems the best gifts and thoughts are given to us when we pause take a deep breath look around see what s there and return to where we were revived Naomi Shihab Nye I ve said this many times in print the novel is the middle age genre Very few people have written really good novels when they are young and few people have written really good novels when they are old You just tail off and lose a certain level of concentration Your imaginative energy begins to lag I feel like I m repeating myself and

most writers do repeat themselves Larry McMurtry I was a pretty poor cowhand I grew up on the Macaraw Ranch east of Crane Texas My father tried very hard to make a cowboy out of me but in my case it never seemed to work too well I had more of a literary bent I loved to read and very early on I began to write small stories short stories out of the things I liked to read Elmer Kelton

The San Marcos Jim Kimmel, 2006 The San Marcos springs have flowed for around ten million years In this ode to the river they form Jim Kimmel brings us a picture of a watercourse brimming with life past and present Native non native prehistoric and modern day plants animals and people have inhabited the river and its banks Kimmel touches on them all with the affectionate and knowledgeable voice of one whose own life has been closely linked to the San Marcos As readers journey with Kimmel from the river s headwater springs to its junction with the Guadalupe River The San Marcos A River s Story will capture the imagination and provide valuable information about the river and its crucial role in the ecological health of Texas Original photographs by Jerry Touchstone Kimmel add a sense of the beauty and complexity of the river

Giant Don Graham, 2018-04-10 A larger than life narrative of the making of the classic film marking the rise of America as a superpower the ascent of Hollywood celebrity and the flowering of Texas culture as mythology Featuring James Dean Rock Hudson and Elizabeth Taylor Giant is an epic film of fame and materialism based around the discovery of oil at Spindletop and the establishment of the King Ranch of south Texas Isolating his star cast in the wilds of West Texas director George Stevens brought together a volatile mix of egos insecurities sexual proclivities and talent Stevens knew he was overwhelmed with Hudson s promiscuity Taylor s high diva dom and Dean s egotistical eccentricity Yet he coaxed performances out of them that made cinematic history winning Stevens the Academy Award for Best Director and garnering nine other nominations including a nomination for Best Actor for James Dean who died before the film was finished In this compelling and impeccably researched narrative history of the making of the film Don Graham chronicles the stories of Stevens whose trauma in World War II intensified his ambition to make films that would tell the story of America Edna Ferber a considerable literary celebrity who meets her match in the imposing Robert Kleberg proprietor of the vast King Ranch and Glenn McCarthy an American oil tycoon and Errol Flynn lookalike with a taste for Hollywood Drawing on archival sources Graham s Giant is a comprehensive depiction of the film s production showing readers how reality became fiction and fiction became cinema

Sorrowful Mysteries Stephen Harrigan, 2025-04-15 Part memoir part mystery a powerful exploration of the three secrets of Fatima and a man s journey grappling with his own faith In 1917 in Fatima Portugal three shepherd children claimed that the Virgin Mary appeared before them and spoke the words Do not be afraid Stephen Harrigan first heard the story of Our Lady of Fatima when he was a young boy attending a Catholic school in Texas in the 1950s struggling to come to grips with a religion that simultaneously soothed and terrified him The question of what actually happened in Fatima in the early part of the twentieth century one of the most important and most mysterious events in the church s history captured his young imagination and has stayed with him ever since Sorrowful Mysteries is a detailed and

extraordinarily compassionate examination of the phenomenon of Our Lady of Fatima an attempt to unravel and put into perspective the lives of the three children how this life altering event changed them and the world they knew and how it intersected with so many of the signal moments of the twentieth century pandemics revolutions world wars assassinations and even skyjackings It is a sweeping story but also at its heart a very personal one about Harrigan s own relationship with Catholicism and his lifelong struggle to break free from a religion that in so many paradoxical ways shaped and defined him

This is likewise one of the factors by obtaining the soft documents of this **Natural State Essays On Texas** by online. You might not require more times to spend to go to the ebook opening as with ease as search for them. In some cases, you likewise realize not discover the statement Natural State Essays On Texas that you are looking for. It will utterly squander the time.

However below, as soon as you visit this web page, it will be hence no question simple to get as skillfully as download guide Natural State Essays On Texas

It will not admit many grow old as we explain before. You can complete it even if exploit something else at house and even in your workplace. correspondingly easy! So, are you question?
