Nazi Germany And Neutral Europe During The Second World War Sympathy For The Devil

Sara J. Brenneis, Gina Herrmann

Nazi Germany And Neutral Europe During The Second World War Sympathy For The Devil:

Sympathy for the Devil Christian Leitz, 2001-05-01 The recent revelations about the role of the Swiss banks in keeping Jewish accounts after World War II has caused a reappraisal of the role of the neutral nations What exactly did it mean to be neutral in World War II Was neutrality just a cover for collaboration with the Nazis Did countries who refused to take sides help or hurt the Allied cause And how did the neutrals treat people who were vulnerable to the Nazis In this first study of Nazi Germany's to the five European neutrals Portugal Spain Switzerland Sweden and Turkey Christian Leitz shines a light on their wartime record Questioning the true commitment to neutrality of the five states he details not simply the development of relations to Germany but also the contribution they made to Germany's war effort He shows how the Nazi regime benefitted in large measure from permitting these five countries to remain neutral We learn how during Germany's military decline in the waning months of the war it continued to receive vital services from the neutrals Based on a wide reading of sources in English German Spanish Swedish Portuguese French and Turkish and supplemented by documentary evidence from German archives this book enables readers at all levels to gain insight into a significant aspect not only of the history of Nazi Germany but also the history of the Second World War in Europe **Spain, the Second World War, and the Holocaust**

Sara J. Brenneis, Gina Herrmann, 2020-03-26 Spain the Second World War and the Holocaust is the first comprehensive historical and cultural study of Spain's unique relationship to this turbulent historical period German Diplomatic Relations 1871-1945 William Young, 2006 Examines the continuity of German Foreign Office influence in the formulation of foreign policy under the leadership of Otto von Bismarck 1862 1890 Kaiser William II 1888 1918 the Weimar Republic 1919 1933 and Adolf Hitler 1933 1945 **The American Conception of Neutrality After 1941** J.

Gabriel, 2002-07-09 The American Conception of Neutrality After 1941 by J rg Martin Gabriel is a study of global political history since 1941 with a particular emphasis on America's attitude to neutrality This important revised and updated edition contains three entirely new chapters including an insightful new introduction and conclusion drawing on newly released documentation most importantly on Southeast Asia and the Vietnam War Like the previous edition this book looks at world affairs through the eyes of neutrality It covers amongst other issues America's contribution to the decline of world neutrality the major economic and military events surrounding the Second World War the founding of NATO and the problems of neutralism during the Vietnam War This new edition however goes one step further to confirm with fresh new evidence e g the end of the Cold War and the Unification of Germany the central thesis of the original volume American foreign policy is an important topic of continuing interest **A Companion to the Holocaust** Simone Gigliotti, Hilary Earl, 2020-04-24 Provides a cutting edge nuanced and multi disciplinary picture of the Holocaust from local transnational continental and global perspectives Holocaust Studies is a dynamic field that encompasses discussions on human behavior extremity and moral action A diverse range of disciplines history philosophy literature social psychology anthropology geography amongst

others continue to make important contributions to its scholarship A Companion to the Holocaust provides exciting commentaries on current and emerging debates and identifies new connections for research The text incorporates new language geographies and approaches to address the precursors of the Holocaust and examine its global consequences A team of international contributors provides insightful and sophisticated analyses of current trends in Holocaust research that go far beyond common conceptions of the Holocaust s causes unfolding and impact Scholars draw on their original research to interpret current agenda setting historical and historiographical debates on the Holocaust Six broad sections cover wide ranging topics such as new debates about Nazi perpetrators arguments about the causes and places of persecution of Jews in Germany and Europe and Jewish and non Jewish responses to it the use of forced labor in the German war economy representations of the Holocaust witness and many others A masterful framing chapter sets the direction and tone of each section s themes Comprising over thirty essays this important addition to Holocaust studies Offers a remarkable compendium of systematic comparative and precise analyses Covers areas and topics not included in any other companion of its type Examines the ongoing cultural social and political legacies of the Holocaust Includes discussions on non European and non Western geographies inter ethnic tensions and violence A Companion to the Holocaust is an essential resource for students and scholars of European German genocide colonial and Jewish history as well as those in the general humanities

The Library of Congress World War II Companion David M. Kennedy, 2007-10-02 An indispensable reference on World War II produced by the Library of Congress and edited by Pulitzer Prize winning historian David M Kennedy With hundreds of illustrations and quotations from contemporary documents this will be the most authoritative popular reference on World War II The noted historian John Keegan called World War II the largest single event in human history More than sixty years after it ended that war continues to shape our world Going far beyond accounts of the major battles The Library of Congress World War II Companion examines in a unique and engaging manner this devastating conflict its causes conduct and aftermath It considers the politics that shaped the involvement of the major combatants military leadership and the characteristics of major Allied and Axis armed services the weaponry that resulted in the war s unprecedented destruction as well as debates over the use of these weapons the roles of resistance groups and underground fighters war crimes daily life during wartime the uses of propaganda and much more Drawn from the unparalleled collections of the institution that has been called America s Memory The Library of Congress World War II Companion includes excerpts from contemporary letters journals pamphlets and other documents as well as first person accounts recorded by the Library of Congress Veterans History Project The text is complemented by more than 150 illustrations Organized into topical chapters such as The Media War War Crimes and the Holocaust and two chapters on Military Operations that cover the important battles the book also include readers to navigate through the rich store of information in these pages Filled with facts and figures information about unusual aspects of the war and moving personal accounts this remarkable volume will be indispensable to

anyone who wishes to understand the World War II era and its continuing reverberations Europe's Long Century Spencer Di Scala, 2013 The twentieth century has been interpreted as a short century marked by extremes According to this view the century lasted only from 1914 to 1989 or 1991 These dates coincide with the rise and fall of communism that came to power in Russia in 1917 and ended with the fall of the Berlin wall 1989 or that of the Soviet Union 1991 Thus the concept of a short century is unduly influenced by a Cold War perspective In Europe's Long Century Spencer Di Scala presents an alternative view that will be more helpful to undergraduate history students in the twenty first century namely that twentieth century Europe was actually a long century lasting approximately from 1900 to 2000 with patterns and antecedents discernible before the century began and that continue to be elaborated today Comprehensive current and affordable Europe's Long Century integrates the histories of Eastern Europe Scandinavia and the Balkans that are often neglected in similar treatments It also thoroughly covers the role of science in shaping modern European life and the book's biographical sketches profile the lives of important though not always well known people who influenced Europe's long century

Neutrality in World History Leos Müller, 2019-01-10 *Neutrality in World History* provides a cogent synthesis of five hundred years of neutrality in global history Author Leos Müller argues that neutrality and neutral states such as Switzerland Sweden Belgium have played an important historical role in implementing the free trade paradigm shaping the laws of nations and humanitarianism and serving as key global centers of trade and finance Offering an intriguing alternative to dominant world history narratives which hinge primarily on the international relations and policies of empires and global powers *Neutrality in World History* provides students with a distinctive introduction to neutrality's place in world history

Sweden, Japan, and the Long Second World War Pascal Lottaz, Ingemar Ottosson, 2021-07-13 We thank Ekman Co AB and Gadelius Holding Ltd for their kind and generous support making this research available online for free Lottaz and Ottosson explore the intricate relationship between neutral Sweden and Imperial Japan during the latter's 15 years of warfare in Asia and in the Pacific While Sweden's relationship with European Axis powers took place under the premise of existential security concerns the case of Japan was altogether different Japan never was a threat to Sweden militarily or economically Nevertheless Stockholm maintained a close relationship with Tokyo until Japan's surrender in 1945 This book explores the reasons for that and therefore provides a study on the rationale and the value of neutrality in the Long Second World War Sweden Japan and the Long Second World War is a valuable resource for scholars of the Second World War and of the history of neutrality

World War II in Global Perspective, 1931-1953 Andrew N. Buchanan, 2019-02-05 A comprehensive review of World War II that offers a global level analysis Written for academics and students of history World War II in Global Perspective 1931-1953 presents a dynamic and global account of the historical events prior to during and after World War II The author a noted expert on the topic explores the main theaters of the war and discusses the connections between them He also examines the impact of the war on areas of the world that are often neglected in historical

accounts including Latin America sub Saharan Africa and the so called neutral countries This comprehensive text clearly shows how in the struggle against the Axis powers the United States replaced Britain as the global superpower The author discusses the Japanese invasion of Manchuria in 1931 and the Korean War 1950 1953 and argues that the core years of the war 1939 1945 cannot be understood without considering the turbulent events that framed them The text puts World War II in context as a series of large regional conflicts that intersected and overlapped finally emerging as a genuine world war with the formal entry of the United States in late 1941 This vital text Offers a comprehensive review of World War II that frames it in a global context Gives weight to the economic and political developments of the war Provides a robust account of the main military campaigns Contains illustrations and maps that themselves highlight little known aspects of the global war
