## **Neanderthin Eat Like A Caveman To Achieve A Lean Strong Healthy Body:**

*The Hungry Years* William Leith, 2010-08-20 Hunger is the loudest voice in my head I m hungry most of the time William Leith began the eighties slim by the end of that decade he had packed on an uncomfortable amount of weight In the early nineties he was slim again but his weight began to creep up once more On January 20th 2003 he woke up on the fattest day of his life That same day he left London for New York to interview controversial diet guru Dr Robert Atkins But what was meant to be a routine journalistic assignment set Leith on an intensely personal and illuminating journey into the mysteries of hunger and addiction From his many years as a journalist Leith knows that being fat is something people find more difficult to talk about than nearly anything else But in *The Hungry Years* he does precisely that Leith uses his own pathological relationship with food as a starting point and reveals himself driven to the kitchen first thing in the morning to inhale slice after slice of buttered toast wracked by a physical and emotional need that only food can satisfy He travels through fast food scented airports and coffee shops as he explores the all encompassing power of advertising and the unattainable notions of physical perfection that feed the multibillion dollar diet industry Fat has been called a feminist issue William Leith s unblinking look at the physical consequences and psychological pain of being an overweight man charts fascinating new territory for everyone who has ever had a craving or counted a calorie *The Hungry Years* is a story of food fat and addiction that is both funny and heartwrenching I was sitting in a caf on the corner of 3rd Avenue and 24th Street in Manhattan holding a menu I was overweight In fact I was fat Like millions of other people I had entered into a pathological relationship with food and with my own body For years I had desperately wanted to write about why this had happened not just to me but to all those other people as well I knew it had a lot to do with food But I also knew it was connected to all sorts of outside forces If I could understand what had happened to me I could tell people what had happened to them too Right there and then I decided that I would do everything to discover why I had got fat I would look at every angle And then I would lose weight and report back from the slim world Excerpt from *The Hungry Years*
