Presidents Politics And Policy

Roger D. Launius, Howard E. McCurdy

Presidents Politics And Policy:

Presidents, Politics, and Policy Erwin C. Hargrove, Michael Nelson, 1984 This book argues that presidential power is a mixture of constitutional cultural and political and individual elements that manifest themselves in recurring historical cycles of politics and policy

Presidential Leadership George C. Edwards III, Kenneth R. Mayer, Stephen J. Wayne, 2024-01-24 This classic text on the American presidency analyzes the institution and the presidents who hold the office through the key lens of leadership Edwards Mayer and Wayne explain the leadership dilemma presidents face and their institutional political and personal capacities to meet it Two models of presidential leadership help us understand the institution one in which a strong president dominates the political environment as a director of change and another in which the president performs a more limited role as facilitator of change Each model provides an insightful perspectives to better understand leadership in the modern presidency and to evaluate the performance of individual presidents With no simple formula for presidential success and no partisan perspective driving the analysis the authors help us understand that presidents and citizens alike must understand the nature of presidential leadership in a pluralistic system in which separate institutions share powers This fully revised thirteenth edition is fully updated through the Biden administration with recent policy developments the 2022 midterm elections changes to the media environment and the latest data

Presidential Leadership George C. Edwards III, Kenneth R. Mayer, Stephen J. Guide to the Presidency and the Executive Branch Michael Nelson, 2012-08-13 This comprehensive two volume guide is the definitive source for researchers seeking an understanding of those who have occupied the White House and on the institution of the U S presidency Readers turn Guide to the Presidency and the Executive Branch for its wealth of facts and analytical chapters that explain the structure powers and operations of the office and the president s relationship with Congress and the Supreme Court The fifth edition of this acclaimed reference completes coverage of the George W Bush presidency the 2008 election and the first 3 years of the presidency of Barack

Obama This includes coverage of their handling of the economic crisis wars abroad and Obama s healthcare initiatives The work is divided into eight distinct subject areas covering every aspect of the U S presidency and all chapters in each subject area have been revised and updated Origins and Development of the Presidency including constitutional beginnings history of the presidency and vice presidency and presidential ratings Selection and Removal of the President including the electoral process a chronology of presidential elections removal of the president and vice president and succession Powers of the Presidency including the unilateral powers of the presidency and those as chief of state chief administrator legislative leader commander in chief and chief economist The President the Public and the Parties including presidential appearances the president and political parties the president and the news media the presidency and pop culture public support and opinion and the president and interest groups The Presidency and the Executive Branch including the White House Office the Office of the Vice President supporting organizations the cabinet and executive departments presidential commissions and executive branch housing pay and perquisites Chief Executive and Federal Government including the president and Congress the president and the Supreme Court and the president and the bureaucracy Presidents their Families and Life in the White House and Beyond including the daily life of the president the first lady the first family friends of presidents and life after the presidency Biographies of the Presidents Vice Presidents First Ladies This new volume also features more than 200 textboxes tables and figures Major revisions cover the supporting White House organizations and the president s role as chief economist Additional reference materials include explanatory headnotes as well as hundreds of photographs with detailed captions

The Oxford Handbook of Political Executives Rudy B. Andeweg, Robert Elgie, Ludger Helms, Juliet Kaarbo, Ferdinand Müller-Rommel, 2020-07-30 Political executives have been at the centre of public and scholarly attention long before the inception of modern political science In the contemporary world political executives have come to dominate the political stage in many democratic and autocratic regimes The Oxford Handbook of Political Executives marks the definitive reference work in this field Edited and written by a team of world class scholars it combines substantive stocktaking with setting new agendas for the next generation of political executive research

The Fifth French Republic: Presidents, Politics and Personalities Philip Thody, 2002-01-31 The Fifth French Republic is a study of modern French politics and history discussing the five presidents who span from 1959 to the present Charles de Gaulle Georges Pompidou Valéry Giscard d Estang François Mitterrand and Jacques Chirac Philip Thody examines the importance of the similarities between the five men for an understanding of the general and political culture of France the similarities and differences in the foreign policies pursued by the five presidents including anti Americanism France s role in the European Union and her attitude to the Cold War French domestic policies and administrative practices attempts to decentralize the state the role of the French civil service the problem of immigration and the rise of the National Front

The Politics of the Presidency Joseph A. Pika, John Anthony Maltese, Andrew Rudalevige, 2019-12-20 The most up to date coverage and analysis of the presidency Never losing

sight of the foundations of the political office The Politics of the Presidency maintains a balance between historical context and contemporary scholarship on the executive branch providing a solid foundation for any presidency course In the highly anticipated Tenth Edition of this bestseller Pika Maltese and Rudalevige thoroughly analyze the change and continuity in the presidency during President Trump's first term his relations with Congress and the judiciary the outcomes of the 2018 midterm election and the competitive setting for the 2020 presidential race **Leadership and Politics** Bryan D.

Jones,1989 In twelve essays influential scholars in political science explore the meaning of political leadership from the kaleidoscopic perspectives of the leaders institutions goals procedures problems and traditions involved The approaches as varied as the subject itself coalesce around the central question of how leaders interact with transform or are controlled by the organizations they lead **Presidents, Politics, and Policy** Erwin C. Hargrove,Michael Nelson, **The Politics of the Presidency** John Anthony Maltese,Andrew Rudalevige,Joseph A. Pika,2025-02-24 Get insightful coverage and analysis of the U S presidency with this comprehensive text Never losing sight of the foundations of the office The Politics of the Presidency maintains a balance between historical context and contemporary scholarship on the executive branch providing a solid foundation for any presidency course In this Revised Eleventh Edition Maltese Rudalevige and Pika thoroughly analyze the change and continuity following the November 2024 presidential election *The Politics of Presidential Appointments* David E. Lewis,2010-12-16 In the wake of Hurricane Katrina many questioned whether the large number of political appointees in the Federal Emergency Management Agency contributed to the agency's poor handling of the catastrophe ultimately costing hundreds of lives and causing immeasurable pain and suffering The Politics of Presidential Appointments examines in depth how and why presidents use political appointees and how their choices impact government performance for better or worse One way presidents can influence the permanent bureaucracy is by filling key posts with people who are sympathetic to their policy goals But if the president's appointees lack competence and an agency fails in its mission as with Katrina the president is accused of employing his friends and allies to the detriment of the public Through case studies and cutting edge analysis David Lewis takes a fascinating look at presidential appointments dating back to the 1960s to learn which jobs went to appointees which agencies were more likely to have appointees how the use of appointees varied by administration and how it affected agency performance He argues that presidents politicize even when it hurts performance and often with support from Congress because they need agencies to be responsive to presidential direction He shows how agency missions and personnel and whether they line up with the president's vision determine which agencies presidents target with appointees and he sheds new light on the important role patronage plays in appointment decisions

The President and Civil Rights Policy Steven Shull,1989-04-26 The most thorough systematic and historical examination of the interrelations of the president and other participants in civil rights policymaking The President and Civil Rights Policy investigates the process from agenda setting through implementation and even reviews policy impact Emphasizing the

themes of leadership and change Shull surveys the numerous policy tools available to a president committed to policy change Although historical components are reviewed the stress here is on the contemporary presidency Included is a groundbreaking detailed assessment of the Reagan administration that provides our first look at the president's role in a vital issue across the entire policymaking process Shull finds that the American president is the most prominent catalyst for most public policy programs with domestic issue areas like civil rights often allowing the greatest discretionary latitude This crucial issue functions as a barometer of presidential influence priority and action as what presidents choose to do may be largely up to them Some presidents such as Lyndon Johnson have initiated civil rights policies whereas others such as Ronald Reagan have acted to restrict government's role and have turned back the civil rights clock The main thrust here is that committed presidents lead and without leadership little change in policy occurs Various kinds of evidence from quantitative data on statements actions and results as well as memoirs and interviews are used to document the presidents impact on civil rights policy More than forty tables scrutinize almost every perceivable aspect of this subject from Major Events in the Struggle for Racial Equality to Average Expenditures Outlays for Civil Rights and Characteristics of Federal District and Appellate Court Judges The volume's four major divisions present a framework for the analysis focus on the president's role in agenda setting and policy formulation delineate the roles of others and their responses to presidents statements and actions and assess presidential impact This timely and detailed study will be useful supplementary reading in graduate and advanced undergraduate courses in the presidency American government civil liberties and in public policy courses especially those using the process or content form of organization

The Politics of the Presidency, Revised 8th Edition Joseph A. Pika, John Anthony Maltese, 2013-07-15 In the most up to date core text available on the presidency The Politics of the Presidency Revised Eighth Edition Joseph A Pika and John Anthony Maltese once again deliver their comprehensive and accessible analysis of the presidency Never losing sight of the foundations of the office the authors maintain a balance between historical context and contemporary scholarship on the executive A solid foundation for any presidency course the revised eighth edition features updated chapters including coverage of the 2012 election and a new chapter analyzing Obama's challenges as a second term president in an entrenched partisan environment

The Presidency and the Political System Michael Nelson, 2020-07-17 The Presidency and the Political System showcases the best of presidential studies and research with top notch presidency scholars writing specifically for an undergraduate audience Michael Nelson rigorously edits each contribution to present a set of analytical yet accessible chapters and offers contextual headnotes introducing each essay Chapters represent the full range of topics institutions and issues relevant to understanding the American presidency covering approaches to studying the presidency elements of presidential power presidential selection presidents and politics and presidents and government This Twelfth Edition fully incorporates coverage of the Trump administration

New Directions in the American Presidency Lori Cox Han, 2023-02-21 The third edition of New Directions in the American

Presidency provides important updates on all topics throughout the text including new and relevant literature across the subfield of presidency studies within political science Significant changes have occurred within the political environment since the publication of the second edition Many scholars refer to the Trump presidency as a disruption to the political order and each chapter will assess the lessons and legacies of the Trump years and analyze how the Biden presidency is faring in the return to a more traditional style of presidential leadership New to the Third Edition Updated chapter on the 2020 presidential campaign and aftermath Assessment of the Trump years Presidential powers and management of executive branch use of social media relationship with Congress relationship with political parties public opinion domestic and foreign policy Supreme Court appointments Two new chapters unitary powers and intersectionality and the presidency

Routledge Handbook of Russian Politics and Society Graeme Gill, 2022-12-23 This second edition of the highly respected Routledge Handbook of Russian Politics and Society both provides a broad overview of the area and highlights cutting edge research into the country Through balanced theoretical and empirical investigation each chapter examines both the Russian experience and the existing literature identifies and exemplifies research trends and highlights the richness of experience history and continued challenges inherent to this enduringly fascinating and shifting polity Politically economically and socially Russia has one of the most interesting development trajectories of any major country This Handbook answers questions about democratic transition the relationship between the market and democracy stability and authoritarian politics the development of civil society the role of crime and corruption the development of a market economy and Russia's likely place in the emerging new world order Providing a comprehensive resource for scholars students and policy makers alike this book is an essential contribution to the study of Russian studies politics Eastern European studies politics and International Relations

Comparative European Politics Rory Costello, Neil Robinson, 2020 This essential guide to comparative European politics provides the broadest range of coverage on Europe illustrated via the widest range of examples applied to contemporary events

Spaceflight and the Myth of Presidential Leadership Roger D.

Launius, Howard E. McCurdy, 1997 Setting the tone for the collection NASA chief historian Roger D Launius and Howard McCurdy maintain that the nation's presidency had become imperial by the mid 1970s and that supporters of the space program had grown to find relief in such a presidency which they believed could help them obtain greater political support and funding Subsequent chapters explore the roles and political leadership vis vis government policy of presidents

Eisenhower Kennedy Johnson Nixon Ford Carter and Reagan

The Logic of American Politics Samuel Kernell, Gary C. Jacobson, Thad Kousser, Lynn Vavreck, 2017-02-27 This new edition of the bestselling The Logic of American Politics is thoroughly updated and covers the dramatic 2016 election results with a thorough analysis of those results It arms students with a revised introduction to institutional design that makes concepts such as command veto agenda control voting rules and delegation easier for students to master and apply so they clearly see how the American political system was devised and

why it works the way it does Authors Samuel Kernell Gary C Jacobson Thad Kousser and Lynn Vavreck build students critical thinking through a simple yet powerful idea politics is about solving collective action problems This new edition continues to delve into partisan differences among voters and in government and highlight the increasingly partisan nature of campaigns By exploring issues such as the Affordable Care Act s troubled implementation the increasing legalization of marijuana and same sex marriage in the states and the debate over immigration the book illustrates how the institutional structures of government federalism and even campaigns can help voters make sense of their choices The concluding chapter on policymaking examines the noticeable logic that guides American policy as shown through issues like health care reform global climate change and the federal budget Students glean insights into the sources of policy problems identify possible solutions and realize why agreement on those solutions is often so hard to achieve Presidential Power Robert Y. Shapiro,Martha Joynt Kumar,Lawrence R. Jacobs,2000 Building on Richard Neustadt s work Presidential Power the Politics of Leadership this work offers reflections and implications from what has been learned about presidential power Each essay takes a different look at the state of the American presidency
