Baudelaire's Le Spleen de Paris MariaC. Scott,2017-09-29 Maria Scott s study of the operation of irony in Baudelaire s *Le Spleen de Paris* contends that the principal target of the collection s spleen is its own readership Baudelaire as one of the most perceptive cultural commentators of the nineteenth century was naturally very keenly aware of the growing dominance of the bourgeoisie in France not least as a market for art and literature Despite being dependent on this market for his own writing the poet was highly critical of bourgeois values and attitudes Scott builds on existing criticism of the collection to argue that these are indirectly mocked in *Le Spleen de Paris* often in the person of the poet s supposed textual alter ego The contention is that the prose poems betray the trust of readers by way of an apparent transparency of meaning that functions to blind us to their embedded irony Though focused on *Le Spleen de Paris* Scott s study engages with the full range of Baudelaire s writings including his art and literary criticism Her book will be of interest not only to Baudelaire scholars but also to those engaged more generally with nineteenth century French culture *Unacknowledged Legislators* Roger Pearson,2016 *Unacknowledged Legislators* presents an original and detailed history of the theory and practice of French poetry from 1750 through to the end of the Romantic period Focusing on five major writers of the period it demonstrates how the figure of the poet as lawgiver was central to the theory and practice of poetry during this period *The Princeton Encyclopedia of Poetry and Poetics* Stephen Cushman,Clare Cavanagh,Jahan Ramazani,Paul Rouzer,2012-08-26 The most important poetry reference for more than four decades now fully updated for the twenty first century Through three editions over more than four decades *The Princeton Encyclopedia of Poetry and Poetics* has built an unrivaled reputation as the most comprehensive and authoritative reference for students scholars and poets on all aspects of its subject history movements genres prosody rhetorical devices critical terms and more Now this landmark work has been thoroughly revised and updated

City Images Mary Ann Caws, 2013-11-26 First Published in 1991 Knowing any real city and still more so knowing what it is to know a city may be as much about passive as about active experience What we read in the field that field of the city in all its bizarre mixture of culture and nature is bound to determine to some non fictional extent what we know of it what we imagine it could be what we fear it may be or become These essays are meant to be albeit in their critical mode the recountings of knowing something through something else they are the projected imagination through reading of the reading by the self and or others a wide range of each of a city or cities as such of what city knowing or city thinking is The city as stage market and labyrinth variously trafficked and aestheticized dreamt and politicized as passionately written by authors from Cicero to Kazin from Wordsworth Dickens Whitman and Woolf to Williams Ashbery and Bonnefoy is the place the essays play themselves out through architecture and metaphor

Formal Revolution in the Work of Baudelaire and Flaubert Kathryn Oliver Mills, 2012-03-22 In *Formal Revolution in the Work of Baudelaire and Flaubert* Kathryn Oliver Mills argues that despite the enduring celebrity of Baudelaire and Flaubert their significance to modern art has been miscast and misunderstood To date literary criticism has paid insufficient attention to these authors literary form and their socio cultural context In addition critical literature has not always adequately integrated individual works to each author s broader oeuvre on the one hand critics do not often maintain rigorous distinctions among texts when discussing Baudelaire and Flaubert and on the other hand scholars of Baudelaire and Flaubert have not consistently considered the relationship of individual texts to either writer s corpus Furthermore critical focus has been on the modernity of *Les Fleurs du mal* *Madame Bovary* and *L Education Sentimentale* Addressing these lacunae in scholarship Mills puts forth the argument that Baudelaire s collection of prose poems *Le Spleen de Paris* and Flaubert s short poetic tales *Trois contes* best embody the modern aesthetic that Baudelaire develops in *Le Peintre de la vie moderne* and that Flaubert elaborates in his correspondence *Formal Revolution* places these relatively less well known but last published works in relationship with the artistic goals of their authors

showing that Baudelaire and Flaubert were both acutely aware of the need to launch a new form of literature in order to literally come to terms with the dramatic changes transforming the nineteenth century into the Modern Age More specifically Formal Revolution demonstrates that for Baudelaire and Flaubert the formal project of fusing prose with poetry as poetic prose in the case of Flaubert as poetry in prose in the case of Baudelaire was crucial to their mission of painting modern life This work concludes that experimentation with literary form represents these two seminal writers major legacy to modernity suggests that the twentieth century might have gone too far down that road and speculates about the future direction of literature The modernity of Baudelaire and Flaubert still relevant today but often taken for granted needs to be reexamined in light of the cultural formal and contextual considerations that inform Formal Revolution in the Work of Baudelaire and Flaubert
