Making History Happen Derrilyn E. Morrison, 2015-10-05 Making History Happen Caribbean Poetry in America examines Lorna Goodison s Turn Thanks 1999 McCallum s The Water

Between Us 1999 and Claudia Rankine's Plot 2001 and Don't Let Me Be Lonely 2004 Engaging familiar themes and issues of time language and identity the readings focus on Signifying moments in the works of the poets under discussion Reflecting on some of the ways that transnational women poets of the black diaspora are using tropes of mobility to create a renewed sense of identity and a sense of belonging to a communal network the readings also demonstrate that the project of re writing individual self identity in light of one's expanding consciousness or awareness of the other is more urgent and more demandingly realistic in contemporary poetry written by women poets who occupy transnational spaces In these works re memory becomes a process that transforms the gathering of memory reflecting the interrelatedness of communal and individual subjective identities Rankine's poetry collections are used to close the discourse in this book for the call they make An intriguing crossing of genres their structural use of time and space reflects the stylistic inventiveness that has become a hallmark of transnational poets of the black diaspora In its transformation of language and of images that remain open ended in their meanings Don't Let Me Be Lonely fuses poetry dialogue and prose with images from television and other forms of communication media to create a poetic collection that is relentless in its confrontation with the way we make cultural meanings The collection of essays in this book calls attention to an emerging poetic body of Caribbean writing in America that requires naming for it is new

In the Process of Poetry William Watkin, 2001 This is the first major theoretical study of the four main figures of the New York School John Ashbery Frank O'Hara Kenneth Koch and James Schuyler Proposing a reinterpretation of the definition of the avant garde William Watkin describes it as a movement typified by its commitment to art in process over the final art product In a series of in depth and wide reaching readings he then goes on to test this assertion in detailed relation to the poetry of the New York School while also examining how the poets own work further develops and analyses the concept of the avant garde in contemporary culture

BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved The Writer's Digest, 1925 **Poetry of Discovery** Andrew Peter Debicki, 1982 The Civil War scene in Kentucky site of few full scale battles was one of crossroad skirmishes and guerrilla terror of quick incursions against specific targets and equally quick withdrawals Yet Kentucky was crucial to the military strategy of the war For either side a Kentucky held secure against the adversary would have meant easing of supply problems and an immeasurably stronger base of operations The state along with many of its institutions and many of its families was hopelessly divided against itself The fiercest partisans of the South tended to be doubtful about the wisdom of secession and the staunchest Union men questioned the legality of many government measures What this division meant militarily is made clear as Lowell H Harrison traces the movement of troops and the outbreaks of violence What it meant to the social and economic fabric of Kentucky and to its postwar political stance is another theme of this book And not forgotten is the life of the ordinary citizen in the midst of such dissension and uncertainty
