A History of Women's Writing in Russia Adele Marie Barker, Jehanne M. Gheith, 2002-07-11 A History of Women's Writing in Russia offers a comprehensive account of the lives and works of Russia's women writers Based on original and archival research this volume forces a re-examination of many of the traditionally held assumptions about Russian literature and women's role in the tradition In setting about the process of reintegrating women writers into the history of Russian literature contributors have addressed the often surprising contexts within which women's writing has been produced Chapters reveal a flourishing literary tradition where none was thought to exist They redraw the map defining Russia's literary periods they look at how Russia's women writers articulated their own experience and they reassess their relationship to the dominant male tradition The volume is supported by extensive reference features including a bibliography and guide to writers and their works

Voicing the Soviet Experience Katharine Hodgson, 2003-11-06 The career of Olga Berggol'ts offers a case study in the complexities that faced Soviet writers in the Stalin era and demonstrates that the borders between official and unofficial literature were permeable and shifting This study draws on unpublished materials including the poet's notebooks and diaries to show how conflict and ambiguity functioned as a structuring principle in her work The tensions of attempting to reconcile Party loyalty with personal and artistic integrity are revealed in her lyric poetry her treatment of other genres including prose and in the intensively intra-textual nature of her writing Dr Hodgson reassesses the cultural heritage of an era that can seem remote and impenetrable but which is complex and intriguing
