In San Francisco the St James Infirmary SJI and the California Prostitutes Education Project CAL PEP provide free nonjudgmental medical care counseling and other health and social services by and for sex workers a radical political commitment at odds with government policies that criminalize prostitution To maintain and expand these much needed services and to qualify for funding from state federal and local authorities such organizations must comply with federal and state regulations for nonprofits In Sex Work Politics Samantha Majic investigates the way nonprofit organizations negotiate their governmental obligations while maintaining their commitment to outreach and advocacy for sex workers rights as well as broader sociopolitical change Drawing on multimethod qualitative research Majic outlines the strategies that CAL PEP and SJI employ to balance the conflicting demands of service and advocacy which include treating sex work as labor with legitimate occupational health and safety concerns empowering their clients with civic skills to advance their political commitments outside the nonprofit organization and conducting and publishing research and analysis to inform the public and policymakers of their constituents needs Challenging the assumption that activists must sell out and abandon radical politics to manage formal organizations Majic comes to the surprising conclusion that it is indeed possible to maintain effective advocacy and key social movement values beliefs and practices even while partnering with government agencies Sex Work Politics significantly contributes to studies of transformational politics with its nuanced portrait of nonprofits as centers capable of sustaining political and social change **Sex Work and Human Dignity** Stewart

Cunningham,2020-11-02 The notion of human dignity is frequently yet enigmatically invoked in legal and political debates on sex work where many people use it without much elaboration on exactly what they mean by it Sex Work and Human Dignity

Law Politics and Discourse sheds light on this enigma by exploring how dignity based discourses are used by those who write and talk about prostitution and also what role these discourses may play in shaping wider cultural understandings of sex work and sex workers The book draws on political discourse theory and is international in its scope with analysis of legal cases textual sources and empirical data gathered through interviews with activists from several different countries in the Global North and South The book traces how the concept of dignity is used in a range of legal and political discourses on sex work and ultimately asks to what extent dignity based discourses help to advance or hinder sex workers social inclusion This book will appeal to students and researchers interested in sex work and feminism as well as those who study human dignity Its interdisciplinary nature means it will appeal to those working in a range of disciplines including law sociology philosophy and political theory

Fighting the US Youth Sex Trade Carrie N. Baker, 2018-09-27 Campaigns against prostitution of young people in the United States have surged and ebbed multiple times over the last fifty years *Fighting the US Youth Sex Trade* Gender Race and Politics examines how politically and ideologically diverse activists joined together to change perceptions and public policies on youth involvement in the sex trade over time reframing juvenile prostitution of the 1970s as commercial sexual exploitation of children in the 1990s and then as domestic minor sex trafficking in the 2000s Based on organizational archives and interviews with activists Baker shows that these campaigns were fundamentally shaped by the politics of gender race and class and global anti trafficking campaigns The author argues that the very frames that have made these movements so successful in achieving new laws and programs for youth have limited their ability to achieve systematic reforms that could decrease youth vulnerability to involvement in the sex trade

Street Sex Workers' Discourse Jill McCracken, 2013-04-17 Incorporating the voices and insights of street sex workers through personal interviews this monograph argues that the material conditions of many street workers the physical environments they live in and their effects on the workers bodies identities and spirits are represented reproduced and entrenched in the language surrounding their work As an ethnographic case study of a local system that can be extrapolated to other subcultures and the construction of identities this book disrupts some of the more prevalent academic and lay understandings about street prostitution by providing a thorough analysis of the material conditions surrounding street work and their connection to discourse McCracken offers an explanation of how constructions can be made differently in order to achieve representations that are generated by the marginalized populations themselves while placing responsibility for this marginalization on the society in which these people live
