Protecting Children Online? Tijana Milosevic, 2018-02-02 A critical examination of efforts by social media companies including Facebook Twitter Snapchat and Instagram to rein in cyberbullying by young users High profile cyberbullying cases often trigger exaggerated public concern about children s use of social media Large companies like Facebook respond by pointing to their existing anti bullying mechanisms or coordinate with nongovernmental organizations to organize anti cyberbullying efforts Do these attempts at self regulation work In this book Tijana Milosevic examines the effectiveness of efforts by social media companies including Facebook Twitter YouTube Snapchat and Instagram to rein in cyberbullying by young users Milosevic analyzes the anti bullying policies of fourteen major social media companies as recorded in companies corporate documents draws on interviews with company representatives and e safety experts and details the roles of nongovernmental organizations examining their ability to provide critical independent advice She draws attention to lack of transparency in how companies handle bullying cases emphasizing the need for a continuous independent evaluation of effectiveness of companies mechanisms especially from children s perspective Milosevic argues that cyberbullying should be viewed in the context of children s rights and as part of the larger social problem of the culture of humiliation Milosevic looks into five digital bullying cases related to suicides examining the pressures on the social media companies involved the nature of the public discussion and subsequent government regulation that did not necessarily address the problem in a way that benefits children She emphasizes the need not only for protection but also for participation and empowerment for finding a way to protect the vulnerable while ensuring the child s right to participate in digital spaces

Protecting Kids Online , 1999-01-01 **Protecting Children on the Internet** United States. Congress. Senate. Committee on Commerce, Science, and Transportation, 2006 *Regulating Digital Industries* Mark MacCarthy, 2023-11-07 *Regulating Digital Industries* is the first book to address the tech backlash within a coherent policy framework It treats competition privacy and free speech as objectives that must be pursued in a coordinated fashion by a dedicated industry regulator It contains detailed discussions of current policy controversies involving social media companies search engines electronic commerce platforms and mobile apps It argues for new laws and regulations to promote competition privacy and

free speech in tech and outlines the structure and powers of a regulatory agency able to develop implement and enforce digital rules for the twenty first century Deeply informed by the history of regulation and antitrust in the United States it brings to bear insights from the breakup of AT T and the Microsoft case and from broadcasting and financial services regulation to enrich the discussion of remedies to the failure of tech competition the massive invasion of privacy by digital firms and the information disorder perpetuated by social media platforms It offers a comprehensive summary of regulatory reform efforts in the United States and abroad and shows how accomplishing the goals of these reform efforts requires the establishment of a single digital agency with jurisdiction to reconcile and balance the complementary and conflicting goals of promoting competition protecting privacy and preserving free speech in digital industries It discusses in detail how a digital regulatory agency would be structured and the powers it would need to have It confronts head on some of the challenges in establishing a strong digital regulator including the First Amendment roadblock that limits government authority over digital speech and the judicial opposition to the expansion of the administrative state It is essential reading for policymakers public interest advocates industry representatives academic researchers and the general public interested in a coherent policy approach to today s tech industry discontents *S. 2326, Children's Online Privacy Protection Act of 1998* United States. Protecting Children in the Digital Era Eva Lievens, 2010-07-26

From the mid 1990s onwards concerns regarding the exposure of children to harmful content in the increasingly digital media environment intensified. Soon thereafter policy makers across Europe realised that alternative regulatory instruments such as self and co regulation might be more appropriate than traditional legislation to address this matter of public interest. Taking the complex and delicate nature of protecting minors into account this book provides an in depth legal analysis of the alternative regulatory instruments that can be used to regulate content in the digital era with particular attention to the protection of fundamental rights such as freedom of expression privacy and procedural guarantees internal market regulation competition rules and implementation requirements

Youth, Pornography, and the Internet National Research Council, Computer Science and Telecommunications Board, Committee to Study Tools and Strategies for Protecting Kids from Pornography and Their Applicability to Other Inappropriate Internet Content, 2002-07-31

The Internet has changed the way we access the world. This is especially true for kids who soak up new technologies like eager little sponges. They have access to an enormous array of material including educational links sports info chat rooms and unfortunately pornography. But we must approach our need to protect children with care to avoid placing unnecessary restrictions on the many positive features of the Internet.

Youth Pornography and the Internet examines approaches to protecting children and teens from Internet pornography threats from sexual predators operating on line and other inappropriate material on the Internet. The National Research Council's Computer Science and Telecommunications Board explores a number of fundamental questions: Who defines what is inappropriate material? Do we control Internet access by a 17 year old in the same manner as for a 7 year old? What is the role of technology and policy in solving such a problem in the context of family community and society? The book discusses social and educational strategies technological tools and policy options for how to teach children to make safe and appropriate decisions about what they see and experience on the Internet. It includes lessons learned from case studies of community efforts to intervene in kids exposure to Internet porn. Providing a
